Body image

As a person who has lived in a disabled body her whole life, there have been some major struggles with body image.

As an elementary student, I was always self-conscious of my braces and my rapidly increasing scars. At that time, it wasn't as much about my actual body as it was just a feeling of being different from all the other girls. I was envious of how fast they could run, or how they could jump and just seemingly do everything with ease. I wanted strong legs, but my legs had braces, or I was often wearing casts from surgeries. I did what I could, though, and kept up to a certain degree.

During middle school, I started to become more aware of my body, my size, my scars. I have a three-inch scar on my left thigh. I hated that scar. It was from a muscle biopsy I had when I was about two years old. Through numerous surgeries, I was able to shed my full-time braces, but the tradeoff was that both of my ankles are covered on all sides with big scars. The ones that bothered me the most are the two huge scars that are on the back of my feet from Achilles tendon surgeries. I always tried to hide them with socks. I didn't want anyone looking at them or asking me questions about why I had them.

In high school, the body image issues only increased. It's not uncommon for a girl to compare herself to others and not feel up to par with some of the girls. As a disabled girl, my insecurities were tenfold. I did what I could to "fit in." I loved keeping up with the trends as much as anyone else. It bothered me, though, that I didn't have perfect looking legs. I became kind of obsessed with my body image, and in my mind it was rough. I found myself constantly comparing myself to others.

Blackhawks build new fieldhouse without any referendum dollars

Submitted by Sheridan Community Schools

It was a night of celebration and community as Sheridan Schools unveiled the United Animal Health Blackhawk Fieldhouse to a packed house.

Speaking to the nearly 400 people in attendance, Superintendent Dr. Dave Mundy had words of thanks in his opening remarks, as well as a history of the project that began with community planning sessions over two years ago. He praised past and present board members, students, staff, and the community, adding that he had "the greatest job in the world, that Sheridan had the greatest teachers, greatest staff, and the greatest community."

The evening began in the current gym with an incredible dinner prepared by the Sheridan cafeteria staff, with performances by the Sheridan Choir under the

Dr. Mundy noted, "Not only are we thriving athletically, our

performing arts department is reaching levels of success never seen before."

Westfield Lions break ground for renovation

Extensive remodel increases meeting space & adds kitchen

By JEFF LARRISON
 Westfield Lions Club

On April 18, the Westfield Lions Club, along with a big helping hand from Mayor Scott Willis, broke ground on the new clubhouse renovation project at 1101 E. 169th St.

Lions, their guests, and city employees celebrated the first shovels of dirt being turned over. After the ceremonial groundbreaking, Mayor Willis discussed his first 100 days in office, along with the significant plans he and his administration are putting together for the city.

The major renovation project will allow the Lions to resume renting out their clubhouse to members of the community. Ever since the previous clubhouse was built in the late

1950s, the Lions have provided a reasonably priced option for parties, family reunions, baby and bridal showers, church services, and many other events. Once the Lions' previous clubhouse on Jersey Street was torn down for a redevelopment project, there was no longer an affordable rental facility available for the community.

Now that the renovation is underway, the Club expects to have the facility open and ready for the community before this fall. Included in the renovation project is a larger meeting room, a full kitchen, a conference room, handicap-accessible bathrooms, and storage for the Club's poker tournament and fish fry equipment and supplies.

Survey of surveying

A group of young men were sent to the Indiana territory to begin the process of surveying in 1804.

The 1783 Treaty of Paris found the British surrendering their claim to the 13 colonies and ceding a vast amount of Western and Southern territories to the young United States. The government was in dire economic straits, and in order to grow and pay debt, they wanted to sell this new land.

Thomas Jefferson believed that making land available to individual farmers in small plots as opposed to only the wealthy was the best answer. In 1785, Jefferson wrote, "We now have lands enough to employ an infinite number of people in their cultivation. Cultivators of the Earth are the most valuable citizens. They are the most vigorous, most independent, most virtuous, they are tied to their Country and wedded to its liberty and interest by the most lasting bands."

The land ordinance of 1785 standardizing surveying methods. The Ordinance of 1784 provided the lands sold by Congress to be divided into distinct states by parallels of latitudes so that each state shall comprehend from North to South two degrees of latitude beginning to count from the completion of 45 degrees North of the equator and by meridians of longitude one of which shall pass through the lowest points of the rapids of Ohio and the other through the Western cape of the mouth of the Great Kanawha; but the territory Eastward of this last meridian between Ohio, Lake Erie, and Pennsylvania shall be one state whatsoever may be its comprehension of latitude.

The Ordinance went on to say that the settlers of any territory on their own petition or by order of Congress, when it had met the required 20,000 free inhabitants, Congress would allow them to establish a permanent

BODY IMAGE

from Page 1

During college, more specifically my sophomore year, I started getting interested in weight training and even took a weight training class. Kind of funny because I can't really lift much weight, but it was educational. I am on the shorter side at 5-foot-2, and as someone who can't burn a ton of calories because I'm not able to move as much, I must be careful. If I gain weight, even a little, it makes it much harder for me to walk. Even a few pounds make a very noticeable difference in the effort it takes to walk. Since college, I've gone through a lot of ups and downs with unhealthy diet habits and restricting myself because I wanted to look a certain way.

In all transparency, I still struggle with body image at times, but I'm working on it,

and I've come a long way in that area. I still desire to be a healthy weight, but as I get older it's more for health reasons than it is for vanity reasons, or trying to fit in.

Exercise is important to me, but now it's because I know that is my part in keeping my muscles as healthy as I possibly can, as is what I put in my body.

I accept my scars now as a part of me, and I never think about trying to hide them or cover them up. They tell a part of my story, and I'm proud of myself for making it through all those surgeries and years of rehabilitation. A map of the roads I have traveled.

In talking with some others who have a disability, I've learned that I am not alone in my struggle as a disabled person with body image issues. I realize that

nondisabled people have body image issues, too. This is just from my perspective. I would like to be a part in helping to change that mindset. Continuing to work towards a healthier mindset for myself surrounding my body image, while encouraging others to do the same.

I think we should be proud of our differences. I think our differences are what make life interesting. How boring would it be to all look the same or talk the same? We were never all meant to be the same.

Until next time ...

Fleming explained that the duties of a school board “boil down to three main duties: protect the tax rate, set policies for the district, and hire the superintendent.”

Fleming explained how this project fell under safeguarding the tax rate, which is particularly important in a district that includes townships in the two fastest-growing counties of the state – Hamilton and Boone. Fleming explained that all the funds from the recent referendum are dedicated to “compensating our exceptional teachers, further solidifying our commitment to educational excellence here in Sheridan,” and that no referendum funds supported this building project. He added with pride that since this project broke ground in 2022, the school portion of Sheridan taxpayers’ rate has decreased each year.

Athletic Director Beth DeVinney recapped a historically phenomenal athletic year for the Blackhawks and talked about how the facility enhancements will support the proud Sheridan athletic tradition. She went on to spotlight how sports are so much more than championships, stating, “Through sports, we instill values that extend far beyond the field or court – values like discipline, teamwork, and perseverance.”

The project includes a two-gym floor fieldhouse,

which will be used for physical education classes, practices, and the community. It also includes a state-of-the-art fitness and weight room, locker rooms, concessions, and classrooms. The new spirit shop, operated by staff and students, and led by Allison Waitt and Brenda Ransom, is another source of pride in the new facility.

Praising the proud Sheridan heritage, High School Principal Rick Davis recognized the many connections among the audience. He asked the following groups to stand: anyone who was at the dedication of the Larry Hobbs Gym, Sheridan graduates, parents/grandparents or current or former stu-

dents, and current or former SCS employees a.k.a. “difference makers.”

Before Dr. Mundy called up students and leaders for the ribbon cutting, he took the opportunity to thank the donors who made the event possible: Beck’s Hybrids, Bragg Sports Media Network, Biddle Foundation, CCHA, Creekside Chiropractic, CSO Architects, Deco Indy, Duke Energy, First Farmers Bank & Trust, Godby Home Furnishings, Jack Laurie Group, Keever’s Sheridan Hardware, Lee Company, OneZone, Patton Automotive, RL Turner, Sheridan Education Founda-

tion, Sheridan Lions Club, Sheridan Youth Assistance Program, Snyder Strategy Real Estate, The Farmer’s Bank, Town of Sheridan, United Animal Health, Veregy, Waitt Grain Company, and WKRP Indy Real Estate.

Mundy added that due to the overwhelming support, donations of \$2,500 each are being made to Sheridan Youth Assistance and Sheridan Education Foundation.

After the formal program, students guided guests on tours of the new facilities. The response from visitors was overwhelmingly positive. Mundy finished by noting, “It was another Great Day to be a Blackhawk.”

constitution and government for themselves provided that it remain a part of the United States and that of course they be subject to pay a part of the Federal debts.

Starting at the intersection of the baseline and the second principal meridian located South of Paoli, in Orange County, land was measured in Congressional Townships measuring six miles by six miles. Congressional Townships were divided further into 36 sections measuring one mile square, each section

contained approximately 640 acres of land. Sections were often divided into half sections at 320 acres, quarter sections at 160 acres, half-quarter sections at 80 acres, and quarter-quarter sections of 40 acres.

The task of marking the line on the landscape that had been mathematically planned by theory was given to this group of young men. The theory was created by Jared Mansfield based on publication of his book, Essays, Mathematical and Physical. The task of marking the line on the land-

scape fell to a small crew lead by Deputy Surveyor Ebenezer Buckingham, Jr.

Mansfield appointed Ebenezer Buckingham to lead a crew to run a baseline in 1804. They began at a point on the South side of Vincennes tract and ran a line East for 67.5 miles, marking miles and half-miles on trees. Buckingham and his crew then went to the southeast corner of the Vincennes tract and ran a line due North until they reached the baseline. Hamilton County is laid out in this checkerboard fash-

ion. Each square North is a Township and each square to the Right or Left is a Range, thereby allowing each Township to be plotted out on an X/Y axis.

Everything worked out perfectly. Unfortunately, a checkerboard is square while the Earth is round. To make up for this difference, some of the sections in Jackson Township may be longer or shorter than 5,280 feet.

Three local FFA chapters to compete in 48-hour Make48 competition in Fishers

The REPORTER

Make48, a nationwide invention competition, is coming to Fishers Maker Playground May 3 to 5.

Six Indiana-based FFA chapters (including three from Hamilton County) with three students per team, will compete in the event. This year's competition theme is agricultural education, and the students must work together over the course of 48 hours to build a physical prototype,

create a sales sheet, produce a one-minute marketing video, and pitch their big idea to a panel of judges.

The participating FFA chapters include:

- Hamilton Southeastern FFA (Fishers)
- Fishers High School FFA (Fishers)
- Hamilton Heights FFA (Arcadia)
- Agracadabra (Purdue Polytechnic High School - Broad Ripple Campus)

- Low Fidelity (Purdue Polytechnic High School)
- Eastern Hancock FFA (Charlottesville)
- Mud Flaps FFA (Frankton)
- Clever Connersville FFA (Connersville)

The FFA member participants, ages 14 to 18, will have access to expert tool technicians and high-tech equipment and will have the opportunity to build almost anything. The winning team, which will earn \$2,000, will then head to Make48 Nationals in Kansas City, Mo., in November to compete against six other teams from different cities.

"It's a privilege to have FFA involved in this nationwide invention competition," National FFA Organization CEO Scott Stump said. "Personally, I'm always amazed at what our young students can accomplish, and Make48 is making it possible for this

select group of students to come together, collaborate, and create."

This is the second year that Fishers Maker Playground has played host to this competition. A part of Hub and Spoke, the Maker Playground was awarded "Best Innovation in Design" by the National Recreation and Park Association. It features a wood shop, metal shop, computer numerical control machine, 3D printer, computers, tools, and supplies to cut, form, and create.

"Fishers is proud to host the Make48 competition as the city prides itself on being an environment that welcomes innovation and entrepreneurship from people of all ages and backgrounds," Mayor Scott Fadness said. "The Maker Playground is the perfect setting, as it provides a space for creative minds and ideas."

"At Make48, we value the partnership with FFA and know we'll be in great hands this year as the Fishers community welcomes innovation and education-

al growth for students," Make48 CEO & Co-Creator Tom Gray said.

This year's Make48 season, which includes seven regional competitions, is sponsored by Corvea Agriscience, a leader in the global agricultural industry.

Drop off unwanted prescription drugs at Riverview Health

The REPORTER

In honor of National Drug Take Back Day, the Hamilton County Council on Alcohol & Other Drugs (HCCOAO) will host a take-back event on Saturday, April 27 in the far east parking lot of Riverview Health in Noblesville. The drop off location is directly across from Federal Hill Commons.

"Most people who misuse prescription drugs get them from family, friends, and acquaintances," HCCOAO Executive Director Monica Greer said. "We know prevention starts at home. The simple step of clearing out medications that are no longer needed makes our homes safer, prevents prescription drug misuse, and can help

save lives."

The Centers for Disease Control and Prevention estimates 112,000 people died of drug overdoses in the United States last year, marking the largest number of drug-related deaths ever recorded in a year. With close to 5,000 collection sites nationwide, the United States Drug Enforcement Administration, along with its law enforcement partners, have removed nearly 16 million pounds of medication from circulation since the inception of National Drug Take Back Day in 2010.

"The only safe medications are ones prescribed by a trusted medical professional and dispensed by

Greer

a licensed pharmacist," Greer added. "Old and unwanted medicine too often becomes a gateway to addiction. Events like these are a critical effort to curb the historic surge in U.S. overdoses."

Hamilton County residents are encouraged to drop off their expired or unused medications between 9 a.m. and noon at the drive-thru event. No liquids, sharps, or needles will be accepted.

For those who cannot make it this Saturday, there are opportunities to safely dispose of unneeded medications at local pharmacies, hospitals, and police departments throughout the year.

Noblesville Common Council approves DORA district, still requires state-level approval

The REPORTER

On Tuesday evening, the Noblesville Common Council unanimously approved Ordinance No. 09-04-24 establishing a Designated Outdoor Refreshment Area (DORA) in accordance with IC 7.1-3-31.

The ordinance will be submitted to the Indiana Alcohol and Tobacco Commission for final adoption, which would then allow it to be implemented in downtown Noblesville.

“I applaud the Noblesville Common Council on thoughtfully considering and unanimously passing the ordinance for a Designated Outdoor Refreshment Area (DORA) in our community,” Mayor Chris Jensen said. “The district would provide an economic boost to our authentic and vibrant downtown by allow-

Jensen

ing patrons to sip, shop, and stroll within the defined DORA. If approved by the Indiana Alcohol and Tobacco Commission, we will see increased foot traffic, tourism, and new revenue streams for local businesses. The DORA will safely and responsibly benefit our community, business owners, and visitors.”

Noblesville voter: Shonkwiler's dedication & vision make her the best candidate for District 29

Dear Editor:
I'm writing to express my support of Alaina Shonkwiler as Indiana's next State Representative for House District 29.

Alaina is running in the Republican Primary on May 7 to fill the seat currently held by Representative Chuck Goodrich, who is running for the 5th Congressional seat.

I've known Alaina since we were both sixth graders at the now Noblesville East Middle School. For over 30 years, I've admired how her integrity and authenticity resonates with everyone she meets. She's a natural born leader that brings people together to solve complex problems. Alaina is exactly what our community needs in our Statehouse!

Alaina is an experienced and successful leader. She has the humility and common sense to represent the conservative values of this community in ways that bring peo-

ple together. Alaina takes time to invest in our community through her volunteerism and participation on countless boards and organizations. Through her time with the City of Noblesville, Noblesville Schools, and the organizations she serves, she grasps the intricacies of the local impact of policy matters and is keen to find innovative solutions for our community. Alaina has real world experience working with local government and will deliver for all of us as her constituents.

One aspect of Alaina's candidacy that particularly resonates with me is her advocacy for the business community. She understands that fostering an environment that encourages our existing businesses to grow and expand, as well as new businesses to choose to move to Noblesville is vital to the long-term economic success of our community. Alaina is a staunch supporter of policies that foster a conducive

environment for businesses to thrive, and her genuine support for talent attraction and retention efforts within local industries is commendable. I can personally attest that companies choose our community over our neighbors because of leaders like Alaina.

Our community continues to experience unprecedented growth and development. We need young, energetic, and engaged leaders that recognize the challenges of this generation and the generations that will follow, while embracing the values of our past. We need community leaders, such as Alaina, that will apply their strong conservative values to help solve problems in ways that don't divide communities and bring embarrassing press.

Alaina is actively raising a family in our community. Her children attend Noblesville Schools. Her husband, Jason, is a Noblesville Police Department Sergeant

who serves as a School Resource Officer. Alaina is subjected daily to the many challenges facing our youth and understands that such drastic actions as implementing censorship policies on books are not the conservative principles that will solve today's problems. True conservatives don't use an eraser, but instead use their position as leaders to educate, influence and promote the values we hold so dear.

As a fellow community member and staunch conservative, I ask that you strongly consider voting for Alaina Shonkwiler for House District 29. Her dedication to serving our community and her vision for the future make her the **BEST** candidate for State Representative. This is why I wholeheartedly endorse Alaina and encourage you to join me in supporting her campaign.

Westfield Democrats: we should vote in our own primary

Dear Editor:
It's been suggested that Democrats should vote in the Republican primary to avoid the least bad options from the other side.

We disagree: Democrats should vote for Democrats on May 7.

We have two contested Democratic primaries in 2024: U.S. Senate and U.S. Congressional District 5. Westfield also has hard-working Democratic candidates Josh Lowry (House District 24) and Matt McNally (House District 39) in two of the most competitive state house races in Indiana. A vote for Josh or Matt in the primary is something they can point to when seeking support from local community leaders and organizations.

In the last few elections, we've proven Democrats can win in Westfield: 42.8 percent of the vote for president in 2020, 47.6 percent of the vote districtwide in House District 39 in 2022, 49.5 percent of the vote in a city council district in 2023.

We're no longer lonely blue dots. Today, local Democrats can vote for candidates who share their values and see those candidates elected to public office.

When casting your ballot on or before May 7, do more than vote against what you fear. Request a Democratic primary ballot and vote for what you believe.

Bill Gutrich receives endorsement from Westfield Mayor Scott Willis in bid for State Representative, District 24

Submitted

Westfield Mayor Scott Willis has declared his support and endorsement for Bill Gutrich, candidate for State Representative in District 24.

“Bill Gutrich is a business man that embodies the values of integrity, dedication, and strong decision-making that our community needs in its representation,” Willis said. “Furthermore, we need a Hamilton County resident representing District 24 be-

cause Westfield and Carmel make up more than 80 percent of the district.”

Gutrich, an experienced corporate executive and small business owner, prioritizes understanding community needs. His vision includes advocating for effective government, lower taxes, strong schools, and smart development.

Gutrich aims to be a

Gutrich

voice for the people in Indiana's 24th District, drawing on his successful business background with companies like The Coca-Cola Company and Conagra Foods, as well as his agricultural experience with Elanco Animal Health. His advocacy for fiscal responsibility, excellence in education, and people-centric representation reflects a

commitment to serving the best interests of constituents across the district.

“Mayor Willis’ decision to endorse my candidacy speaks volumes about our shared vision for a district that thrives,” Gutrich said. “As State Representative, I will work tirelessly to ensure that the voices of our constituents are heard, valued, and championed at the state level.”

Jennifer McCormick accepts Indiana State Teachers Association’s endorsement

Submitted

On Wednesday, Jennifer McCormick accepted the Indiana State Teachers Association (ISTA) endorsement in her quest to become Governor of the State of Indiana.

“As an educator and the last elected State Superintendent of Public Instruction, I am honored to receive the endorsement of Indiana’s largest teachers’ union, the Indiana State Teachers Association,” McCormick said. “The support and confidence shown by this endorsement is humbling. This endorsement is a symbol of unity

in advocacy, the power of inclusive and collaborative bipartisan leadership, and an unwavering commitment to empowering all Indiana teachers and students. Together, we will strive for excellence in education pushing back against attacks on teachers and public education and working to advance good educational policies while respecting teachers.”

McCormick continued, “Hoosiers deserve a governor who will champion

McCormick

for kids, prioritize education, and recognize the vital role of our teachers. The future of Indiana’s economy and workforce, the health of our communities, and the opportunities afforded to our kids are at stake. Together we can build a future where every voice is heard, every person is valued, and every opportunity is within reach.”

As the former state superintendent, McCormick fought to take politics out

of the classroom and ensure every child had access to the best education possible.

“Unfortunately, the supermajority extremists in our statehouse continue to focus on issues that don’t help educators, students, or their families,” McCormick said. “Hoosiers are ready for a leader who believes in common sense solutions that make the state one where our children will stay, work, and thrive.”

American Lives Theatre (ALT) is one of several arts organizations in residence at the Phoenix Theatre Cultural Center in downtown Indianapolis. In the tumult of the post-COVID arts landscape, the addition of multiple arts groups to this space is a bright spot.

ALT has produced a number of exceptional productions over the past four years and its latest such offering is Samuel D. Hunter's *A Case for the Existence of God*.

Hunter's play is a tour de force for two actors, and the ALT cast is up to the task. Eric Reiberg plays Ryan, a man with little to speak of in terms of worldly goods. He has a need to buy some local Idaho land, which was once owned by his family, as the source of his and his daughter's future. Eric Thompson plays Keith, a mortgage broker who runs into Ryan at the daycare where each has a daughter. Ryan needs Keith and his skills. Keith's needs are slower to reveal themselves but prove just as

Eric Reiberg as Ryan confers with Eric Thompson as Keith in ALT's *A Case for the Existence of God*.

compelling. Over 90 (intermission free) minutes, these two characters pull the audience into a tale of American trauma: familial, legal, economic, racial, and more. The audience will not likely see all the twists coming from Hunter's tight script, but the rewards are there.

Directed by Andrew

Kramer, with a lighting design by Tim Dick, *A Case for the Existence of God* is the latest in a line of thoughtful and surprising plays from ALT. With only one weekend left, audiences need to step up quickly to see for themselves if the case for the existence of God is proven. American Lives The-

atre's production of *A Case for the Existence of God* runs at Phoenix Theater Cultural Center through Sunday, April 28. Tickets are available through the Phoenix website at phoenixtheatre.org or by calling (317) 635-7529.

Dominique Allen Lawson (as Seymour) and Lucy Maria Godinez (as Audrey) in IRT's production of *Little Shop of Horrors*.

There are a lot of horrors in this little shop at IRT

By DANIEL SHOCK
A Seat on the Aisle

Little Shop of Horrors began its life in 1960 as a low-budget black and white horror-comedy film by Roger Corman. It was a small success that grew in popularity on TV during the 1960s and '70s.

Future Disney creators Howard Ashman and Alan Menken were inspired to create an off-Broadway musical adaptation of the story in 1982. The success of the musical led to a film version directed by Frank Oz in 1986. I can remember going to see the film as a 15-year-old knowing nothing about it and finding it absolutely charming.

If you don't know the story – the location is Skid Row, a Los Angeles neighborhood filled with homelessness and poverty. The story begins with a Greek chorus of three neighborhood women – Crystal (Raquelle Viteri), Ronnette (Jessy Jackson), and Chiffon (Tiffany Theana Taylor) – singing the title song and warning of the coming horrors.

A brick wall slides away to reveal the interior of Mushnik's flower shop. Mr.

Mushnik (Ryan Artzberger), the owner and boss, is lamenting the lack of customers and decides to close up shop and send his employees home for good. These employees include the timid and well-meaning but clumsy assistant Seymour Krelborn (Dominique Allen Lawson), and sweet Audrey (Lucy Maria Godinez), a girl with a low sense of self-worth and tacky fashion sense.

Forced to speak up to save the store and their jobs, Audrey encourages Seymour to tell Mr. Mushnik about the exotic plant he found during a recent total eclipse of the sun (the audience LOVED that bit).

Their idea is that this plant could sit in the window and attract customers. When they set the plant in the window, it immediately brings in a new customer and a large order for flowers. Our floral trio is ecstatic at the change of fortune, and Mushnik orders Seymour to keep that plant healthy no matter what it takes. The only problem is that the plant seems to be dying. Seymour eventually figures out that what the plant wants is blood – human blood, HIS blood. So, he nurses it back

to health with drops of blood from his fingers.

As the plant grows larger, so does the love between Audrey and Seymour. There are just a couple of obstacles that need to be overcome for them to be together. The first is that Audrey doesn't believe she deserves a success like Seymour. The second is her abusive motorcycle-riding dentist boyfriend (played by Kyle Patrick). I wonder how they might ... take care ... of him?

The cast of this IRT production is uniformly perfect. Our tragic hero, Seymour, as played by Dominique Lawson, is nerdy, timid, and full of heart. Lucy Maria Godinez brings a wonderful sense of humor and powerhouse voice to Audrey. Together, their performance of "Suddenly Seymour" brings down the house and will leave you smiling or crying ... or both. Ryan Artzberger as Mr. Mushnik is funny and fatherly. Kyle Patrick has a lot of costume changes as he plays Orin the twisted dentist and at least five or six other roles. He brought a fun charisma to the dentist and he makes every character distinct.

TODAY'S BIBLE READING
THE SECOND JOURNEY TO EGYPT

Then Judah said to Israel his father, "Send the boy along with me and we will go at once, so that we and you and our children may live and not die. I myself will guarantee his safety; you can hold me personally responsible for him. If I do not bring him back to you and set him here before you, I will bear the blame before you all my life. As it is, if we had not delayed, we could have gone and returned twice."

Then their father Israel said to them, "If it must be, then do this: Put some of the best products of the land in your bags and take them down to the man as a gift—a little balm and a little honey, some spices and myrrh, some pistachio nuts and almonds. Take double the amount of silver with you, for you must return the silver that was put back into the mouths of your sacks. Perhaps it was a mistake. Take your brother also and go back to the man at once. And may God Almighty grant you mercy before the man so that he will let your other brother and Benjamin come back with you. As for me, if I am bereaved, I am bereaved."

Genesis 43:8-14 (NIV)

State Comptroller Nieshalla urges Bank of America to "re-bank" religious customers

Submitted

Indiana State Comptroller Elise Nieshalla has joined 15 other state financial officers, including Indiana State Treasurer Daniel Elliott, in a letter directed to the Bank of America addressing their growing reputation for "de-banking" customers based on religious or political reasons.

"Bank of America has a track record now of withholding banking services from customers based on religious affiliation," Comptroller Nieshalla said. "Their de-banking policies and practices not only threaten the company's reputation with customers, but also the civil liberties of Americans. We strongly urge Bank of America to 're-bank' these customers."

In addition, Nieshalla, along with the other signatories of the letter, are stewards of taxpayer dollars and concerned that the bank's pattern of politically motivated de-banking constitutes a breach of its fiduciary duty. Under the law, Bank of America must prioritize maximizing shareholder value over advancing political priorities.

Examples of how Bank of America wrongfully discriminated against their customers include:

- Bank of America closed the account of Indignous Advance Ministries, a Christian organization that partners with on-the-ground groups in Uganda to care for orphaned and at-risk children, educate vulnerable children and prisoners and works to stop sex trafficking.
- Bank of America closed the account of Timothy Two Project International, an organization who trains pastors in over 65 countries in some of the

Nieshalla

most impoverished areas of the world.

The bank provided only vague reasons for the closures, claiming the accounts were being closed because they were each "operating a business type we have chosen not to service."

As an additional example against an individual, the account of conservative podcaster and Christian minister Lance Wallnau was frozen by Bank of America claiming he was laundering money. However, the bank refused to produce any evidence and eventually unfroze his account after an in-depth audit.

"As a state financial officer responsible for banking relationships with the public's money, this pattern of internal political and religious bias at Bank of America must be rectified so as to

not pose a risk for our public funds, as well as for the many Hoosiers, businesses and nonprofits who rely on its services," Nieshalla said.

Nieshalla, in the coalition with other state financial officers, has asked Bank of America to demonstrate good faith to address the following:

- Update their terms of service to include a commitment not to discriminate against customers based on religious or political views.

- Make additional necessary changes to perform well on the Viewpoint Diversity Score Business Index, the benchmark for measuring corporate respect for free speech and religious freedom. Bank of America has a current score of 8 percent out of 100 percent.

"Again, we strongly urge Bank of America to 're-bank' customers whose accounts have been wrongly closed and to uphold fiduciary duty," Nieshalla said.

HORRORS

Jessy Jackson, Tiffany Theana Taylor, and Raquelle Viteri, who make up the Skid Row Greek chorus of Ronnette, Chiffon, and Crystal, bring lots of personality and talent to their numbers. Their choreography and singing are flawless, and the show wouldn't be the same without them. And last, but definitely not least, is the fantastic duo that make the plant, Audrey II, come to life – Rob Johansen and Allen Sledge. Mr. Johansen is usually very visible on the IRT stage, but here, his

performance is completely within the puppet. Allen Sledge provides the voice for Audrey II ... and he is marvelous. I have no idea how these two performers worked together to make such a seamless effect of a gigantic talking and singing plant. I can only imagine that it was exhausting.

Director Benjamin Hanna has brought together a fantastic team of technical talent as well. Music Director Andrew Bourgojn led the band to a fun toe-tapping performance. Choreography

by Breon Arzell fit the show perfectly. Czerton Lim's set was well done. Izumi Inaba designed many colorful costumes for the cast that sparkled with personality all on their own. Dawn Chiang's lights were bright and moody in all the right spots. Sound design, I imagine, was a challenge for this show, and it was pulled off with great skill by designer Todd Mack Reischman.

Little Shop of Horrors runs at the Indiana Repertory Theatre, 140 W. Washington St., Indianapolis, through

The Hamilton Southeastern softball team won the Mudsock game Wednesday, beating Fishers 1-0.

Royals put up early run to win Mudsock

Rocks fall to Millers, Huskies take down Northwestern, Hounds fall to Zionsville

The REPORTER

After one early run, this year's Mudsock softball game turned into a pitcher's duel.

Hamilton Southeastern's Grace Swedarsky and Fishers' Kate Murray both had strong performances in the Mudsock contest, which took place Wednesday at the Royals' field. Southeastern scored that one run in the first inning and that turned out to be enough for a 1-0 victory over the Tigers.

Lani Wyrick led off the bottom of the first with a single, stole second base and advanced to third base on an Addy Justice groundout. Wyrick scored on Jenna Chase's RBI groundout. Chase later hit a fourth-inning single.

"Any way you can score, you got to get one in," said Royals coach Casie Fletcher.

The remainder of the game was the duel between Swedarsky and Murray.

Both were up to the challenge, as Swedarsky threw eight strikeouts against three hits and one walk. Swedarsky totaled 90 pitches for the game.

"I think I pitched decent," said Swedarsky. She also enjoyed playing with the early run on the board - "it's always better when you're playing with the lead, because then you can just play more confidently," said Swedarsky.

"She did well," said Fletcher. "She always pitches well." Fletcher also said the HSE defense did a "phenomenal job" behind Swedarsky.

Meanwhile, Murray tossed seven strikeouts, allowing two hits and no walks. She threw 82 pitches.

"She had a pretty good night tonight," said Fishers coach Daren James. "She's throwing a lot of strikes."

Murray was 2-for-3 at the plate, while Tori Abel had one hit.

Southeastern's Grace Swedarsky (above) and Fishers' Kate Murray (right) were in a pitcher's duel for the entire game. Swedarsky threw eight strikeouts and Murray had seven strikeouts.

"We hit the ball really well," said James. "We got people in scoring position most of the innings. We just couldn't get that ball in the dirt to get the run home from third there a couple of times."

The game was also a Hoosier Crossroads Conference contest. Southeastern is 2-0 in HCC play and 11-3 overall. The Royals play Friday at Pendleton Heights.

Fishers is 1-2 in the conference and 9-6 overall. The Tigers host Mount Vernon this afternoon.

Noblesville beat Westfield 8-5 in a Wednesday HCC game at the Millers' field.

Noblesville scored three runs in the first inning. Gabby Fowler's left field line drive scored Delaney Rundle, then Mack Harvey sent a home run to center field, also bringing Fowler home.

The Shamrocks got their first run in the top of the third inning when Reese Mahannah scored. The Millers put up two runs in the fourth when Fowler smashed a double into left field, sending Nevaeh Nash and Rundle home. That put Noblesville ahead 5-1.

Westfield added two runs in the fifth inning. Ma-

hannah scored her second run when Ava Kainrath was hit by a pitch with the bases loaded. Makayla Watson got home on Grace Fanelli's RBI fielder's choice, and the Rocks were within 5-3.

But the Millers got both those runs back in the bottom of the fifth when Makayla Jacquay smacked a double to score Izzy Zapp and Rundle; it was Rundle's third run of the game. Noblesville added a sixth inning run when Addi Emmerson singled in Macie Duvall.

The Shamrocks scored two more in the seventh inning. Watson got home on a wild pitch, then Cara Snedeker singled in Kainrath. Claire Cullen got a strikeout to finish the game.

Fowler and Zapp both had two hits. Cullen pitched a complete game, striking out 10.

Kainrath had two hits; both she and Fanelli hit a double. Chloe Tanner went four and two-thirds innings, striking out four.

Noblesville is unbeaten in the conference at 4-0 and is 7-7 overall. The Millers play this afternoon at Pendleton Heights. Westfield is 1-3 in HCC play and 7-6 overall. The Shamrocks host Yorktown this afternoon.

Hamilton Heights picked up an away Hoosier Conference East victory Wednesday, beating Northwestern 6-3.

The Tigers scored a run in the third inning, but the Huskies tied the game right away in the fourth inning: Hailey Hall scored on an error. Lily Roush got home on a passed ball in the top of the fifth to put Heights ahead 2-1, but Northwestern scored twice in the bottom of the fifth to move ahead 3-2.

Heights took control in the sixth inning, scoring four runs. Lily Cash singled in Heather Crays to tie the game, then Cash scored the go-ahead run when Roush reached on error. Hannah Dent got home on a wild pitch, then Kassidy Schakel brought Roush in with a single.

Cash had three hits for the game, with Dent and Hall both getting two hits. Cash started the game in the circle, going three and two-thirds innings with four strikeouts. Roush relieved her and threw five strikeouts in three and a third innings.

The Huskies are 3-2 in division play and 8-4 overall. Heights hosts Beech Grove Friday in a re-match of last year's regional championship.

Carmel dropped a 7-0 game at Zionsville Wednesday.

The Eagles held the Greyhounds to two hits, both of them from Alex Longstreth.

Carmel is 4-12 and hosts Tri-West tonight.

Fishers' own Ryleigh Gee earns Parker Amet Champions Together Scholarship

The REPORTER

Ryleigh Gee of Fishers is among the 17 senior student-athletes that received scholarships from the IHSAA, the IHSAA Foundation and Forté Sports Medicine.

Gee was named the recipient of the Parker Amet Champions Together Post-Secondary Scholarship. As a symbol for inclusivity and kindness, the IHSAA and IHSAA Foundation are honored to partner with friends of the 2016 Carmel High School Prom King to award the Parker Amet Post-Secondary scholarship to one partner athlete who participated in their school's Champions Together program.

Announced in 2021, the Parker Amet scholarship annually awards \$2,000 of financial support to a partner athlete who continues the work of the scholarship's name. These recipients are leaders within their schools and champions for a better community. These future and current leaders have demonstrated high character, ability to work alongside and support others and, above all else, high

moral character.

Gee is not only a high achiever in academics but also a dedicated community servant. She has demonstrated a genuine passion for making a difference in the lives of others through her involvement in Unified Flag Football, Unified Track & Field, and the Champions Together Club at Fishers. Gee serves as president of the Champions Together Club and consistently goes above and beyond to serve the community, school, and her fellow student-athletes with compassion and integrity. Participating in Unified Sports has had a profound and lasting impact on Gee's life and has opened her eyes to the beauty of diversity and the importance of inclusivity. In her words, "Unified Sports is a community where differences are celebrated, not hidden. It provides a safe and inclusive space for everyone to come together, regardless of their abilities. This program has taught me that everyone has something valuable to contribute to and that our differences are what make us truly unique and special.

The friendships that I have formed through Unified Sports are truly priceless and I am grateful for each and every one. I know they will last a lifetime."

In addition to her efforts with Champions Together and Unified Sports, she is a member of the National Honor Society, Best Buddies, and Future Farmers of America. Gee is also active with her church, where she has been able to make a difference worldwide through mission trips to Mexico, Haiti, and the Dominican Republic. Her service projects ranged from building houses and schools to providing clean water, food, and medical care to people in need.

What truly sets Gee apart are her exemplary leadership skills. She has a natural ability to inspire and motivate others, leading by example and fostering a collaborative environment in all her extracurricular activities. Whether it's leading group projects in class or spearheading initiatives in her club participation, Gee's leadership shines through in everything she does. She's committed to

making a positive impact in all areas of her life and using her skills and abilities to make the world a better place.

To be awarded, applicants must be nominated by an administrator from their school who believes they excel in each scholarship's unique criteria and requirements. Applications for all seven scholarships were opened this past Spring with over 100 completed applications received from across the state.

The IHSAA Foundation's Scholarship Committee, alongside representatives from the family and friends of each scholarship's name, determined the final recipients based on the cumulative work and experiences in competition, within the classroom, and impact on their community.

Scholarships awarded range between \$1,000 and \$2,000 and are to be awarded at ceremonies throughout this spring – including the Inaugural IHSAA Foundation Impact Awards on Tuesday, May 7 at Gridiron Hall, within the Indianapolis Colts Indiana Farm Bureau Football Center.

Colvin signs to play soccer with Huntington University

Submitted

Micah Colvin, Hamilton Heights senior, has signed a letter of intent to play soccer for Huntington University in Huntington, Indiana this fall. Huntington University is a member of the Crossroads League and a NAIA athletic institution. He is the son of Hannah and Drew Colvin.

Colvin, who helped lead the Hamilton Heights boys soccer team to its first Hoosier Conference championship game this season, was excited to learn of the opportunity to play for the Forester's in the fall. "Coach Lawson cared a lot about me from the moment I contacted him and sent him my film," recalled Colvin, who has dreamed about playing college soccer since the second grade. "Before even talking about committing or scholarships, he was helping me develop into a better player." Colvin plans to pursue a degree in Marketing to ultimately work for a professional sports organization.

Soccer has been my main sport for as far back as I can remember," noted Colvin, who plays club soccer and trains during the offseason to be at his best for each soccer season. He credits his family, specifically, his parents, coaches, and best friends/teammates for their

support, encouragement and influence in his journey to be a solid player and take his game to the next level.

"Micah has been a huge offensive contributor to the boys' soccer program as a striker, especially the past two years. He had several 'hat tricks' throughout his high school career and his scoring prowess helped

lead us to the championship game of the Hoosier Conference tournament this year and enabled us to compete with the teams in arguably the toughest 2A sectional in the state. We will certainly miss his offensive firepower next year. We wish him the best at Huntington University," said Kurt Ogden, Hamilton Heights High School

Athletic Director.

"Micah exceeded all expectations of a father and coach," said Drew Colvin, Hamilton Heights Varsity Soccer Coach. "He put in the training and work. Every coach wishes for players that put in the work like Micah. I am a proud coach and father. Congratulations, Micah!"

Fettig signs with Wabash College

Submitted

Carson Fettig, Hamilton Heights senior, has signed a letter of intent to wrestle for Wabash College in Crawfordsville. Wabash College is a member of the North Coast Athletic Conference (NCAC) and a NCAA Division III athletic institution. He is the son of Karl and Heather Fettig.

"Wabash offers its students high-level, exceptional academics and athletic programs," said Carson Fettig, who could see himself fitting in well there. "I look forward to being challenged academically and athletically. "Graduates from Wabash have a reputation of being successful, disciplined, determined young men," added Fettig, who plans to study biology. "My dream is to pursue a career as a chiropractor and operate a holistic chiropractic practice to give back to members of the community."

Fettig, a multisport athlete (wrestling and football) earned four varsity letters in wrestling, served as team captain twice, is a two-time Academic All American, State Qualifier, two-time 1A/2A State Champion, Regional Champion, and two-time Conference Champion. He also holds the top four career wins (140) in Hamilton Heights history. He is a strong student who is a member of the National Honor Society (treasurer), Student Athletic Trainer, volunteer for Meals

"I have wrestled year-round for seven years," said Fettig. "I have practiced and competed throughout the state and around the country enduring the hardest physical challenges of my life, fighting through some of the toughest mental challenges to gain success on the mat and in everyday life."

Fettig credits numerous individuals as being influential in his development as a student athlete. The greatest of which he says are

his parents, family, friends, and coaches. "I would like to give a special thanks to Gary Myers, Rodney Case, Bruce and Trezdon O'Neal, Kolton Myers, Aaron Shell-er, and Jon Kirschner for helping me to be the best athlete I can be," said Fettig.

Gary Myers, Hamilton Heights Varsity Head Wrestling Coach, said, "Carson has grown into the perfect collegiate wrestler, and he is a High School Academic All-American which translates to college success - the preparation has been done in his part. "I see a bright future for Carson!"

"Carson has put in countless hours in the sport he loves, earning over 100 career wins and just recently participated at the State Finals," added Hamilton Heights Athletic Director Kurt Ogden. "He has also worked just as hard in the classroom earning several academic honors, the most notably being a two-time National All-Academic scholar athlete award. He is the true representation of what you want from a student/athlete and Wabash should feel honored to get such a quality individual to represent them."

Meet the Candidates

Dear Readers,

It's primary election season, and we have a fine selection of candidates for you to get to know.

In these pages you will read all about the candidates who have chosen to respond to The Hamilton County Reporter's request to share their information and help you make an informed decision at the polls on or before May 7. Candidate information is presented as it was submitted.

The Reporter takes no responsibility for any typographical, grammatical or factual errors. These are the candidates speaking to you in their own words (or in the words of duly designated campaign staff). The only edits we have made have been to cut down those statements that were submitted over the 200-word limit we set to ensure everyone had equal space in our pages.

Candidates vying for the same office are grouped together in a shaded box.

Sincerely, The Hamilton County Reporter

COUNTY

Robert (Bob) Bragg

Republican for Hamilton County Treasurer

My objectives:

1. Maximize return on investments with minimal risk:

Hamilton County's rate of return was 3.95% in 2023 and 0.99% in 2022 compared to 5.30% and 1.48% for the State of Indiana's Investment fund (www.TrustIndiana.in.gov). Matching the state fund would have resulted in an additional \$8.7 million in investment income over 2 years.

2. Adopt benchmarks to evaluate investment performance:

Currently, there is no stated benchmark for investment returns. I will adopt the US Treasury three-month Bill ETF (TBIL) and the "Trust Indiana" fund as our benchmarks to properly evaluate performance.

3. Increase transparency in investments:

Currently, there is no data on invested funds on the Treasurer's web page. I will post investment returns and investment composition every quarter.

4. Increase adoption rates for E-billing of property tax statements:

The Treasurer mailed 125,000 paper copies of property tax bills in 2023. E-billing has been available for 12 years but I do not believe it has been communicated effectively. I believe we can save over \$50,000 a year by reducing paper statements.

I am a lifelong investor and a fiscal conservative with over 30 years' service to Hamilton County. I am a 1989 graduate of Taylor University.

Connect with Bragg on Facebook.

Susan Byer

Republican for County Treasurer

Susan Byer is a lifelong Hamilton County resident who has served Hamilton County for over 18 years in the Treasurer's office. She is the current Hamilton County Treasurer. Along with her role as Treasurer she has continued to serve her community as the 4-h Horse & Pony Project Superintendent and Hamilton County Horsemen's Club President.

In the last 4 years as Treasurer Byer has changed print vendors for County Tax Statements that saved the county \$15,150 in 2021.

Byer manages 35-40 accounts within state statute throughout the year with safety and liquidity as a priority. Her adept ability to invest have earned the County \$19.7 million in interest income in 2023 alone. Her average of 3.95% last year includes all County accounts. Investment accounts ranged from 4.9%-5.69%, well above TrustIndiana's 2023 YTD average of 5.04%.

As Treasurer she completes a Monthly Treasurer's Report and an Annual Investment Report that is accessible to the public on the County's website.

Byer puts the public first and is always available and willing to answer questions. Her experience, integrity, and customer service makes her the best candidate this year.

Please cast your vote for Susan Byer for Hamilton County Treasurer on May 7th.

Connect with Byer on Facebook or by emailing susanbyerforhtreasurer@gmail.com.

Steve Dillinger

Republican for County Commissioner District 2

Steve Nation

Republican for County Council At-Large

Judge Steve Nation has dedicated his life to protecting and serving our community. In 1979, Steve became Prosecuting Attorney of Hamilton County and served four consecutive terms. In 1995, he became Hamilton County Judge and served four terms in office, and then retired in 2018. Steve's legacy and impact go far beyond the courtroom and extend far into the community.

Dr. Valerie McCray

Democrat for United States Senate

My name is Dr. Valerie McCray and I'm working hard to become your next U.S. Senator representing Indiana.

As a Psychologist, I've witnessed how U.S. policies profoundly affect the mental well-being of our people. I've worked directly with veterans struggling with PTSD, incarcerated individuals in desperate need of support and rehabilitation, and youth struggling to overcome the effects of violence. It's clear that mental health must be a national priority and we cannot address our nation's challenges one crisis at a time. That's why I'm running for U.S. Senate.

Relentlessly, I will fight for beyond-subsistence wages, unions, healthcare for all, women's rights to choose, equal rights for everyone, strengthening public education, and repealing Citizens United so people (not corporations) can be truly represented. In addition, I will champion student loan debt reduction, closing the wealth gap, and funding environmental restoration efforts.

I am both compassionate and fierce, and can relate to the struggles of working class Hoosiers. I will break barriers and build a brighter future for Indiana. Together, we can build a movement for change – one that prioritizes mental health and ensures every individual has access to resources needed and policies that help us thrive.
