## When love looks different

Oh, Mama, that child still loves vou. They just love you differently and from a distance.

Sometimes, words are seen by your eyes but felt in your heart. I hope this week's column touches your heart. When your child

COLUMNIST JANET HART LEONARD From the Hart

your heart is dragged through the brutal field of not yet; I'm not ready for this, and how did we get here so quickly?

This month, 25 years ago, I drove all those 85 miles to Indiana State University in Terre Haute – it might as well have been 850 miles. My house was quiet. My heart hurt. I missed my Emily.

#### Dear Mama,

Your child is headed to college.

I know your heart is struggling. Your emotions are all over the place. You are cheering for the adventure your child is going on. Oh, the places they will go, but you won't be in the nearby bleachers. You're going to miss those bleachers.

You long to return to the sweaty, miserable 90° weather when you wished for them to lose the game so you wouldn't have to return tomorrow and suffer another day in the scorching sun. Oh, how you long for the pain your hind end endured while sitting on those steel bleachers. After six hours, not even the newest cushion was cushy enough.

As they remove their clothes from the closet and drawers, you tell yourself they will be okay. It's you that you worry about.

With each trip to the SUV, as they clear out their favorite things from their room,

## Just keep swimming: Carmel Swim Club sees renewed interest following Olympics

**By AMY ADAMS** news@readthereporter.com

While the 2024 Summer Olympics in Paris have officially ended, Carmel Swim Club (CSC) is ramping up for a rise in interest in competitive swimming participation.

"Every year we host new swimmer evals for Carmel Swim Club," said Maggie Mestrich, director of business development for CSC.

While kids enrolled at Carmel Swim Academy (CSA) are evaluated on an ongoing basis throughout the year, Mestrich said that summer evaluations are for kids who aren't enrolled at CSA.

"They may be kids who had fun swimming at the neighborhood pool or kids else," Mestrich said. "Generally speaking, anyone who is at least kindergarten age and can swim 25 yards each of anywhere from 50 to 70 kids at lis hosting the U.S. Olympic freestyle and backstroke is eligible.'

If children don't meet the eligibility requirement, Mestrich said they will be referred to CSA.

## Noblesville's Joseph Jackson graduates from U.S. Merchant Marine Academy

Submitted by USMMA Alumni Association & Foundation, Inc.

Joseph Bartrum Jackson of Noblesville recently graduated magna cum laude from the United States Merchant Marine Academy (USMMA) at Kings Point, N.Y.

Jackson earned a Bachelor of Science degree and a commission in the U.S. armed forces. He also earned a Merchant Marine officer license, qualifying him to serve as an officer on any ship in the U.S. flag merchant marine.

The USMMA is one of five U.S. federal service academies. It educates and graduates licensed Merchant Marine officers to serve the nation during peace and war. In addition to the rigorous academic and physical requirements for admission, applicants must be nominated by their Congressman or Senator.

All USMMA graduates incur an obligation to active duty in the nation's armed forces.

By virtue of their elite training and real-world experience, graduates are ready to go on day one in service of American military strength and economic power. As part of his fouryear education, Jackson spent one year training as a cadet aboard ocean going vessels.

The Academy welcomed White House National Security Advisor Jake Sullivan as the commencement speaker.

"You have much to be proud of, and the path you have chosen is tremendously honorable," Sullivan said to the graduates. "As soonto-be ensigns and second lieutenants, assistant engineers, and third mates, you will crew ships that are essential to our nation's security. You'll spend a large part of your life at sea so that your fellow Americans can live safely at home."

"We were very excited to encourage our team to go to the Olympic swim trials and to come to the watch parties," Mestrich said. "We want to spark that love, and we do see it happening."

Mestrich said that Drew Kibler and Jake Mitchell, both Carmel Swim Club swimmers on the U.S. Men's Swim Team in the 2020 Tokyo Olympics, talked about being inspired by watching Michael Phelps win the gold.

'You cannot overstate the value of seeing one of your teammates achieve on the largest stage the world has to offer," Mestrich said.

Along with encouraging kids to want to start swimming competitively, Olympic viewership has inspired some current CSC swimmers to work harder.

From classroom to workplace, learning continues for Heights summer interns

#### The REPORTER

When the opportunity to apply for a paid summer internship at E & B Paving came his way, Blake Dill, a junior at Hamilton Heights High School, jumped on it. Dill, who has family members working in the construction industry, started to think about careers in construction trades while he was in middle school.

Like Dill, Hamilton Heights senior Ethan Halverson, said when he learned about the opportunity to have an immersive experience in the asphalt industry through a paid summer internship at E & B Paving, he applied. Most of Halverson's family work in the trades and he said that has been a big influence in his career interest.

"I wanted to get my foot in the door for bigger opportunities down the road," said Halverson, who has always wanted a job in the construction industry.'

E & B opened that door for Halverson.

Senator U.S. Todd Young (R-Ind.) recognizes Hoosier students who participated in the second session of his summer internship program in Washington, D.C. The students assisted with daily activities and special projects related to legislation, communications, and constituent services.

The intern class included Cael McCullum, a sophomore from Newburgh attending Yale University; Nathan Mock, a junior from Clinton attending the University of Chicago; Kennedy Ebner, a senior attending Indiana University; Carson Tranter, a first-year law student from Fort Wayne attending Indiana University McKin-

Senator Young's office offers internship opportunities year-round, in both his Washington, D.C. and Indiana offices. The internship program offers students the opportunity to experience the legislative branch of government and serve Hoosiers.

"Mr. Press talked about the company, who they are, what they do, its history, and what opportunities they offer to both high school and college graduates," recalled Dill. "Before he left, he gave all students his business card and encouraged us to call or email for additional questions or to learn more."

Dill wanted to learn more. That interest and enthusiasm helped Dill secure a summer internship with E & B

Halverson said he has learned a lot about asphalt and aggregates at E & B, how it's made, its composition, and all the ropes of testing quality control of the asphalt. Dill, who wants to work in the construction field as a dump truck driver, agrees. "Each day it get to learn something new about

Carmel Clay Parks & Recreation (CCPR) has installed a communication board at River Heritage Park, 11813 River Road. Designed to be an augmentative and alternative form of communication (AAC), the communication board will enhance the park experience for non-verbal and limited language community members.

## Health Department inspects over 400 pools this summer

Public health interns hired as water quality technicians to help manage workload

#### The **REPORTER**

The end of summer often signals the end of pool season and that's no different for the Hamilton County Health Department. The Department hires two public health interns as water quality technicians to help it manage the more than 400 public swimming pools it monitors during the peak season.

"We're responsible for inspecting any and all public pools," says Morgan Bennett, the department's Senior Environmental Health Specialist. "That includes neighborhood and apartment complexes, splash

pads, and water parks. As you can imagine, it's a tall task - especially between Memorial and Labor Day weekends."

The Health Department hires two interns each summer to help with the extra workload. Technicians visit each pool at least twice during the season, checking for the presence and condition of first aid equipment, assessing the operation of pump rooms, and monitoring the levels of various chemicals in the water to ensure they fall within the safe ranges set by state and county regulations.

### SoHa Summer

When I think of summer, I think of spending time in South Haven, Mich. There are certain places in the world where you just feel happy.

A6

My love of South Haven began when I was a little girl and has grown and evolved over the years. I went from

being a little girl with my parents and sister to a mom with my own two children. The memories I see my children making together remind me of my sister and me when we were kids. Hearing my children's excitement about a place that I love so much feeds my soul.

You see, I don't need an extravagant trip. I'm happy to go to the beach, get an ice cream cone, read a book, shop around downtown, and get a pizza and some wings. Give me a glass of wine with the view of the harbor while watching the bridge go up and down to let the sailboats cross and I'm happy.

South Haven is a place where you come journey, not the outas you are. It has always reminded me of the fictional town of Mayberry in The Andy Griffith Show. I love getting ready for our trip and talking about it with my kids. I love everyone saying what they are most excited about. I love the drive up to South Haven and the palpable excitement in the car. I love it when we get into town and our first drive down Phoenix Street and down to South Beach. That first glimpse of the lighthouse never gets old. I love it when we arrive at our rental and the excitement of the kids running all over and checking out our home for the week.

I love waking up in the morning and seeing what treats my husband will decide to bring back to us from the Golden Brown Bakery. I love walking around the downtown shops and taking a stroll to the pier with ice cream in hand. I love taking my kids to the same ice cream shop that was there since I was a little girl. The name

## Live unedited

Many of us have things we look back on as we analyze our younger years that we wish we could get a "do-over" for. That is just part of living and growing in age and hopefully a little wisdom along the way. Sadly, there are not any true "do-overs"

but if we are alive, there is room for growth and change.

Living with a disability, something that I really look back on and wish I could do differently is the amount of time that I spent "editing" myself to make myself more appealing to others, or to fit in when I felt I did not because of my disability. If you have been around, you know I have touched on this before. It bears repeating - especially so for my younger readers who are also making their way through life with a disability that makes them feel different from everyone around them a lot of the time.

I have had the opportunity to form some relationships with those younger than me in the disabled community. Let me tell you, I have often been in awe of them and how much further they are on their self-acceptance journey than I was at their age. Maybe it is partly the times. It feels more acceptable and even desirable to stand out and be unique these days. I am certainly no expert, but from my observation that is what I see. I love it. I wish we could all feel free to be our complete and total selves instead of an edited version created for whoever we are with.

One of the ways I edited myself was by pretending that my disability did not cause the level of struggles that it did. Very often I downplayed the amount of stress it caused me. I got quite good at it, I guess you could say. My close friends knew more of my struggles, but not completely. To be honest, I am still guilty of doing this, but I have learned that does not serve me well.

That he lived three-quarters of a century easily brought to mind lyrics from one of his finest Key West tunes, "Nautical Wheelers": "... that's 'cause everyone here is just more than contented, to be livin' and dyin' in three-quarter time ... "

This 1974 song was one of the earliest examples of Buffett's clever, laid-back lyrics making landfall on the beaches of our musical landscape. For musicians, "three-quarter time" refers to three beats per measure, but to non-musicians like me, it was interpreted as sage advice guiding us to live life to the fullest – for you never knew when your time would come to walk the plank and plunge into a feeding frenzy of "fins to the left, fins to the right, and you're the only bait in town."

The first request was regarding a Jackson Township matter where a property owner had requested permission to locate a recycling transfer station within Jackson Township. Hamilton County planning and zoning had nothing to do with the request or any approval for this request. I referred the constituent to the correct local authority.

The other two requests were asking about the impact of Sheridan and Adams Township into a new legal entity. My position, which I explained to both taxpayers, is agnostic. said PORCH and ROOM SALE. We had seen signs for garage sales, basement sales, porch sales, barn sales, and yard sales, but this was the first porch and room sale. We decided to investigate.

The porch was small but well-stocked with primitives. We scarcely had time to look at them when the proprietor urged us to come on in. He was of medium height, not exactly fat but built from a square pattern, rather dark, wavy hair receding a little from the forehead. He was probably retired, looked to be 65 or maybe 70.

After his prompting we stepped into the room. At one time it had been a parlor or living room. Now the center was dominated by a table which served as a wrapping-counter. One wall bore a sign announcing that each item was 50 cents. Below the sign a long table filled the space from corner to door. It was loaded with sugar bowls that had lost their mates, odd creamers, jelly bowls - there must've been at least 200 pieces of glass and china waiting for a new home.

Another corner held a shelving arrangement. This extended from floor to ceiling and floor to corner, corner to window. How proud he was of this! The boards were salvaged from an old barn. He had put them up with only one nail so that a later tenant could remove them without damaging the walls. I am still puzzled about the construction but can vouch that it was sturdy; he shook it and closely spaced dishes didn't even rattle.

Another shorter wall had shelves from floor to ceiling. Even the bay window had two series of shelves. And every shelf was completely filled! Here the sunlight sparkled on his better dishes and cut glass pieces. Before we could begin to see everything, our host urged us into another room and then another. These no doubt had been bedrooms, now like the erstwhile living room they filled to overflowing with someone's treasures.

We had taken a hasty look at it all, we thought, and started for the outside door. Our host had another idea. "Let me show you something you've never seen before," he offered and led the way through his living room into a kitchen. Here the table was a treasure trove of Depression glass. He spoke knowingly of this pattern and that. We did, indeed see things we had never seen before. A few comments and we again moved toward the door. Our host invited us

to view yet another space. "Come on out on the porch," he urged. "It has something else you've never seen."

The porch was large and fitting into a corner of the house, it had two walls. The other two sides were boarded up a few feet, then screened. Again he had taken advantage of the available space. From a long bench he picked up a metal gadget. "Bet you never saw one like this," he challenged.

We hadn't and I hadn't the least idea what purpose it had served. My husband just with the first guess: a scouring device. This proprietor seemed a bit crestfallen but cheerfully called us on to his ace in the hole. This proved to be an up ground cellar. I had heard of such rooms but had never seen one before. Our guide was delighted. It was a cemented and plastered little room two steps below ground level. He showed us the shelves lined with food, some of it home-canned. And then he pointed to a square chute. It was near the door which led into the kitchen. "Bet you can't guess what that's for," he said. We have similar chutes in our granary; they feed grain from overhead bins into wagons. We played his game; we couldn't even hazard a guess as to what this one could be.

Gladly, he explained. Outside the house there was a wooden potato bin. It could be filled out-of-doors so there would be no dirt carried into the house. Then when potatoes were needed, one could hold a pan under the chute, pull out the board which acted as a regulator and there they were: instant potatoes.

We admired the chute and again moved toward the front of the house. The lecture and tour were winding down: he had told us his life history, why and how he collects, about purchasing the old house without ever stepping inside it, about his wife's lengthy illness. He had even thrown in a few of his trade secrets. Asking, in anti-climax, he produced one more surprise. This was an oddly-shaped bottle, unique in pattern. We tried not to let him see that it was more fascinating to him than to us. "A young man like me has to have a job," he said and added with a chuckle, "I won't be 78 until September."

We scanned the shelves in the old parlor again and chose a nicely shaped brown pitcher. The tag said one dollar. The price was cheap. Where else could we have gotten exercise, an informative lecture, and a good pitcher at that price?

Besides that, we had made his day.

## Girls Golf-Shamrocks fight back Eagles to win State Preview meet

#### **By RICHIE HALL** sports@readthereporter.com

CARMEL - The busy first week of the IHSAA girls golf season finished last Saturday with a solid win for Westfield.

The Shamrocks won a back-and-forth battle with Zionsville to claim the State Preview meet at Prairie View Golf Club in Carmel. Westfield scored 319 to the Eagles' 320; the Rocks took an early lead, weathered a Zionsville comeback during the middle part of the round, then moved back ahead during the last few holes to claim their second tournament of the week.

"Good start to the year for us," said Westfield coach Josh Bryant. "Today we had three players that had never played the back nine and one of them had never played Prairie View. This is a place that normally, you need a few trips around, and very proud of how we hung in there and played."

The Shamrocks were led by a splendid round from Addi Kooi, who scored a three under par 69. The senior drained three birdies during her first six holes to jump in front of the back, then solidified her lead by making two long birdie putts on the 15th hole (from 30 feet) and the 17th hole (from 35 to 40 feet). Kooi finished five strokes ahead of runner-up Alex Reschly from Northridge, who scored 74.

When an Olympian speaks, many people will listen. Especially the young ones.

Noblesville's Luke Whitlock returned home from Paris this week after competing in the 2024 Olympic Games. The Fishers Area Swimming Tigers star qualified in the Men's 800 freestyle; he finished 15th in the preliminaries with a time of 7 minutes, 49.26 seconds.

which made him one of the youngest swimmers at the Olympics. But to the young people who were among the roughly 100 that attended Whitlock's homecoming event last Wednesday at the Fishers High School cafeteria, he's already someone they look up to.

Whitlock and FAST head coach Joe Keller spoke for about 40 minutes at the event, after which Whitlock took questions from the crowd. After he finished speaking – as well

"This is my last State Preview, so I was really just blessed to be out here, enjoying every moment," said Kooi. "It's been a big part of the season for me. I'm just really excited to be out here and playing and enjoying every second of it."

Westfield had two players in the top five, as Kelsey Haverluck finished in a three-way tie for third place with 75. Bryant said that when he heard "some of the louder ovations," he knew that was likely Kooi making some of those big putts. "It was pushing Kelsey on," he said.

"We talk a lot about being teammates on the golf course," said Bryant. "It's hard sometimes because you're so separated, but you can really feed off good, positive body language. And then obviously when you're seeing your teammates' birdie putts fall and you're hearing ovations, it certainly gives a positive energy and we try to spread that

## Girls Golf-Season starts with a bang

Greyhounds, Millers & Golden Eagles claim victories at first tournaments of the year

#### **By RICHIE HALL** sports@readthereporter.com

NOBLESVILLE - The Carmel girls golf team began the 2024 season just like it finished the 2023 season: with a win.

The two-time defending state champion Greyhounds won the Hamilton Southeastern Invitational last Tuesday at Stony Creek Golf Club. Carmel's Blue team scored 308 for the team victory, with the Royals' Blue team totaling 312 for runner-up honors.

The Greyhounds swept the top three individual positions. Sophomore Maddie Headlee scored a personal-best 73 for the medalist award, senior Sophie Mock placed second with 74 and sophomore Reese Roudebush carded a personal-best 75 for third place.

"They all have worked so hard on their games all summer long and it's just great to see it pay off for them in the first tournament," said Carmel coach Kelly Kluesner.

"I felt like all the wheels were turning," said Headlee. "My short game was good, my long game was good. I had a few putts I could have done better on, but overall, I had five birdies. I kept playing and keeping it up throughout the round and shot my personal record."

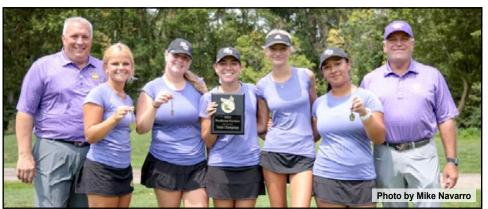

The Hounds graduated three seniors from last year's state title team but have experience with Headlee and Mock returning.

"This whole week is just about course management, letting them see what this is all about," said Kluesner.

Sophie Roberts led the way for the HSE Blue team by scoring 76. Janelle Garcia was next with 77 and Laci Hart scored 78. In addition, Brooke Willard on

## Cross Country-Carmel girls take top spot in pre-season rankings, four boys teams in top 6 positions

#### The REPORTER

Hamilton County is shaping up to have another highly successful cross country season this fall.

Everyone in the county already knows that, of course. But it's always nice to have more details, and the website indianarunner. com has been slowly revealing those details over the summer while posting its pre-season top 50 boys and girls team. The website released their pre-season ranked teams five at a time throughout the summer, finishing them up this week as practices began.

You won't have to scroll very far to find a writeup on some of the local boys teams. Hamilton County has four of the top six boys teams in the pre-season rankings, although not in the top spot. Indiana Runner is ranking Bloomington North as its top-ranked pre-season team.

The first county team listed is Carmel, which comes in at No. 2 on the IR list. The Greyhounds won the state meet in dominant fashion last year, with two runners placing in the top 10, the now graduated Tony Provenzano and Kyle Grove. Thomas Biltimeier placed 21st, all three were named as All-State.

Carmel does have some talent returning. Senior Jack Capes placed 34th at state last season, while sophomore Carter Buhr and junior Kiefer Jay also bringing back state meet experience. Indiana Runner also called sophomore Cooper Szotek "an X-factor" and noted that the Hounds "might see one Greyhound (or more) make unexpected jump this an fall."

team; the Tigers were state runners-up last season. Fishers has an A-list senior returning in Sam Quagliaroli, who finished third individually at state in 2023, making him the highest-placing runner from the county. The website said Quagliaroli's "frontrunning is a luxury no other title contender will enjoy." Quagliaroli missed most of the track season last spring due to injury.

Six of the Tigers' state runners are back, with only All-State runner Matthew Kim, who finished 16th, graduating from the squad. The other returnees are seniors Henry Wood, Bryson Slagle, Parker Mehling and Cooper Mohr, along with junior Nate Thomas. Sophomore Reece Torres is also mentioned as a varsity contender.

Hamilton Southeastern is ranked fifth by IR, which is appropriate as the Royals were fifth at state last year. Southeastern returns all of their top four state runners: senior Nicolas Vega, juniors Riley Schamp and Liam Powers and sophwebsite said sophomore Mason Schmitz "could be a big contributor" for the Royals as well.

Noblesville is sixth on Indiana Runner's list. The Millers placed 12th at state last season and returns three runners from that group: seniors Jack Strong and Jack Shinneman and junior John Libs. The website pointed out that senior Ronnie Neal and sophomore Banner Barnes both had solid spring seasons and noted that "eight returners ran under 10:00 for 3200 meters."

Westfield is rated 43rd, after taking 15th at regional last season. Seniors Landon Jones, Will Snedeker and Owen Mohler and junior Caleb Haney all ran for the Shamrocks at regional in 2023, while IR said senior Ty Conner and sophomore Luke Moulder had solid track seasons.

Seniors Olivia Mundt and Charlotte Konow also return state experience, along with sophomores Annabel Pollert and Larkin Taylor. Indiana Runner also noted senior Nola Elling as an "X-factor," highlighting her time of 19:01 at last year's Nike Twilight meet.

Hamilton Southeastern is IR's No. 3-ranked team. and the Royals have the talent to make the podium after placing sixth last year. The top returner is senior Elizabeth Butler, who made All-State last year after placing 15th (along with the now-graduated Maggie Powers, who was 12th).

Westfield's girls are rated 10th, this after placing 10th at state last season. Just like the Royals, the Shamrocks have six of their seven state runners coming back for 2024. Also, IR mentioned that Westfield Middle School "was second at the big school middle school state championship" in 2023.

The Shamrocks' returning runners are seniors Emily Loiselle and Ena Durbin, juniors Gianna Ferreri and Jordyn Landrum, and sophomores Alivia Lozier and Maggie Naas.

Noblesville is ranked No. 12 by IR; the Millers were eighth at state last season. Noblesville has some decent runners returning, starting Butler is the first of six with its state competitors: se-

Guerin Catholic is IR's No. 15 pre-season team. The Golden Eagles made it to state last year, placing 21st. Returning GC state runners are senior Camille Morrow, juniors Keira Hines and Katie Kolb, and sophomores Claire Flannagan and Brinna Wolf. The website said that junior Delaney Gould and senior Eva Parr "may be ready for varsity contributions this year also."

Fishers is rated No. 28. The Tigers were denied a place at regional after finishing sixth in the sectional last year, although several runners competed at regional as an individual. That includes senior Isabella Murch and juniors Abby Lotter and Grier Swaim and sophomore Charlotte Lawrence.

## Greatest spectacle in charitable golf outings

Jake Laird Memorial Outing brings 404 golfers from across Indiana to Pebble Brook in Noblesville

#### **Submitted**

Mike and Debbie Laird recently welcomed 404 golfers, from all over Indiana, to the 21st annual Jake Laird Memorial Golf Outing. The weather was perfect and both 18-hole courses at the Pebble Brook Golf Club were in pristine condition.

This year's event was the most successful outing since its inception in 2004 after their son, Jake Laird, an IPD officer, was shot and killed in the line of duty.

The money that is raised benefits police and fire agencies in Indiana with the purchase of new equipment, the costs of instructional programs, and financial assistance to officers injured in the line of duty. To date, the Lairds have donated over \$1

fighter agencies.

Among others, the opening ceremonies included Noblesville Mayor Chris Jensen, who welcomed the golfers to Noblesville, remarks from Congresswoman Victoria Spartz, Bryan Wolfe, who sang "God Bless America" and the National Anthem, and the IMPD Honor Guard, who did a presentation of the Colors.

Gary Carroll, who has participated in every golf outing, said, "I'd say the Laird outing is the greatest spectacle in charitable golf outings. But for me, this is about supporting my friend, Mike, and his family's sacrifice. It is about supporting our public servants, who put their lives on the line every single day. I am thankful, morialTourney.org.

One of the returning Corporate Sponsors at this year's outing, Angie Turley with Fairway Mortgage Company, said, "We love sponsoring the Jake Laird Memorial Outing each year because of all the people who come together to celebrate Jake's life and the impact the foundation makes to our police and fire service communities."

Mike and Debbie say they look forward to new opportunities to continue to serve the police and fire communities and thank everyone for their participation in this year's outing. For additional information please refer to TheJakeLairdMe-

It was also surreal for Kara Whitlock, Luke's mom, who spoke to the Reporter after the event.

Whitlock qualified for the Olympics by finishing the 800 free in second place.

"I was notified right after I swam the 1500 prelims," said Whitlock. There weren't many people around when he got the word, and he admitted he "wasn't in a great mood" just after finishing his 1500 race.

"I was not very happy with how that swim went,' said Whitlock. But he said it "was fun to be officially named to the team then and notified then, so that brought my mood back."

Whitlock joined the national team for its domestic training camp in Raleigh, ing out with Bobby Finke, who won gold medals in the 800 and 1500 freestyles at the 2020 Tokyo Olympics and would go on to claim gold again in the 1500 free in Paris. He also "It's just all the training trained with Katie Ledecky, the most decorated female swimmer of all time; Ledecky added two more gold have just one good practice, medals to her total in Paris with wins in the 800 and

"He was texting me, we didn't have any phone calls while he was gone," said Kara Whitlock. "He was texting with me, and he said 'Katie," and I was surprised. I immediately went to (marathon swimmer) Katie Grimes in my head because she was younger, and I know that he's met her and talked to her before and stuff like that. Then when he said it was Katie Ledecky, that was funny.

"And I did get to meet her family in Paris. I've met her mom before, I met her at the U.S. Open in December, ended up sitting next to her and not knowing until she told me her daughter was Katie Ledecky."

Luke Whitlock said there was nice camaraderie on Team USA, noting that "everybody there has respect for each other" and also the level of commitment the swimmers have to doing their best.

"Yeah, we're going to have fun, but people are going to take care of business, too," said Whitlock. "And I think that's really nice, just being able to see that and watch other people and what they do and try to learn from that."

"Part of it is believing that you can do something that's at an extraordinarily high level," said Keller. "I think that camp helped Luke see that he can swim with the best athletes in the world."

Whitlock will swim collegiately at the University of Florida, which is where Finke swam from 2018 to 2022 and continues to train today. Keller said that should help Whitlock to continue his improvement and give him a solid chance to qualify for the 2028 Los Angeles Olympics.

## Football-The Miracle era begins at Westfield

#### **By CRAIG ADKINS** For The Reporter

Over the last 13 seasons, Westfield football had gotten used to Jake Gilbert as its head coach and success has built up big over that time span.

With the Shamrocks going 103-54 while winning eight sectional, five regional and three semi-state championships, Gilbert raised the bar and has made Westfield into a football power. Finishing as the Class 6A state runner-up twice (2021 and 2020) and winning the Class 5A state title in 2016 puts the Rocks program up there as one of the best in the state.

Josh Miracle will transition smoothly from where Jake Gilbert left off, being a part of Westfield's staff throughout Gilbert's tenure since 2011, when he graduated from Wabash. Gilbert is now the associate head coach at his alma mater, Wabash College, in Crawfordsville and be the head coach in-waiting after the 2024 season for the Little Giants.

The 2023 season had Westfield finishing 11-2 season a sectional title at Noblesville and regional over Hamilton Southeastern. The Shamrocks' bid for another state finals appearance came to an end with a semi-state loss at Crown Point in double overtime, 38-31.

"As the season approaches, we continue to be thankful for the blueprint Coach Gilbert put in place the past 13 years at Westfield," said first-year head coach Josh Miracle.

With Jackson Gilbert graduated and headed to Wabash himself, senior Carsen Melvin is set to take over at quarterback. Melvin was 8-for-16 for 78 yards and 2 interceptions in limited action last season.

"Carsen Melvin is in line to start at QB for us this fall. Melvin has put together a tremendous offseason and emerged as a key leader on offense," Miracle naming his starting quarterback.

Senior running back Kendall Garnett returns for his third varsity season in the backfield. He rushed for 1,199 yards and 12 touchdowns as a junior and has 2,034 yards and 24 TDs through two seasons.

Fellow senior Mikeah Webster took some carries in short-yardage situations, scoring five touchdowns.

"As we head into August, we will have a RB by-committee approach.," Miracle said on the Shamrocks backfield depth.

Senior Gabe Aramboles is a four-year starter that has played 35 games in three years. He has caught at least 35 passes and gained no less than 500 yards receiving with 13 TDs, including 41 grabs for 583 yards and six scores in 10 games and heading into his senior season as one of the top wideouts around.

been extremely deep and well-rounded throughout the stops, an INT and fumble offseason," Miracle stated of his talented wideouts.

Westfield senior Kendall Garnett returns to the Shamrocks team this year for his third season at running back. Garnett rushed for 1,199 yards and 12 touchdowns as a junior and has 2,034 yards and 24 TDs through two seasons.

(324, TD), along with junior Broc Parker (192 yards, 2 TDs) that will be key contributors.

Defensively, senior Drew Law (70 tackles) leads the returnees with two INTs, one sack, a fumble recovery, "Our WR corps has and blocked punt. Junior Deacon King also had 70 recovery. Junior Alex Aramboles had a sophomore season of 66 tackles (50 seniors Beau Braun (387 assists), including 9.5 for yards, TD) and Parker Knott a loss (four sacks). Senior

Thomas Vandergriff comes Conference. back in the secondary with two INTs.

Replacing kicker/punter Brody Boehm is another two positions Westfield is replacing a three-year starter. Boehm averaged 35.0 yards per punt on 80 boots extremely accurate with PATs, making 92-of-94 in with Zionsville and heads to his career. Boehm has taken Noblesville on Sept. 13. his talents to the University of Missouri to kick for the rocks welcome in Hamilton Tigers in the Southeastern

Westfield opens Miracle's first season on the road at Center Grove on Aug. 23. The home opener is in Week 2 (Aug. 30) against the Shamrocks' neighbor to the south in the Carmel Greyhounds. Westfield begins in 31 games. He was also Hoosier Crossroads Conference play on Sept. 6 at home

> Mid-season, the Sham-Southeastern on Sept. 20

and they'll hit the road on Sept. 27 at Brownsburg.

Westfield starts October by hosting Avon on the 4th, then it goes back on the road on Oct. 11 at Fishers, followed by the regular season finale at home against Franklin Central on Oct. 18.

'Our staff and players look forward to continuing the 'outwork, out love' family atmosphere that has been at the heart of Westfield football for many years," added Miracle.
