Tami Wanninger named new Executive Director of Prevail

Bipartisan bill offers better answer to prevent unwanted pregnancies

The REPORTER

Prevail, Inc., a nonprofit organization dedicated to advocating for victims of crime and abuse, has announced the appointment of Tami Wanninger as its new Executive Director.

“Tami’s dedication to serving others is evident in her entire career history, which has been focused on non-profit leadership,” Board President Debbie Johnson said. “Tami’s dedication to giving back ex-

tends beyond her professional work, as she has generously given her time and expertise to numerous boards, committees, and volunteering efforts in the community. With her deep roots and strong relationships in Hamilton County, we are confident that Tami is the right leader to guide Prevail into the future.”

Wanninger

Wanninger is a 25-year Hamilton County resident and has spent the last 29 years at Noble, Inc. Throughout her tenure at Noble, Wanninger consistently demonstrated a deep commitment to the company’s mission and values, excelling in her roles over the years. Most recently, she held the role of Assistant Vice President of Quality, Customer Service, and Regulatory Compliance.

Wanninger demonstrated her expertise in program leadership by managing high-budget initiatives. She also excelled at strategically fundraising to support the organization’s mission and spearheaded compliance efforts with federal grants. Wanninger’s contributions were instrumental

Now more than ever, it is imperative to prevent unwanted, unintended pregnancies. Considering Indiana’s new abortion statute, women should have increased access to birth control measures. Preventing an unwanted pregnancy is far more desirable than addressing the pregnancy after it occurs.

Indiana **HB 1568** would allow pharmacists to prescribe self-administered hormonal birth control to women 18 years and older in the form of pills, rings, and patches. The bill contains many safeguards including required training of participating pharmacists and a patient screening protocol and other rulemaking developed in conjunction with the state health commissioner, medical expert consultation, and the Indiana Pharmacy and Medical Licensing Boards.

Pharmacist participation is voluntary, and they cannot be forced to prescribe based on moral, ethical, or religious objections. The medication must not be an abortifacient; pharmacists who prescribe for the purposes of abortion would face felony charges.

Additionally, the bipartisan bill’s authors Reps. Rowray, Negele, Vermilion, and Fleming, recognized the importance of the involvement of the patient’s physician or other provider to assure continuity and quality medical care. The bill includes requirements that the patient be referred to her provider when the hormonal birth control is prescribed, that a written record of the product be given to the patient with the advice to consult with her provider, that the pharmacist’s prescription is limited to six months, and that the patient must see her provider within 12 months of the original prescription.

I anticipate that additional safeguards will be added in the rulemaking process.

HB 1568 easily passed in the House. But in the Senate, it entered rough waters. In the Senate Health Committee, although most

ANSWER

committee members seemed supportive, the bill faced stiff opposition from two influential Republican lawmakers and a litany of opposing testifiers. The legislation eventually passed with Committee Chairman Charbonneau not accepting any proposed amendments. HB 1568 was then recommitteed to the Appropriations Committee where it also faced continued criticism but also earned committee passage. To my surprise, the bill passed in the full Senate unamended. At the time of this writing, the bill is on its way to the Governor for signature.

Opposition was based on refuting the fact that there is a physician (or other women's health provider) shortage, and that pharmacist participation will not actually increase access. Opposition also contended that self-administered hormonal contraception is not very effective in preventing unplanned pregnancy and doesn't necessarily impact infant and maternal mortality or abortion rates. Those objecting further asserted that hormonal birth control is extremely dangerous, and that this prescribing is best left to physicians. Their objections are unfounded.

In reality? Indiana has one of highest maternal (third highest) and infant mortality (ninth highest) rates in the country. It has been clearly demonstrated in the public health literature that unplanned/unintended pregnancies are related to increased maternal and infant mortality. When easily available, self-administered hormonal contraception significantly prevents unintended pregnancy. One-third of Indiana counties are federally designated as physician shortage areas and that "maternity deserts" are widespread. The high prevalence of pharmacies in underserved areas will increase access.

I do not generally support pharmacists providing medical services unless the rationale for doing so is compelling. Providing immunizations and smoking cessation medications are two previous successful examples.

Pharmacists prescribing birth control has been demonstrated in 24 states as very safe when the legislation is thoughtfully written and contains the types of safeguards contained in this bill.

Richard D. Feldman, M.D. is an Indianapolis family physician and former Indiana State Health Commissioner who served in the administration of Governor Frank O'Bannon.

I was born and raised right here in Noblesville. I grew up in a home without domestic violence or assault - it wasn't something I saw, or even heard about. But when I was introduced to Prevail of Central Indiana, I was shocked by the number of individuals who are affected by domestic violence. In 2018 alone, Prevail helped more than 4,000 clients in Hamilton County (nearly 80 percent of clients are women and children). Domestic violence and abuse are hard topics to discuss, so you don't often hear about them. But at Tom Wood Volkswagen in Noblesville, we're breaking the taboo and raising awareness for Prevail, an organization that helps families in Hamilton County.

Rocky Challenges Noblesville City Council

As of this writing, each of our nine city council members is paid \$15,881 annually. Over the next four years, that equates to \$571,680 in taxpayers' money.

My challenge to the Noblesville City Council Candidates is to join me in an Act of Love & philanthropy by donating their Council salary to area non-profit organizations. I will be donating my Council salary, regardless of whether my challenge is accepted.

In participation of this challenge, the first order of newly elected officers would be to annually vote for which Noblesville Not-for-profits would receive funds. Going forward, I hope that other communities will follow our lead.

When the Community speaks, Rocky listens!

While on the Campaign Trail, some Noblesville residents have voiced their concerns about:

- Budget Management and Conservative Spending, Taxes and Re-evaluating Properties
- Strong Public Safety, City Services, and Improving Quality of Life
- Downtown's Preservation and New Apartments
- Trash & Car Excise Tax revisited
- Mental Health and Addiction
- Transparency with Accountability
- Balanced and Managed Growth
- Educating the public on current City affairs
- Neighboring Cities Growth and Collaboration
- Employment , Attracting appropriate business
- Traffic, Ease of Access, Parking, Roads and Roundabouts
- Addressing food insecurity, Promoting community involvement through volunteerism

Rocky's Promise: To take all concerns into consideration when voting on any projects presented before the council.

From humble beginnings – a journey

By **ROCKY SHANEHSAZ**

My story is one of hope & faith, an abundance of gratitude, forgiveness – and above all, honesty.

Since emigrating from Iran in 1977 at the age of 16 with little resources of my own, I've enjoyed turning challenges into opportunities. Today I am a businessman, entrepreneur and philanthropist who never gets tired of giving back to my community. As a candidate for District 5 on Noblesville's City Council, I hope to be able to achieve better than I've been able to previously.

Initially landing in Bowling Green, Kentucky, I graduated with honors from Bowling Green High, then entered Western Kentucky University to complete my undergraduate work. After earning a multi-major degree in chemistry, animal science agriculture, and computer network engineering, I attended Medical School in the Dominican Republic. Upon graduating I returned to the States as a citizen, moving to Indiana in 1985. While my wife attended law school, I was busy building my first business as a computer consultant.

In 1990, I was a happily married 29-year-old with a two-year-old son. My wife and I had moved to Noblesville so that she could join the law firm of Church, Church, Hittle & Antrim, as an attorney. I formed two thriving companies upon our arrival. With both my construction company and my computer consulting firm's success – along with my wife joining a reputable firm, we thought that we had it made. And we did, that is until my wife's glioblastoma cancer diagnosis only six months after moving to Noblesville. It was during this time that I found Christ. Two weeks post-diagnosis, she underwent brain surgery and was subsequently placed in a coma for an extended period.

Our amazing community rallied around us even though we were newcomers. For over eight months, our wonderful neighbors helped to keep lunch and dinner on the table, daily. They were able to lend an ear or a hand whenever we needed one. Everyone suffers from a low point in their lives. Mine was during this period. Through paying for her treatments, we were quickly losing everything that we had built through our hard work and fortitude. Looking back, I can still distinctly remember the night that she was placed in a coma.

It was that very night that I made an oath to Christ. I promised to dedicate my life to paying it forward if he would just deliver me from my internal pain and angst. Almost immediately, I began to feel a sense of relief. Despite all our efforts, my wife passed away 16 months after her diagnosis. Our son, Abraham, was now four years old.

Building From the Rubble

The Fall of 1992, I became employed with a local accounting firm, working 80 to 90 hours a week. Having all our savings swallowed up by medical bills, I was doing everything that I could to ensure that the financial woes that I was experiencing would never happen to me – or my family – again. With the help of an amazing person, Terri Zeigler, I was able to work as much as I could and help build us back up to where we needed to be. Terri, also being a believer in Christ, helped me learn how to walk closer with Him.

For the next three years, I could rely on Terri to help me in caring for and raising my son. Throughout the next few years, Abe and Terri formed an unbreakable bond. This led to love blossoming between Terri and I. We were married in 1996 and would spend the next eight years fervently attempting to expand our family. When all routes had been exhausted, we were overjoyed to adopt our newborn daughter, Ava, welcoming her home in June 2004. Terri has been my rock and I am forever grateful for her support, patience, love, and her understanding.

Up until the early 2000s, my main goal had always been to manage my resources wisely, ensuring my family's future. With four thriving companies now under my belt, I was ready to act on new opportunities. I have a love of architecture, history, and its preservation. In 1996, I participated in the renovation and preservation of Downtown Noblesville's Joseph Block Building – which now houses Matteo's Ristorante. Being involved in this project let me build on my love of historic buildings, but I was now hungry for more.

In 2001, I purchased the Model Mill building. I envisioned transforming this historic, yet neglected, space into a building the community could use and thrive on. After a three-year renovation project that included refinishing floors, replacing windows, carving out new spaces, adding modern fixtures, and so much more, I was able to quickly fill the space with tenants. Peterson Architecture was the building's architect and first tenant.

Keeping My Promises

I was ready and able to start paying it forward on a larger scale than I had been able to previously. Now a thriving business owner, I wanted to do more in the community that my family and I loved so much. In 2005, through a partnership with Noblesville City Hall, I acquired three historic homes. I concentrated on having them relocated and preserving their histories. The 2005 'Parade of Homes' was a memorable day for many Noblesville Residents. By the end of the event, the buildings were on their new lots, paving the way for building the new City Hall. During this process, I became more engaged with the public, and enjoyed getting to know them better. As the community and I grew to know and respect each other, I began to celebrate their successes, while also helping them identify their needs.

Early 2006, I helped form the SW Quad Neighborhood Association – promoting homeownership, as well as providing beautification opportunities, community events and neighborly camaraderie to those living in the SW Quad. We started neighborhood cleanup initiatives, along with beginning our annual SWQ Proud Heritage Picnic tradition. One of the historic homes from the 2005 move is now located on the corner of 8th & Walnut Streets. Not only was I, and still am, heavily involved with the residents that make up the Quad, I enjoy knowing that I've helped provide food for area residents in need, through my sponsorship of the Community Garden located there.

Learning to Adapt

The stock market crash of 2008 affected several of my companies, my business tenants and my plans – greatly. As tenants moved from the newly renovated Model Mill building, I was eager to find a more fulfilling purpose for the space. The idea of a breathtaking wedding venue came to mind one evening, while I was closing the building for the day. I commissioned a brilliant artist to put down onto paper my vision for lofty, industrial ballroom spaces with chic bridal suites – even adopting a version of the original "Mill Top" name to keep the rich history alive. In 2010, the Mill Top Banquet & Conference Center opened for business.

In 2013, I felt that I needed to do more for my community. God was calling me to make an even bigger impact. It was then that I decided to start giving others second chances. I began accepting applications from and interviewing those who had been offenders. They were model employees, who were eager to do a great job and were humbled to be employed when all others had turned them away. I've always believed that "Your past is your past. Learn from it, then leave it where it belongs ... in your past." I feel good, knowing that I have been able to change the lives of several of my employees. Sometimes, they just need someone to believe in them, so that they can really shine as a person.

Continued Efforts

Still feeling the rush of having a memorable impact on others, in 2014 I was searching for the one project that could create the biggest community impact. Having a close relationship with the three churches that I had helped plant, I wanted to help establish a faith-based ministry, concentrating on mental health and addiction. For years, I have watched good people fall into the grips of bad choices, poor mental health and sadly, also

substance abuse and dependence. I wanted more for my neighbors. I felt that this issue needed some attention. This is when Hope & Recovery Centers, Inc was conceptualized. The plan was to create a faith-based ministry, serving those with addiction. I spent the following years networking with other service providers, observing the processes, analyzing the risks, and learning all that I could about how I could help address this need.

Through obtaining this knowledge, I worked with leaders in the field to create a program that addressed the needs of possible recovery center residents, helping to tackle their issues at the source. This faith-based program was broken down into several steps, being carried out over a two-year period. In the Spring of 2016, I purchased a church property at 2140 Greenfield Avenue. In doing so, I funded and managed an existing children's ministry located in that church. The building was leased to Legacy Church, who occupied it for the next five years. When their lease ended in 2021, the church relocated, and I was ready to carry out my next 'Act of Love' for Noblesville. It was then that I began the process of meeting with city leaders, formalizing my plans, and filing the proper permits for the Recovery Center.

Miller Care Group, a local provider specializing in innovative mental health care, jumped on board, along with Step Up Staffing. Step Up is not quick to turn offenders away, letting their employees' work ethic speak for itself. Step Up, like I, had also learned that sometimes good people make bad choices, and just needed someone to give them a second chance. I feel that our plans for a facility and the resulting positive impact have so much to offer. After careful studies, I have placed the building on Greenfield Avenue up for sale to raise funds and am currently looking in Marion County for a facility to purchase. Although the facility would not be in Noblesville, the effect will be felt in surrounding areas. I feel compelled to keep reaching out to the community – in any capacity.

With brilliant arrangements, flawless musicianship and superlative vocals, Evil Woman: The American ELO is widely recognized as the world’s premier tribute to the Electric Light Orchestra. Picking up where the Beatles left off in 1970, the U.K.-based ELO expanded the concept of great melo-

dies, epic song structures and grand orchestrations in which cellos coexisted with guitars, and classically tinged progressive rock intersected with hook-filled, radio-friendly pop songs.

ELO was one of the biggest groups of the 1970s, with hits including “Telephone Line,” “Mr. Blue Sky,” “Xanadu,” “Evil Woman,” “Livin’ Thing” and “Don’t Bring Me Down.”

200 years of fun in one weekend

Atlanta had an amazing time celebrating the Hamilton County Bicentennial last weekend. The town has a lot of rich history and takes pride in its tightly knit community. The event was a great opportunity to celebrate the events of the past while looking forward to the future. The town thanks everyone who came out on Saturday and Sunday – YOU are the reason that the event came to life! (Photo provided by Jennifer Farley / Town of Atlanta)

Photos provided by Jennifer Farley / Town of Atlanta

The Nickel Plate Express (NPX) came to town with the Duke Energy Caboose from 1 to 3 p.m. Saturday giving \$5 rides. An anonymous member of the community approached NPX Executive Director Emily Reynolds when they rolled into town, handed her \$100 and told her the first 20 kids would ride for free. After that, Reynolds told The Reporter she felt like she was driving the ice cream truck as kids were running home to get \$5 each and running back to ride the rails. Atlanta officials called it an experience of a lifetime for a fraction of the cost thanks to NPX and Duke Energy.

Did we mention the parade? Oh yes, there was a classic small-town American parade!

Public health worker shortage affecting Indiana

Honor our fallen workers by doing your part to protect others

By ADAM PINSKER
WISH-TV | [wishtv.com](#)

There is a major void of skilled public health care workers. A survey by [governing.com](#) says nearly half of state and local health care workers left their position between 2017 and 2021. Seventy-four percent of workers under the age of 35 left the public health sector during that same time

period. “Unfortunately, the jobs are not high-paying,” said Shandy Dearth, Director of the Center for Public Health Practice. “Sometimes they require a public health degree, sometimes they don’t, and we are just running into an issue of trying to recruit people into those jobs.” She adds that public health workers are finding higher paying jobs in the

private sector. Health departments are often given an infusion of federal dollars after a public health crisis such as COVID-19, but those dollars eventually dry up. The Center for Disease Control and Prevention is awarding grants to help local health departments build up infrastructure, but that only benefits larger departments. “Our other health departments are missing out on that funding,” Dearth said. “The state does have a plan to try and help some of the local health departments.” For several years, Indiana has ranked far below other states in per-capita funding for public health. Public health workers are the ones who inspect gro-

cery stores and restaurants. They also test air and water quality after an environmental disaster. “Summer is coming up soon,” Dearth said. “We have those back-to-school clinics happening with local health departments to make sure the kids are fully vaccinated, measles, mumps, and rubella. Not just COVID. Health departments do lots of things outside COVID.” Dearth is hoping the legislature will pass [Senate Bill 4](#), which, among other things, allows local health departments to enter into contracts or approve grants for core health services. She also says student loan forgiveness for health workers entering the workforce may help them stay in the profession longer.

In 2021, **5,190 workers died on the job** in the U.S.*, including 157 in Indiana. Each day, 14 people suffer work-related deaths.

These numbers remind us of the dangers many workers face. Behind these numbers, there are people who mourn each loss. For them, these statistics are loved ones: they’re parents, children, siblings, relatives, friends, or co-workers. Of these fallen Hoosiers, 134 were men and 23 were women. Four were new to careers at 18 or 19 years old, while 25 were close to retirement at 65 years of age or older.

For those left behind, the day their loved one was lost becomes a sad remembrance. Graduations, birthdays, anniversaries, and other special times are forever tainted.

To pay tribute to those whose jobs claimed their lives, April 28 is Workers Memorial Day. An opportunity for us to pause and join those families, friends, and co-workers to recall those who suffered work-related injuries and illnesses. The remembrance also recognizes the grief that their survivors face in the days, months, and years after.

Workers Memorial Day also reminds us that more must be done to prevent workplace deaths and injuries. For those of us at the U.S. Department of Labor and, specifically, its Occupational Safety and Health Ad-

ministration, this annual commemoration reinforces our commitment to developing and enforcing standards and initiatives to safeguard workers and guide employers as they work to provide safe workplaces.

Remember, we all have a role to play in making sure our nation’s workplaces do not endanger our safety and health. If you see people exposed to workplace dangers, don’t ignore your concerns. Alert the employer or contact your local OSHA office or law enforcement agency. Demand that the stores you frequent, the companies that get your business, and those you hire don’t endanger the people they employ. If they won’t, take your business to those who respect their workers’ rights to a safe and healthy workplace, and who don’t put profit ahead of the lives of the people who help them earn it.

On Workers Memorial Day 2023, let’s remember those who didn’t return home after work and commit ourselves to making sure that no one is forced to trade their life for a paycheck.

As Carmel’s mayor, Glynn pledges to increase patrols & keep residents safe

Fred Glynn, candidate for Carmel mayor, says he is committed to keeping Carmel residents safe and secure in their city.

Glynn says he is aware that the neighboring city of Indianapolis is struggling with violent crime, and residents are concerned about that crime spilling into Carmel. As a result, he has made public safety a top priority in his campaign for mayor.

“The situation in Indianapolis regarding crime and public safety continues to get progressively worse because city leadership won’t take it seriously,” Glynn said. “The shooting incident on 96th street Thursday night is just another example of why we need to increase patrols in Carmel to stop the crime that keeps spilling over into our community from our Indianapolis neighbor. When I’m Carmel mayor, I will not wait for their action to keep our city safe from Indianapolis crime. I will immediately move to increase patrols and do whatever is necessary to keep our residents and community safe from the crime that inevitably spills over from Indianapolis.”

Glynn says he believes his close relationship with local law enforcement will enable him to effectively implement his public safety plans. He has pledged to

Glynn

work closely with the Carmel Police Department to increase patrols, provide additional resources, and ensure that Carmel is well-equipped to handle any crime that may come its way.

“I am committed to ensuring that Carmel residents feel safe and secure in their city,” Glynn said. “As mayor, I will

be a friend of the local law enforcement and work tirelessly to keep our community safe.”

Glynn says that with his public safety plans, Carmel residents can rest assured that their safety will be a top priority under his leadership, and that his commitment to increasing patrols and working closely with law enforcement will ensure that Carmel remains a safe and welcoming community.

Foster youth often face numerous challenges that can impact their development and future. Every child deserves a safe, loving home, and this session I'm working on several bills to support and create more opportunities for Hoosier foster children.

Keeping siblings together in foster care can put them in the best position to overcome emotional trauma and succeed at school and in life. I often hear about the challenges and results of siblings being separated when placed into foster care. According to **Casey Family Programs**, between 65 to 85 percent of children in foster care have a sibling in care, yet an estimated 53 to 80 percent of children with siblings are

GUEST COLUMNIST

DONNA SCHAIBLEY
State Representative

separated from one or more of their siblings while in care.

I authored a **new law** this year to help keep more sibling groups together by requiring a court to consider whether the child will be separated from a sibling, and whether that separation is in the child's best interest. Ensuring that these relationships are taken into consideration will help prioritize the well-being, safety, and mental health of these children.

Foster youth also often face challenges when it comes to obtaining a driver's license and car insurance, which can create more independence and opportunities as they transition to adulthood. According to the Indiana-based nonprofit **Foster Success**, children in

foster care often pay over 40 percent more than their peers for auto insurance because they don't have an adult to add them to an existing plan. I co-sponsored **legislation** last year to establish the Insuring Foster Youth Trust Fund, which helps these young Hoosiers cover costs associated with getting a driver's license. This fund uses public and private dollars to offset the cost of car insurance and supervised driving hours.

To build on our existing efforts, I sponsored **legislation** this session to boost funding by expanding the foster care support tax credit to include anyone who contributes to the Insuring Foster Youth Trust Fund. The legislation would also give foster families free access to state parks. This is an important step to ensure the program is funded so these foster youth have access to car insurance and

have the tools and support to be successful now and into the future.

Helping foster families and improving the foster care system is rewarding and fulfilling. I appreciate the invaluable work of Indiana's foster parents and the providers who serve the most vulnerable among us. Please reach out to me if you would like to provide feedback on this legislation or have ideas on how Indiana can better serve those in need at h24@iga.in.gov or by calling (317) 232-9833.

If you're considering becoming a foster parent or would like to volunteer to help locally, I hope you consider contacting **The Villages** or the **Cooper House**, which serve foster youth and families.

“Arthritis is the No. 1 cause of disability in the United States, affecting nearly 60 million Americans, including 300,000 children,” said Sandra Messner, Executive Director of the Indiana Arthritis Foundation office. “Together, we can make a

difference for these arthritis warriors. For over seven decades, the Arthritis Foundation has been committed to conquering this disease through life-changing research and resources. We couldn’t make the progress that we do if it weren’t for community members coming together to support and raise money for this important cause.”

A different look at family foundations in *True West*

By ADAM CROWE
A Seat on the Aisle

It is likely that most Americans who recognize the name Sam Shepard probably do so as a result of his work as an actor. He lent able support in movies like *Frances*, *Crimes of the Heart*, and *Steel Magnolias*, and was Oscar nominated for playing Chuck Yeager in *The Right Stuff*. But before his movie career, Shepard was best known as a daring New York playwright. Starting in the 1960s, Shepard turned out a slew of edgy plays that included the Pulitzer Prize winning *Buried Child* in 1978. In 1980, Shepard wrote what would become one of his most produced plays, *True West*. Carmel Community Players, under the direction of Eric Bryant, has brought this American classic to the Ivy Tech Auditorium stage in Noblesville. Set amidst the rivalry between two brothers, *True West* examines tensions – between

fathers and sons, between siblings, and between artists and commerce. With the California desert as a backdrop, the play sets artist Austin and his drifter brother Lee on a collision course, to the tune of crickets and coyotes. Shepard creates a savage and darkly humorous version of the Cain and Abel story. The brothers themselves are writer brother Austin, played neurotically by Robert Webster Jr., and his wandering brother Lee, played to surly perfection by Matthew Walls. Additionally, Saul, a Hollywood producer, is played by Gary Curto, and the boys’ mother is played by Missy Rump. Neither of these two characters is given a lot to do, though Saul’s involvement acts as a catalyst in determining the brothers’ story and their reversals. Technically, the scenic design by Ian Marshall-Fisher gives us a wonderful arena for the story, though perhaps almost too expansive for moments that needed to feel more claustrophobic.

Eric Bowman’s props and Eric Matters’ lighting are on point. Lori Raffle’s sound was fine, but I felt there were times when it could have done even more to propel the story. Eric Bryant’s direction felt mostly solid, though the physical interactions of the brothers seemed more subdued than I expected. **Bottom line:** a great playwright’s examination of what Americans value and how the family does or does not provide us solid foundations. While not as incendiary as it may have felt 42 years ago, *True West* is worth a look, and you have only Thursday through Sunday to take a peek. Carmel Community Players’ production of Sam Shepard’s *True West* runs through April 30 at the Ivy Tech Auditorium in Noblesville, located at 300 N. 17th St. Tickets and further information can be found at carmelplayers.org or by calling (317) 815-9387. Be alert for post-disaster fraud

The REPORTER

After disasters, con-artists and criminals may try to get money or steal personal information through fraud or identity theft. In some cases, thieves try to apply for FEMA assistance using names, addresses and Social Security numbers they have stolen from survivors. Indiana residents recovering from the March 31 and April 1 severe storms and tornadoes need to pay attention for these risks and protect themselves.

Fraudulent applications

If a FEMA inspector comes to your home and you did not submit a FEMA application, your information may have been used without your knowledge to create a FEMA application. If this happens, inform the inspector that you did not apply for FEMA assistance, so they can submit a request to stop further processing of

the application.

If you did not apply for assistance but receive a letter from FEMA, please call the FEMA Helpline at 800-621-3362. The Helpline will submit a request to stop any further processing of that application.

If you wish to apply for FEMA assistance after stopping an application made in your name without your knowledge, the FEMA Helpline will assist you in creating a new application.

Other disaster-related scams

FEMA Disaster Survivor Assistance teams, housing inspectors and other officials will be working in areas impacted by the March 31 and April 1 severe storms and tornadoes. They have official identification badges with photo IDs. FEMA and U.S. Small Business Administration representatives never charge applicants for disaster assistance, inspections, or

help in filling out applications.

Don't believe anyone who promises a disaster grant in return for payment.

Be careful of unexpected phone calls or visits to your home from people claiming to be FEMA housing inspectors or people claiming they work for FEMA. FEMA inspectors will have your FEMA application number.

Don't give your banking information to a person claiming to be a FEMA housing inspector. FEMA inspectors are never authorized to collect your personal financial information.

Take action

If you believe you are the victim of a scam, report it immediately to your local police or sheriff's department. Consumers may also report charity or disaster scams to the Consumer Protection Division of the Office of Indiana Attorney General online at indiana-consumer.com.

Ford’s Garage, where diners fuel up on handcraft-ed burgers and beer while savoring automotive nostalgia, is serving the electrifying action of The Kentucky Derby as an official watch location for the storied event. The restaurant brand invites racing fans and friends to taste 10 days of excitement April 27 to May 6 with a full program of race coverage, commemorative merchandise, special giveaways, and themed menu items at all 22 locations – including in Noblesville at 13193 Levinson Lane #100 in the Hamilton Town Center.

The Kentucky Derby themed events are engineered in a collaborative partnership between Ford’s Garage, Ford Motor Company, Churchill Downs Racetrack and The Kentucky Derby. Each location is mixing up custom cocktails including the Mint Julep, featuring Old Forester bourbon, and the Woodford Reserve Spire, with Woodford Reserve bourbon. Complimentary keepsake glasses will be available in limited quantities for Ford’s Garage MotorClub members and for purchase at participating locations.

The Kentucky Derby Day events culminate on May 6 for the 149th Kentucky Derby, where the world’s top Thoroughbreds compete for the first leg in horseracing’s Triple Crown.

A branded Ford vehicle will be on display at select Ford’s Garage locations, in keeping with the restaurant brand’s service station theme. Ford’s Garage locations are filled with memorabilia from Ford Motor Company, which has grant-

It’s an honor to be celebrating both together.”

Casey Ramage, VP of Brand and Partnerships at Churchill Downs Racetrack, said, “We are thrilled to welcome Ford’s Garage into our official partnership with Ford Motor Company and cannot wait to share these curated experiences with the world. TODAY'S BIBLE READING

Then a mighty angel picked up a boulder the size of a large millstone and threw it into the sea, and said:

"With such violence the great city of Babylon will be thrown down, never to be found again.

The music of harpists and musicians, pipers and trumpeters, will never be heard in you again.

No worker of any trade will ever be found in you again.

The sound of a millstone will never be heard in you again.

The light of a lamp will never shine in you again.

The voice of bridegroom and bride will never be heard in you again.

Your merchants were the world's important people. By your magic spell all the nations were led astray.

In her was found the blood of prophets and of God's holy people, of all who have been slaughtered on the earth."

FISHERS – One big hit and one big defensive play added up to a nice win for the Fishers softball team.

The Tigers hosted Hamilton Southeastern Tuesday in the Mudsock game. Fishers scored a run in the fourth inning, and that was all the Tigers needed for a 1-0 victory over the Royals.

Hailey Trueblood got on base with a one-out single, then stole second base. Brooke Johnson batted in Trueblood with a left field hit, and Fishers was on top.

“For a long time, I was just wondering if anybody was going to be able to get somebody to second base,” said Tigers coach Daren James. Both teams only had one hit going into the bottom of the fourth inning.

“It was big getting that steal, getting (Trueblood) into scoring position,” said James. “Then Brooke had a great at-bat to get that run home.”

Fishers finished with five hits for the game. Trueblood and Johnson both totaled two hits, with Sophie Schoch getting one.

Meanwhile, Tigers pitcher Kate Murray threw an excellent game. She only allowed two hits and three walks, while striking out eight.

“She’s on fire right now,” said James. “She’s dialed in. She’s hitting her spots.”

Southeastern caused some nervous moments in the top of the sixth inning. Addy Justice got on base with a center field

base hit, then stole second. Moments later, Payton Fox drew a walk. But Murray induced a pop out for one out, then Azstryd Alexander initiated a double play, stepping on the third base bag before throwing to Taylor Duplessis for the third out.

“Those plays really save games, especially not know-

ing who’s up next or what they could do,” said Alexander. “So those plays and knowing those situations really help you.”

Fox had the other base hit for the Royals. Grace Swedarsky pitched a great game as well, with 14 strikeouts and no walks.

Lisa Pryor named University girls basketball coach

Submitted

University High School has named Lisa Pryor head coach of the girls basketball program, beginning with the 2023-24 school year. Pryor replaces Justin Blanding, who was named head coach of the boys basketball program last month.

Coach Pryor is no stranger to the Trailblazers. She served as an assistant under Coach Blanding for two years, during the 2018 and 2019 girls basketball seasons when the Trailblazers advanced to regionals and semi-state, respectively. She is eager to return to coaching at University High School. She currently works for Indy Equity Collaborative, though she also taught and coached for 18 years at The Orchard School. In addition to University, Coach Pryor has also coached girls basketball at Brebeuf Jesuit Preparatory School and Pike High School. And she played Division I basketball at Butler University.

In the message he sent to girls basketball families, Coach Blanding described what he has worked to instill in his players in the nine years he served as head coach: “To get what you want, you have to work for it, and nobody is going to give you anything. That has been the standard of our program, and I am positive it will remain that way with our next coach.”

Coach Pryor says she is eager to build on this foundation. “I am excited to be that next coach, and my first priority is to continue expanding upon the amazing foundation that has been laid for this program,” she said. “I know how much love and dedication built this program, and I am determined to stay the course.”

As the team begins planning and looking toward the 2023-24 season, Coach Pryor’s focus will be on building relationships with her athletes and families, working hard as a team, and sharing her love for and knowledge of basketball.

“I believe that developing strong relationships is a key to a successful program,” she said. “I look forward to meeting and learning more about our current players and their families and how we can be of service to one another in order to create a championship-level culture and mindset.”

“My philosophy is centered around being of service, respect, relationships, and putting in the work to achieve your goals,” she added. “I know this is a great combination to serve as an extension of University’s mission. My goal will be to expand the hearts and minds of student-athletes through basketball.”

Heights Basketball Summer Camp taking place in May

The REPORTER

Hamilton Heights boys basketball coach Chad Ballenger is hosting his annual Summer Camp in May.

The camp is for boys who will be finishing grades kindergarten through 3 this school year. Boys finishing grades K-1 will have their camp May 8, 9, 11 and 12, with boys finishing grades 2-3 will have camp on May 15, 16, 18 and 19.

Both sessions of the camp begin after school and run until 5 p.m. at the Hamilton Heights Elementary Gym. The cost is \$35, with a family discount of \$5 for

each additional child. If any boy cannot afford to pay the camp fee at this time, call Ballenger at (765) 438-2016.

"The basic requirement in developing a strong basketball program is to instill in all our boys a desire to improve themselves so that some day they can become part of the Husky Basketball team," said Ballenger. "This can be best accomplished by developing the proper fundamentals and pride in themselves and their school at an early age."

For more information, contact Ballenger at cballenger@hhschuskies.org.

No. 3 Millers win all-county game over Huskies

The REPORTER

On Monday night at Dunker Field, Noblesville hosted Hamilton Heights in an all-county baseball game. It took a few innings for each teams' bats to get going.

The Millers were the first to unleash its bats, but once they did, there was no stopping them on their way to an 8-4 home win.

After starter John Irion held Noblesville to eight fly

ball outs in his three frames, allowing no hits and just two walks, the Millers were able to get to reliever Kaleb Murray in the fourth.

Bryce Riggs led off the home half of the fourth with a walk. Jack Shade then laced a line drive that ricocheted off of the first base bag, allowing Riggs to move from first to third.

Heights managed two hits and another two reached by fielder's choice.

Murray would be forced out at home and Adam Hughes grounded out to first to leave the bases loaded.

Aiden Ramsey singled in the infield to score Riggs for the first run and a 1-0 lead. Next, Jacob Edwards launched a 1-1 pitch over the left field fence for a three-run home run to extend the Miller lead to 4-0.

Senior southpaw Tommy Talarico's comfort level on the mound increased as the game moved along. In just his second varsity appearance, Talarico struck out seven Huskies in six innings, allowing just four hits.

Noblesville tacked on another on an Aiden Ramsey single that was drilled up the middle, scoring Nolan Decker for a 5-0 count.

Dean Mason and Phoenix Vondersaar led off reaching by error for two runners aboard in the top of the sixth for the Huskies.

Talarico tallied two more strikeouts to his credit before Kyle Michael doubled down the left field and Vondersaar, cutting this Miller lead to 5-2.

The Millers added a cou-

ple of insurance runs in the bottom of the sixth.

Freshman Dillon Pitts started off his relief work in a hole. Josh Peek singled to left center. Conner Seago entered to pinch run for Peek. Tyler Utterback and Trevor Corbett had consecutive walks to load the bases.

Seago and Utterback each scored on wild pitches, pushing the lead to 7-2. Aiden Reynolds doubled to score pinch runner Logan Shoffner with ease to make it 8-2.

Senior Max Prohm started off the seventh out of the bullpen, but after three straight walks, he was relieved by Trevor Corbett.

The Huskies mustered two runs in the top of the seventh, but Corbett halted their comeback bid, striking out Alex Rickey for the final out to seal it.

Hamilton Heights (7-6) ended its four-game winning streak on Monday. Then, they lost their second in a row on Tuesday at Northwestern, 6-5.

Noblesville (12-3) won its fourth in a row and hosts Westfield (8-5) on Thursday in the first game of their HCC series.

Millers outlast 'Rocks for gritty HCC road win in 14 innings

The REPORTER

The Noblesville Millers and Westfield Shamrocks had no idea what kind of softball game they would be in for on Tuesday night in Westfield.

The two HCC rivals would wind up playing 14 innings before the Millers came away with the road victory, 5-4.

Westfield scored first in the bottom of the first when Samantha Breaux drove in Maggie Roh on a hard-hit grounder for 1-0.

Noblesville struck back in the top of the fourth on a three-run home run from Addi Emmerson, putting the Millers in front 3-1.

Ava Kainrath belted a solo shot in the last of the fourth to cut it to 3-2. Chloe Tanner would give Westfield a 4-3 lead on a triple to center to score both Avery Banas and Grace Fanelli.

Hailey Schatko laid down a bunt single, allowing Tatum Ball to score, tying it 4-4.

After being tied 4-4 through five, it became a chess match by the pitchers.

Nine straight innings of back-and-forth resulting in no scoring, something had to give eventually and it finally did for the Millers.

Reis Sjöholm bunted a single to third to score

Tatum Ball for what became the winning run for a 5-4 score.

Cullen made quick work of Westfield's last ditch effort in the bottom of the 14th, sealing the road win.

Lulu Van Beek started for the Millers, but only threw four innings, giving up seven hits and all four 'Rocks runs, while fanning four.

Chloe Tanner would throw all 14 innings for Westfield. She allowed 12 hits and struck out 12 with four walks. The most impressive feat for Tanner was that she threw 202 pitches, taking a tough loss.

Claire Cullen relieved Van Beek in the fifth and didn't seem to be fazed much. She threw 10 innings, scattering just four hits, walking four, while striking out 14. Throwing 138 pitches in relief, Cullen also kept Westfield scoreless in those 10 innings.

Westfield (7-7, 2-2 HCC) takes a trip to Yorktown (8-3) on Thursday and hosts Tri-West (11-3) on Friday to end its week.

Noblesville (6-6, 3-1 HCC) ended their two-game skid and will host Cathedral (7-5) today, Pendleton Heights (12-3) on Thursday and Lawrence Central (2-7) Saturday morning.

Daily, Chad provides leadership at his job where he leads a site of 50+ Engineers and technicians.

He continues to be steadfast supporter for the entire community of Cicero. Chad's community involvement can be found through my support of Hamilton Heights School Corporation, through my three children, with engagement in Superintendent Advisory Board. Further, community volunteer work for Veterans (like my wife Jennifer) / Active Military and their families through my continued leadership at the Cicero American Legion as the Sons of The American Legion Commander, which thousands of dollars are raised each year to help our community.

Important decisions face Cicero over next 4 years including:

- Conservative / Strategic Growth
- Improved Water and Wastewater Capacity
- Strong Public Safety with Police and Fire
- Continued Park Improvements

As current Town Council President, I look to maintain conservative fiscal responsibility on the council keeping Cicero the hidden gem of Hamilton County.

Pete Schwartz

Republican for Noblesville City Council, At Large

As a lifelong resident of Noblesville, it gives me great pleasure to serve the citizens of Noblesville on the Common Council. Due to district realignment, I have decided to run for the at-large position.

The last few years serving on council has taught me that Noblesville residents are just as passionate as I am.

When I ran my first campaign, I pledged to address traffic issues, support public safety, and be transparent to the public by being accessible to constituents. I couldn't be more enthusiastic about keeping my promises to Noblesville residents, seeing through the Pleasant Street project, and other strategic infrastructure investments.

Currently, I am the liaison for the parks board. I am also on the public safety committee. I was recently chosen to be on the Noblesville Arts Council.

My wife Amber and two children Conner and Emalee couldn't be happier to call Noblesville home and look forward to an exciting future.

WESTFIELD

Scott Frei

Republican for Westfield City Council, District 4

Scott is a man of faith and principle, along with his wife Karla, they have raised their five children in Westfield since 2002.

Scott is not a typical politician. He is a concerned citizen that decided to do something about what was happening to our great city. That is when he got involved to be a voice for the taxpayer and to bring transparency to local government. As a City Councilor, he has successfully enforced measures of transparency and accountability even with an administration unwilling to change.

Government should be small and accountable to the taxpayers. The taxpayers have been and will continue to be Scott's focus as he serves on Council. This is why he refuses to accept campaign contributions from developers or big corporations that may benefit from decisions made at City Hall.

With your support, Scott will continue to represent your voice as the citizens of Westfield. He will work to ensure Westfield retains its status as a unique and amazing place live. Scott is committed to putting taxpayers first, demanding transparency and accountability from our government.

Andrew Bouse

Republican for Westfield City Council, District 2

As a 7-year-member of Countryside HOA, Andrew has enjoyed developing relationships with other residents and board members, learning about the community's needs, working with City and County, and executing strategic plans. He worked 18 months to get the approval and County dredging to replace a treacherous bridge. He is not allowed to say that you can drive a car over the new one, that he helped build that bridge with his own hands, or that it is ADA compliant. But he will tell you that it has an incline and decline of one inch per foot and it has concrete pylons for a dock.

Now it's time to build a different kind of bridge. The relationship between city, council, and clerk treasurer has been dysfunctional. Andrew knows it's time to heal and move forward. He will bring these groups closer to sync.

He has been involved with the Grand Junction Task Group, Communications Task Group, Westfield Art Alliance, WeCan, and has been a member of the Lions Club, VFW Auxiliary, and currently Historian for the SAL Carmel American Legion.

His finest achievements are his marriage to the beautiful Dr. Elizabeth Bouse and his two girls.

Victor McCarty

Republican for Westfield City Council, District 2

I'm just a kid from the trailer park that wants to serve the community I love. As a lifelong Shamrock, my love for Westfield started when I was mascot at WHS. At that time, I had lost 100 pounds and didn't know where I was going. By being mascot, I was out in the community interacting with businesses and our residents. It gave me a sense of purpose. Simultaneously, Westfield became a city. Since then, I have had a deep passion for our community and every step I have taken has been to ensure that I am prepared to be a positive leader for Westfield. Through my experiences, I have learned that if we RISE together anything is possible. By building positive Relationships, investing in our aging Infrastructure, supporting our public Safety teams, and providing Engagement opportunities, we can create a welcoming community for all to live, work, and visit.

Fred Glynn*Republican for Carmel Mayor*

My biggest achievement, without question, is my family. I've been blessed to be married to my wife, Beth, for 20 years. We have a teenage daughter, as well as two dogs named Bailey and Thor. We are members of St. Elizabeth Ann Seton Church.

I served two terms on the Hamilton County Council. I ran to bring leadership and accountability to Hamilton County – which I did, despite push back from members of my own party. I analyzed every proposal that came before me to see whether it represented a good use of the tax dollars my constituents worked hard to bring home.

I don't make decisions based on what politicians want, I make decisions based upon the long-term interests of our community. Looking at our city, I see that now, more than ever, we need new leadership and fresh thinking for our future. I share a desire with my neighbors to ensure our community remains safe and prosperous.

My goals for Mayor include bringing fiscal responsibility to city government, development and growth without using taxpayer dollars, and a new focus on preserving our neighborhoods.

Tiffany Ann Hill Ditlevson

Republican for Fishers City Council, At Large

I'm excited to serve my community, and I have a strong history of service ranging from PTO president, Head Cheer Mom, Sunday School Teacher, and wartime Air Force Veteran (family ties with American Revolution).

I am passionate about three things in the City of Fishers: safety, prosperity, and building community. I will work to fully fund our first responders; improve traffic safety—our roads, intersections, and visibility; build business partnerships to benefit young members of the workforce, and grow our community amenities.

Currently, I serve on these boards: the Fishers Armed Forces Commission, the Hamilton East Public Library Board, Catholic Charities of Indianapolis, and the Indiana USO board while running a thriving real estate business and co-chairing the Fishers GOP Club. I earned my MBA from Indiana Wesleyan, and most recently completed the Indiana GOP Diversity Leadership Series, the Richard G. Lugar Excellence in Public Service Series, and am currently enrolled in the Indiana Leadership Forum. Also, I recently completed the Fishers Government Academy and the Fishers Citizens Fire Academy.

My daughter and I moved to Fishers 15 years ago. Currently, she is a graduating senior at IU Bloomington and accepted into the Doctorate of Chiropractics program at Logan University. **Connect with Ditlevson at [TiffanieD@ralktotucker.com](https://www.facebook.com/TiffanieD@ralktotucker.com), on Facebook, or email TiffanieD@ralktotucker.com.**

Jocelyn Vare

Democrat for Fishers City Council, At Large

Jocelyn Vare is an at-large member of Fishers City Council and is the first Democrat ever elected to Fishers municipal office. Citizens know that a long-standing supermajority (of any party) is unhealthy. Balanced government serves citizens best. Councilor Vare delivers balance, accountability, fiscal responsibility, checks and balances and government transparency in Fishers.

In 2022, Councilor Vare ran for Indiana State Senate and earned 16,000 votes from Fishers residents. She is a 22-year resident of Fishers, the mom of two HSE Schools graduates, a local small business owner, a volunteer and a champion for the community she loves. Councilor Vare is a member of the Fishers Finance Committee and Fishers Arts + Culture Commission. She served as a committee chair for the successful HSE Schools referendum in 2016. She is a graduate of Fishers City Government Academy, Hamilton County Leadership Academy, Ball State's Economic Development Course and Community Development Course. In 2021, Councilor Vare was recognized as an Impact Award nominee, one of 30 alumni designated in the Hamilton County Leadership Academy's 30-year history. "I am eager to continue to serve the Fishers community on the City Council and fight to provide the good local government that all taxpayers deserve."
