### Noblesville Class of 1965 honors classmates who died in Vietnam

By AMY ADAMS

At 3 p.m. on Sunday, Sept. 15, members of the 1965 graduating class of Noblesville High School gathered on the Logan Street Bridge to pay their respects to classmates Jim Grant and Mike Lawhon.

While not a true reunion for the Class of 1965, as their 60th class reunion will take place next year, some classmates came from as far away as California, Florida, and Texas.

"They are honored to be able to honor our classmates," said Toni Dickover, who had a hand in organizing the gath- now line the bridge and spill ering. "We were a close class. We were the first official year of Noblesville. 'baby boomers,' so we did have a larger class than some."

Both Grant and Lawhon served in the U.S. Army and died in Vietnam in 1969. A banner remembering the two men, one pictured on each side, is currently hanging from a lamppost in the center of the Logan led a daring escape. He passed Street Bridge in Noblesville.

The idea of creating banners for veterans was sparked by a desire to honor Charles Layton, who helped start Logan Street Signs & Banners with current owner Jim Wafford. As an Army Ranger during the Korean War, Layton was taken captive and away in 2020 at the age of 92.

Deb Wade of Logan Street wards of 40 printed by Logan Signs & Banners said the City of Noblesville has waived the hanging fee for the banners and has been providing space as it becomes available.

In addition to honoring friends of the print shop, such as Dan Mode and his father, World War II veteran Eddie Mode, Wade reached out to the Noblesville Fire Department, Noblesville Police Department, and the Hamilton

### Golden Girls go camping

Into life, a little laughter must fall. My thoughts as I write this column.

Hamilton County's Hometown Newspaper

For the past two weeks, my column has brought tears to my eyes and those of some of my readers. This week, I hope to bring you a little laughter.

COLUMNIST

Last week was the Golden Girls' annual camping trip. Patrice Lyttle, Linda Butler, Joan Gamble, and I have been doing this for three years.

Whenever I tell people I am going camping, they look at me strangely and say YOU? CAMPING? I understand their thinking. Those who know me know I am not adventurous; I hate to sweat and get dirty. Most of all, I hate bugs.

Our plans changed the first year. The White River Campground near Koteewi flooded, and we ended up in the camper at Patrice's house in the driveway. The perk of that was a hot tub a few feet from the camper.

From that experience, I learned that I am majorly claustrophobic. I was assigned the lower bunk bed, which is in the back corner of the camper. You must crawl into it. The opening is less than a yard wide and deep. As my mother would say, "Lawd, have mercy!"

After the lights went out, I tried every position I could think of to calm my anxiety. I prayed. I sang to myself. I quoted scripture.

### Why you won't see political attack ads in this newspaper

The REPORTER

This election cycle promises to be an interesting one. In today's edition on pages B4 and B6 you will find Hamilton County's legally required notices detailing offices on the ballot, public questions on the ballot, and polling locations.

Just before early voting begins, you will begin seeing our candidate information pages in online editions, which will publish every day from the time we start through Election Day itself. The only candidates not listed in those pages will be the ones who choose not to engage with our readers.

Yard signs, billboards, and yes, newspaper ads for this election are about to get common. We are asking you, dear readers, for civil discourse in these pages.

Hamilton County's Hometown Newspaper does not accept any attack ads, and long ago broadened that policy to include columns, letters to the editor, and other opinion pieces.

We always encourage readers to have their say in The Reporter. Just keep it civil.

Tell us why you believe someone is the right choice to lead the community. Tell us what your candidate of choice has to offer.

We will not, however, publish letters, ads, or columns that focus on what or whom you stand against. We are happy to hear and share what you stand FOR.

### Hamilton Heights EMS/First Responder Day opens door to career possibilities

The REPORTER

Last week, all Hamilton Heights fourth- and eighthgrade students, along with some high school students, had the opportunity for an up-close and personal look at career opportunities as part of Emergency Medical Services (EMS) and First Responder Day.

The event, conducted at Hamilton Heights Middle School (HHMS), introduced students to EMS and first responder careers that involve serving the community with basic medical care to being the first to respond during a medical emergency or accident.

Students had the chance to learn about careers that align with their interests and skills so they can start to narrow down what careers to pursue in the future. They were also exposed to different types of careers within these fields that they may not have imagined from various agencies from around Hamilton County and the state who were there to support the event.

This year, the town will carry on a new tradition of a Saturday evening concert from 7 to 9 p.m. by the Jessie Brown Band, followed by fireworks sponsored by Duke Energy and BBQology. Food vendors

will be open in the park.

The Reporter had the opportunity to speak with event organizer Jennifer Farley about what visitors can expect at this year's event.

"There are over 600 vendors lining Atlanta's streets," said Farley, who The downtown district has also serves as the Town Clerk-Treasurer. "This year we had so many vendors wanting a booth that we had to open another block on Broadway Street and in Dolles Park. The town has three different areas it rents: Main Street, Dolles Park, and Broadway Street, but homeowners also get involved. So around 600 vendors is the estimate throughout the whole town.'

Corban was supposed to get his driver's license this month, and Craig has therapist who can work with him on adaptive driving.

"As soon as Corban heard about it, he said, 'That's where I want to go," Phillips said.

# Sheridan prepares for vote about town's future

By ADAM PINSKER & **ASHLEY FOWLER** 

WISH-TV | wishtv.com

Voters living in the town of Sheridan and in Adams Township will have to decide in November's election on whether they want to reorganize into a single local government. The question will appear on the Nov. 5 ballot.

In a press release announcing the proposal last year, Town Council President Silas DeVaney III said annexing into a larger community is a "major first step in the process of planning for growth along the U.S. 31 corridor."

Sheridan Currently, is within the township's boundaries but it has a separate government. In Adams Township, which includes Boxley and Bakers Corner, the sheriff's office is in charge of law enforcement and Hamilton County is in charge of government services. If Sheridan annexes the township, it would also have a much larger area to govern.

If reorganized, Sheridan's borders would extend to cover the entirety of the township. The population would go from about 3,100 to roughly 5,200 and the five-member Sheridan Town Council would expand to seven members.

### Residents listen to County Commissioners at a last Thursday's meeting.

Adams Township Advisory Board approved the merger.

Hamilton County officials talked to residents about the merger at a meeting Thursday. County Commissioner Steve Dillinger warned that a lot of things the county pays for in Adams Township would become Sheridan's responsibility.

"If that's what (residents) want, I support them 100 percent," Dillinger said. "I iust want to make sure they have all the knowledge on what the costs will be."

Dillinger said if Sheridan annexes Adams Township, it would lose out on for federal money and grants designated for roads that the county is set to distribute. Instead of using the federal money, Sheridan would have to pay for road projects itself.

On June 18, the Sheri-road work, and the grants ...

ent roads over there, that we won't be doing," Dillinger said.

Sheridan would also be on its own for snow removal, Dillinger added. Hamilton County Sher-

iff Dennis Ouakenbush savs Sheridan's annexation plan doesn't provide enough funding for his deputies to patrol the community. If the ballot initiative

passes, the city's police department would be responsible for patrolling an even larger swath of land, with the same amount of officers it has now.

"Just this past year our officers [deputies] have done a lot of assisting the Sheridan Police Department because they've been so short," the sheriff said.

A few residents at the 'The \$30 million for the meeting were skeptical and told the county commissionwere being provided accurate numbers from the county on how much revenue Sheridan would need to run a reorganized government.

"You're not thinking that

we're not all farmers that don't have an education, and these farmers are probably more educated than half this panel," one resident told the commissioners. Others were afraid if

Sheridan doesn't grow, it will be annexed by Westfield. Westfield Mayor Scott Willis said his city is not considering annexation of any part of Sheridan.

If the ballot measure passes, the reorganization would take effect on Jan. 1, 2025.

Hamilton East Public Library (HEPL) will hold a "Bike Rodeo" in partnership with the Hamilton County Sheriff's Office to promote safety and wellness for children ages

This program will ke place from 10 a.m. to noon Saturday, Sept. 28 at the Fishers Library, located outside near the Nickel Plate Trail.

Attendees are asked to bring their own bike and arrive ready to learn safe ways to travel on bike path trails. After learning some safety basics, riders will then have the opportunity to put those skills into action through an obstacle course challenge aimed to build riding skills. Free helmets and fittings will be provided (while supplies last) and a helmet must be

# Fishers Century Club selects The Smoking Pastor Project

The REPORTER

Last Tuesday, the Fishers Century Club gathered to network and hear about local charities, and the group selected The Smoking Pastor Project as its winning charity.

The brief presentation was delivered by Century Club attendee Cameron Carter on behalf of the organization, which recently made headlines after The Smoking Pastor Project's mobile kitchen trailer was stolen and completely destroyed by thieves. The trailer, a total loss, was crucial to the organization's mission of serving free food to the local community and other non-profits.

This timely donation from the Fishers Century Club will aid in The Smoking Pastor Project's efforts

to replace the trailer and continue its mission.

The REPORTER

The City of Carmel announces the formation of a Diwali Committee, bringing together a diverse range of organizations from the Indian community to plan the city's inaugural Diwali celebration taking place on Saturday, Oct. 26 in Midtown.

"Diwali is a wonderful opportunity for our community to come together and the Festival of Lights, is one celebrate the rich cultural of the most popular festivals

so special," Carmel Mayor Sue Finkam said. "I am proud to support the efforts of the Diwali Committee and look forward to a spectacular cele-

bration." The committee will be chaired by Carmel City Councilor Dr. Anita Joshi, reflecting the city's commitment to celebrating cultural diversity and inclusion. The committee aims to create a memorable Diwali celebration that highlights the rich cultural heritage of the Indian community.

In a move to foster community involvement and youth engagement, the committee will also include four students representing Carmel High School, Brebeuf, and Park Tudor. Their participation is expected to bring fresh perspectives and innovative ideas to the event planning process.

### \$27M Ambrose on Main project to anchor Downtown Westfield's east side

The REPORTER

The City of Westfield and Rebar Development have announced Ambrose on Main, a \$27 million multi-use development that will be a transformational gateway on the east side of downtown Westfield.

Located at the northeast corner of State Road 32/Main Street and East Streets, Ambrose on Main will feature modern amenities such as plaza and courtyard areas spanning 6,000 square feet, a 2,000 squarefoot rooftop patio, and over 12,000 square feet of new commercial space. This is set to include a restaurant with outdoor seating.

The development will offer 87 one- and two-bedroom apartments with amenities such as a workfrom-home lounge, an indoor/outdoor cafe, stateof-the-art fitness center, indoor bike storage and a pet spa. All apartments will have modern finishes, including quartz or granite counters, stainless steel appliances, full-size washers and dryers, tile backsplash partnered with Studio Axis in their downtown.'

a master planner.

I do not mean at planning big events, outings, or vacations. I mean I am a daily master planner.

As a disabled person, many moments of the day involve a plan, even down to planning

how I will get up off a certain chair or into or out of a certain car. All of it requires thought and planning. It is mind boggling to think about all the minuscule details I must plan throughout each day

just to get through one day! A huge part of that planning involves careful calculation of preserving precious energy, too. I must make sure that I have planned down to the smallest detail to make sure I can make it to the end of the day. There are many nights where I will sit in the living room for an extra hour or so, just to muster up enough energy to make it to bed. Like an inner pep talk.

When my kids were small and I was working part-time, the energy planning was SO hard. I never had enough left into the tank, often not even being able to walk to my bed at night. My incredible husband, who I am sure did not have much left in his tank either, managed to carry me to bed many of those nights. Looking back, I am not even sure how we did it, but somehow, we managed together.

At that time, I was not using a wheelchair in my home, even though I am sure that would have helped me. I was stubborn in that way. Knowing I needed something badly, but I guess not wanting to really admit it to myself. That part was hard for me. Now that I have crossed that threshold, I wish I could go back and tell that young lady, "Don't be crazy, accept the help! It will change your life." In many ways, my stubbornness and pride made my life so much harder.

I am thankful that I have a good sense for time management. That quality serves me very well and helps me daily. I thrive on the planning, really. It is something I have learned to enjoy because I see how much that helps me. I just need to be better about how I react when things do not go according to the way I have planned them.

It's not that I want to be rigid, but when that happens, I have to start from square one, often having to formulate a new plan very quickly. That can be super stressful for me. It can cause a sense of panic, depending on the nature of the change in plans. It is something that I am working on. I am trying to be better about controlling that internal panic when a change in plans happens.

log cabin which stood in the back field at Grandfather's place. Once a home, then a farm shed, now a trap. Father chose a day, loaded some tools and took Son along to help. The two of them soon had the task completed. They even had a few souvenirs: an old Ford headlight, tiny teapot.

Mrs. S. was Son's English teacher that fall and in due time she asked her class to write themes. Son decided to write about the old log house. A fine topic. Very good. Mother was pleased, perhaps too pleased. She kept making suggestions until Son began thinking of a new topic. But he did finish and he did complete a masterpiece. Mrs. S was more than pleased with his production. Son was pleased with his grade but not with his masterpiece. He tore it up, wadded it up, threw it in the wastebasket.

Mother was chagrined. What had gone wrong? And anyway what was so wonderful about an old log house? Too late Mother realized that the story was Son's but the expressions were hers. They both should have written a story. Now it is too late. The words won't come back.

The house? Old, no good, a thing to dispose of. Father and Son were chased out by a swarm of bumblebees. They are dangerous creatures and both were greatly relieved to get away from them. They had no more than reached a safe place when they were startled by a loud crash. The old house was down! The bees had scared them half to death but had saved their lives by forcing a hasty exit.

Next time write your own story. It's better that way even if it isn't so good!

(The old log cabin back the lane at grandpa Carl Adler's was torn down when I was in the eighth grade. Grandma's house where aunt Dorothy I. Adler lives had been located back near the log cabin and had been moved forward by horses and large rollers. The model T Ford taillight is still in our library. I restored and repainted it).

# Laughter is writer's writer daughter's best medicine

One good way for a writer to lose delusions of grandeur about his or her own literary prowess is to self-publish a failed book.

### Spousal Social Security – even if you're divorced

As many people approach retirement, being divorced can cause a lot of confusion around Social Security. How do benefits work if you are divorced?

If you were married for at least 10 consecutive years and you are not currently

married, you can possibly draw a higher Social Security benefit off your former spouse's work record – even if you've been divorced for many years. Older women especially should look into their benefits and see if they are eligible to get a raise for Social Security.

Wouldn't the government have already explained this to the retiree when she applied for her Social Security benefits? Not if you just applied online at SSA. **gov**. You might not have spoken to anyone about this benefit.

that many ex-husbands may get their Social Security benefits LOWERED because their ex-wife learns about this rule. Drawing spousal benefits in no way reduces how much the ex-husband can get. These rules are gen-

der-neutral. It could be the wife who was the higher wage earner and the ex-husband who will draw off of her work record!

What would someone who is just hearing this information for the first time do to get an increase in benefits? First, let's make sure you qualify. The marriage lasted 10 years, but look at your divorce decree for what day the judge signed it, not when you filed. If it was 10 years or more, so far so good.

Second, you must currently be single. That doesn't mean

I am not saying you didn't have another marriage that ended. You must not be currently married.

Third, your ex-spouse must have earned more over his or her lifetime than you. If you made about the same earnings, you'll each draw your own, and if your ex-spouse was the lower earner, he or she can draw off you.

Lastly, spousal benefits do not begin until you are both age 62.

While you can apply for Spousal Social Security online, it's faster if you go in person. You must take in original or certified copies of your marriage certificate and divorce decree. Without these documents, you cannot file. The SSA can then tell you how much of an increase you can get, if any. There is no way for you to see this amount online in your SSA.gov account.

If you qualify, you can draw off your ex-spouse's work record even if he never draws his own Social Security. He also will not be notified if you do start drawing ex-spouse benefits. If you later remarry, you will immediately lose the right to draw spousal benefits off of your former spouse. For this reason, many people hold off on remarriage.

There are different rules for Widow or Survivor benefits. As a widow of a deceased former spouse, you can remarry and continue to draw those benefits as long as you do not remarry prior to the age of 60. But this rule does not apply to Spousal Social Security benefits. Once you remarry, at any age, spousal benefits end.

up, and a couple weeks later, made my first delivery.

I'm not sure how many lasagnas I have delivered two-and-a-half years later. But what I am certain of is the feeling of bliss I experience when I create a lasagna for a family in need. It's like I go into a happy "flow" state of love, joy, and peace.

I begin to think of whatever family I'm helping as soon as I brown the ground beef ... shred the mozzarella ... and slowly combine all the ingredients. I even pray throughout the process.

It took me a while to figure out the best process for delivering the lasagnas. I finally realized that carrying them in a cardboard box was the safest way to go. John laughs at me when we get a package from Amazon and I exclaim, "Ooooh! That's a fantastic lasagna box!"

### Alan Hugh Myers

Alan Hugh Myers, 93, passed away peacefully at his home on September 13, 2024, surrounded by his beloved family. He was born on September 28, 1930, to Chauncey and Edna Myers.

Married 65 years to his wife, Barbara. Alan was a lifetime member of the Gray Friends Church and an active participant in 4-H and FFA during his years at Carmel High School. He continued his education at Purdue University, earning a degree in Animal Science, and later received

a master's degree from Colorado State University. Alan's passion for agriculture was evident throughout his life. At Oak View Farms, he raised Chester White hogs, Percheron horses, and Simmental cattle. Alan passed down his love for livestock to his children. Sharing the joy of riding horses to the white river, checking cattle, and riding sows during the morning feeding were a few of the daily events on the farm.

Alan was known for his lighthearted spirit and joking manner. He was always ready to pull a prank. During one of the routine cattle pregnancy checks on the farm, he decided to sneak in a steer with all the heifers. The AI tech was extremely confused when trying to pregnancy check a steer, and it became a story to tell for ages.

As a high school teacher, Alan profoundly impacted his students, particularly those in FFA. A former student once remarked, "I would have been in a mess of trouble and possibly in jail, if it weren't for Mr. Myers." Throughout his life, he took great pride in teaching. Barn chores with his grandchildren often turned into quizzes on fractions using shelled corn and buckets. Alan enjoyed passing down his knowledge to his grandchildren by having them actively involved on the farm. In the farrowing house, they learned to catch baby pigs, administer vaccines, and ear notch under his guidance. Alan provided his grandchildren with many 4-H projects, UTVs to race around on, and many barns to play "rafter tag" instilling the love and appreciation of agriculture into each of them.

Within his family, Alan was affectionately known as the "Pack Leader" to both humans and dogs. He cherished taking trips around the farm with as many dogs and grandchildren as could fit into the dog truck. Much to Barbara's disapproval, Alan would always try to sneak his leftover food from restaurants and family dinners in napkins to later feed to his dogs. When caught by Barbara, he would state he was just doing his job as the pack leader.

Fellowship and conversation were at the heart of Alan's life; he was always ready to share a story, whether it be with old friends, family, or strangers. Alan's warm smile and infectious personality drew people to him wherever he went.

He had a deep appreciation for the road less traveled, turning livestock trips into grand adventures across Indiana's backroads. Stops included unexpected treasures leading to lasting memories.

Alan's unique and joyful "WHOOP" will echo in the hearts of those who knew him. As a fitting tribute to his memory, let us

# Huskies break through for first win of season

The REPORTER

Hamilton Heights broke through for its first victory of the season last Friday, beating Western 21-6 in a home game that served as the Huskies' Hoosier Conference Big School Division opener.

The Panthers scored early in the game, and that put Heights down 6-0 at halftime. But the Huskies came back with a roaring third quarter, during which they scored all 21 of their points.

Tyler Champion scored the crucial touchdown on the first play of the third quarter, taking a 76-yard catch from Drew Woodruff into the end zone. Keegan Kavanaugh kicked the extra point to put the Huskies up 7-6, and they never trailed again.

Joey Sigler scored two touchdowns in the later part of the third quarter, both on twoyard runs. Kavanaugh kicked both those extra points as well.

### Rocks rough up Royals in overtime

By RICHIE HALL

sports@readthereporter.com

**WESTFIELD** – It wasn't always easy, but Westfield made it to the midpoint of the football regular season with a perfect record.

The Shamrocks improved to 5-0 last Friday by holding off Hamilton Southeastern 21-14 in an overtime Hoosier Crossroads Conference game. The two teams went back and forth in a weather-delayed game at Riverview Health Stadium, with the Royals forcing the extra period after scoring with under two minutes to go in the fourth.

But junior Deacon King took care of business right away. In the first play of overtime, King ran 10 yards to score his third touchdown of the game. Oliver Church kicked the extra point. Westfield's defense then stepped up, forcing and recovering a fumble to secure the win.

It was the third game for the Rocks this season that has been decided by a touchdown or less.

'You hope it pays dividends when you get into the playoffs," said Westfield coach Josh Miracle. "Every game potential-

our conference. They're a wellcoached team and you got to give them credit as well for having that resolve to stay in there."

King scored the first touchdown midway through the first quarter, taking off on a 62-yard on the night: Oliver Church was run down the field to get the 3-for-3 for the Rocks and Bel-Shamrocks on the board. He also opened the fourth quarter by taking a 59-yard pass from Carsen Melvin to the end zone.

"We can open it up a lot with the runs, and then as they start a great job." blitzing and stuff, we can pass it over the top of them," said

### Millers can't keep Eagles grounded

Noblesville kept pace with host Zionsville last Friday before falling to the Eagles 35-28 in a Hoosier Crossroads Conference

Zionsville led 7-0 after one quarter, but Ty Holmes tied it up with a two-yard run in the second quarter. The Millers and the Eagles went back and forth in that period; Brody Gump tied the game again with a 71-yard run to the end zone, but Zionsville scored on a kickoff return from 39 yards, giving them a 20-14 halftime lead.

Noblesville went ahead 21-20 after three quarters. Israel Oladipupo made a one-yard run to tie the game, then Caden Lydle made the extra point to put the Millers ahead.

### Tigers nearly fight off Bulldogs in exciting conference matchup

The REPORTER

Fishers went toe-to-toe with Brownsburg last Friday night at the Tigers' Everwise Credit Union Field, as the two teams fought in a backand-forth game.

And Fishers nearly pulled the upset in the rain-delayed Hoosier Crossroads Conference contest before the Bulldogs scored on a touchdown pass with 34 seconds left. An extra-point kick sent Brownsburg to a 31-30 victory, keeping the Bulldogs unbeaten at 5-0.

Brownsburg scored first on a 17-yard TD throw, but Brady Griffits quick-

### Brebeuf upsets Carmel 28-27 in first meeting in over four decades

By CRAIG ADKINS For The Reporter

CARMEL – The Carmel football team hadn't played Brebeuf Jesuit since 1980 and the Grevhounds had a 8-0 record against the Braves in games that were

played from 1973-80. The Braves came into last Friday's game on a high note after winning a thriller at Guerin Catholic last week (69-62) and came away with a stunning 28-27 win

over Carmel. The Hounds got off to a great start in the first. After Brebeuf turned it over on downs at the Carmel 22, the Greyhounds marched down the field, converting a fourth down and five from the 49. They would have a third and goal from the 19. That's when Anthony Coellner found Jacob Bellin for a 19-yard touchdown for a 7-0 lead.

In Brebeuf's next series, quarterback Maverick Geski threw an interception to Nate Williams. That put Carmel in business. Coellner hit Dominic Shockley for a 36-yard strike for a 14-0 advantage after one

The Braves got on the board almost immediately with a 39-yard TD catch by Taylor Clark from Geske, cutting it to 14-7.

The two offenses traded picks, the later by Carmel's

ond.

Coellner threw his second touchdown, again to Bellin from 14 yards for the 21-7 margin.

Brebeuf would score twice more before halftime on two more touchdown passes and the score was tied 21-21 at the half.

"They made plays. Their explosive plays are not just chunks. They're the length of the entire field and those are hard to overcome," said a frustrated Carmel head coach John Hebert.

'You've got to get yourself ready to go on the next series. We took advantage of some and not others, so it was tighter than what it could've been. They made plays at the end, and we were short two points," continued Hebert.

The third quarter consisted of a few punts, a lot of penalties from both teams and Carmel turning the ball over on downs at the Braves' 23 didn't help either.

"They (penalties) were untimely, and they extended drives when we thought we were getting off the field," stated Hebert.

"I've got to watch them on tape to evaluate. They certainly did us in in the short term and they found a way to continue the drive after that," added Hebert.

Wide receiver Liam Mann got Carmel back in

touchdown catch from Coellner. Prior to the extra-point attempt, the Greyhounds were called for an unsportsmanlike conduct penalty, moving the attempt back to make it a 37-yard try. The kick would be long enough, but just left of the upright from Lukas Krishtanmoorthy.

The momentum staved to Carmel on Brebeuf's next drive. Nate Williams found his way to a third interception of Geske, but the 'Hounds went three and out and punted.

On the second play of the Braves' next drive, Geske was rushed and completed a jump pass to Taylor Clark, who raced to a 65-yard score that made it 28-27 with 8:32 left in the fourth.

"I think their quarterback does a really nice job. The ball is not in his hands for very long, but you can tell he has a great rapport with his receivers. They have a great connection, and he puts the ball right where they can catch it. They use that space for big plays, and it worked for them tonight." stated Hebert.

Krishtanmoorthy would miss a 37-yard field goal just left on Carmel's next possession.

Carmel's defense was amped up as Brebeuf started driving. The Braves had a fourth down and four at the Greyhound 41 and the pass attempt was batted down by Dylan Gould.

Nate Williams for his sec- from 27-21 on a 25-yard The Greyhounds had their final opportunity to try to get the lead for the win with 2:02 left. Once again, penalties became a drive killer. They wound up with a fourth down at 15 at their own 48 with 58.9 seconds left. Coellner's pass would fall incomplete, turning it over on downs back to the Braves. Brebeuf took a knee for the final play to run out the clock.

> "It's going to be a real challenge. We still have to go through all of this, watch the tape and figure out what's correctable and what good things were there too." said Hebert.

Brebeuf Jesuit (4-1) won its fourth straight game and plays at home Friday against Roncalli (2-2). The Royals were victors at home over Guerin Catholic, 35-23.

Geske threw for 336 yards and four TDs, along with three interceptions, all to Nate Williams. CJ Harris rushed 18 times for 103 yards, while Taylor Clark caught six passes for 194 yards and three TDs.

Carmel (2-3) heads to North Central (0-5) Friday. The Panthers were blown out at Butler University's Butler Bowl by Cathedral, 53-13.

Anthony Coellner had another great night passing, going 33 of 49 for 401 yards and four TDs. Dominic Shockley caught eight for 134 yards and a score. Jacob Bellin grabbed nine for 103 with Liam Mann also catching eight for 81.

# Toll takes her place in Heights' record book

By RICHIE HALL

sports@readthereporter.com

**ARCADIA** – Hamilton Heights senior Sarah Toll kicked her way into the Huskies' record book Sept.

The Heights senior scored a school record five goals for her team during its 9-0 win over Frankfort. The Reporter caught up with Toll and Huskies coach Travis Kauffman after the Class 2A No. 17 Huskies scored a 4-0 win over new Hoosier Conference opponent Logansport last Thursday.

As all great players do, Toll gave credit to her teammates after her performance - "I didn't do it by myself," she said. Toll also overcame what she said was a shaky start in the game.

"I think the first half I was not doing so hot," said

Toll. "My passes were off many she had, because in making one assist. Junior and my shots were off. But I think the team in the second half pulled it together and had really good passes. Natalie Marcum, especially, she had really great assists."

Marcum had four assists against Frankfort and scored two goals. Senior Lizzy Smith and sophomore Kylee Long also had one goal, with Long dishing out an assist.

Toll said she was focused on the game and not thinking about the number of goals she scored - "I didn't know it was a school record," she said. That made it all the more fun for Kauff-

playing for the record," said Kauffman. "It's not an it to be a team effort. I ac-

the course of the game, she works her tail off. The goals weren't simple and easy. They had to work for them."

Toll is one of six seniors on the team, joining Savannah Deetz, Addyson Ferguson, Zoe Pugh, Smith and Marcum. The Huskies also have five freshmen on the team, along with three juniors and two sophomores.

"It's certainly had its ups and down," said Kauffman of the season. "We've got a lot of young players getting minutes for the first time at the varsity level. So, we've got a standard, a level we know we can play at, and we've been working all year "You know they're not to try and play 80 minutes to that standard."

Toll and Marcum both individual thing. We want scored two goals for Heights against Logansport, with tually wasn't aware of how Marcum and Long each goalkeeper Audrey Lang had seven saves.

The Huskies are 8-1-3 and will play in the Hoosier Conference tournament starting next week. Heights has the top seed, so they will await the winner of Monday's game between Rensselaer Central and Twin Lakes before playing a first-round game. The Huskies play that contest Tuesday at Lafayette Central Catholic.

"I think that if we continue to work together, like how we've been playing a little bit in the second half of most of our games, if we continue to play a full 80 minutes of that, then I think that we'll be able to make it far in conference," said Toll. "But I think we need to work for it. It's not just going to come easy to us."

### Guerin Catholic's Sumski gets her first-ever goal, team improves record to winning for the season

By RICHIE HALL sports@readthereporter.com

**NOBLESVILLE** – It was by far the biggest goal of the year for the Guerin Catholic girls soccer team.

Senior Sumski got to start for the Golden Eagles in their Night game against Her-Christian last Tuesday at the Eagles Nest. And did she ever make the most of it: Sumski scored

her first-ever goal within the first minute of the game.

"To be honest, it was all kind of a blur," said Sumski. "I think Kylie (Harrison) passed to me, and it was just like a Hail Mary moment, where I just took the shot and I was like 'I think this is going to go in,' and toss it over and it was right over her head. It was really, really spectacular."

From there, Catholic cruised through the other 79 minutes of the game, which ended in a 3-0 Circle City Conference victory for the Golden Eagles. Guerin finished conference play with a 3-1 record.

Golden Eagles coach Sean Yau said that first goal symbolizes the senior class that's leading the 2A defending champions. Yau said "the amount of faith and love that they showed within each other culminated in Ella Sumski, who never scored all four years, and then on Senior Night, of all times, to score the game winner against a really good

Heritage Christian team. That's pretty much the epitome of our senior class."

Guerin Catholic picked up its second goal in the 29th minute when University of Cincinnati recruit Mia

Gatz scored. Annie DeBone added GC's third goal midway through the second half.

"Once we knew that we got the lead pretty quickly, everybody's intensity started to grow,' said Sumski. "We

wanted to keep that energy up throughout the game just so we could continue to dominate."

Sumski

Heritage is 5-4 for the season, but the Eagles play a tough schedule that consists of mostly 2A and 3A teams. Heritage played two 1A teams earlier in the season, but both are ranked in the coaches poll.

Yau pointed out that Guerin Heritage beat two top 10 ranked 2A teams in conference opponents Bishop Chatard and Roncalli, "so, it's not like they were a pushover or anything," he

"So, our Senior Night to be on tonight against a pretty formidable opponent and for us to get a 3-nothing result, again, is just a testament to how these girls train every single day and how much they love each other," said Yau.

Meanwhile, Guerin Catholic has turned an 0-2-2 start into a solid 5-3-4 record as the regular season begins to wind up. The Golden

Mia Gatz scored a goal for Guerin Catholic late in the first half of their game with Heritage Christian last Tuesday. Gatz is pictured here during the Golden Eagles' game with Evansville Memorial last Saturday, which ended in a 0-0 tie.

Eagles took on Evansville Memorial at the Eagles Nest last Saturday and played the Tigers, one of 3A's top teams, to a 0-0 tie.

This week, Guerin Catholic takes on more ranked 3A teams in Cathedral and Center Grove, then travels to South Bend St. Joseph on Saturday. All of this will be preparation for the postseason, where the Golden Eagles hope to defend their state championship.

"To help us prepare for the intensity and the mentality of the postseason, like playing a team like Heritage - and on a night where we could have gotten distracted - and for us to be very focused on getting the result and very focused on celebrating our seniors at the same time will really help us during the postseason to mentally focus together when we get to the tournament," said Yau.

Carmel won over North Central last Monday 3-0.

Olivia Cebalo scored two goals for the Greyhounds, while Vaughn Rohrbacher scored one. Camryn Love made two assists and Cebalo handed out one assist.

Carmel came back to tie Castle last Saturday afternoon 1-1. The Knights scored their goal in the first half, but the Hounds answered in the second half when Love scored off an assist by Emma Ehret.

Carmel is 8-2-2. This week, the Greyhounds travel to Noblesville for a Monday game before hosting Plainfield on Wednesday and Zionsville on Friday.

Fishers picked up a Hoosier Crossroads Conference victory last Monday, beating Franklin Central 3-0.

Grace Preston, Iris Martin and Emerson Huneck all scored one goal each for the Tigers. Elise May had two assists and Huneck made one

Fishers dropped a 2-0 HCC game to Brownsburg on Wednesday but rebounded to beat Harrison at home 4-1 last Saturday. May scored two goals, followed by one goal each from Lauren Faulkner and Rachel Wain. Bridget Foley, Delaney Allgeier and Rena Sawada each made one assist.

The Tigers are 2-3-1 in HCC play and 7-4-2 overall. Fishers plays at Bishop Chatard on Monday, then travels to Avon Wednesday to complete its conference season.

NOTICE OF DETERMINATION

Pursuant to Indiana Code § 6-1.1-20-5, notice is hereby given that the Board of School Trustees of Sheridan Community Schools has preliminarily determined to enter into a lease agreement and issue bonds in one or more series of bonds in the ggregate maximum principal amount of \$10,000,000 to fund the renovation of and improvements to school facilities, including athletic and site improvements and the purchase of equipment and technology. Dated: September 23, 2024

/s/ <u>Secretary, Board of School Trustees</u> Sheridan Community Schools

9/23/24, 9/30/24

NOTICE OF ADOPTION OF PRELIMINARY DETERMINATION Notice is hereby given pursuant to Indiana Code § 6-1.1-20-3.1 that the Board of School Trustees (the "Board") of Sheridan Community Schools (the "School Corporation") did, on September 16, 2024, make a preliminary determination to ssue bonds and enter into one or more lease agreements (the "Lease") for the enovation of and improvements to school facilities, including athletic and site mprovements and the purchase of equipment and technology (the "Projects") The Lease will be for a maximum term of twenty-two years with a maximum nnual Lease rental of \$2,000,000. The maximum annual Lease rental has been estimated based upon an estimated principal amount of bonds of \$10,000,000, stimated interest rates ranging from 1.00% to 6.00%, and total estimated interest

osts of \$5,734,333. As required by Indiana Code § 6-1.1-20-3.1(b)(1), the following information vas available to the public at the public hearings on the preliminary determination: (i) the School Corporation's current and projected annual debt service payments divided by the net assessed value of taxable property within the School Corporation, which is 6.92%; and (ii) the sum of the School Corporation's outstanding long term debt plus the outstanding long term debt of other taxing units that include any other territory of the School Corporation divided by the ssessed value of taxable property within the School Corporation, which is 7.91%

The School Corporation's current Debt Service Fund levy is \$3,588,400 and the current rate is \$0.6529. After the School Corporation enters into the proposed ease and the bonds are issued, the gross Debt Service Fund levy will in by a maximum of \$2,000,000 and the gross Debt Service Fund rate will be mpacted by a maximum of \$0.3282. However, as existing obligations mature he anticipated net increase to the Debt Service Fund tax rate is expected to be 80.0266 above the current rate

The School Corporation may issue general obligation bonds to fund the Projects and if such bonds are issued, they will fit into the parameters listed above. If the School Corporation issues general obligation bonds, the principal amount of he bonds associated with the Lease, as described above, would be reduced by he principal amount of the general obligation bonds issued, such that the total principal amount of bond issued to finance the Projects would not exceed the ggregate estimated principal amount of \$10,000.000

The estimated amount of the School Corporation's Debt Service Fund levy and tax rate that will result during the following 10 years if the School Corporation enters into the lease and issues the bonds, after considering any changes that will occur to the Debt Service Fund levy and tax rate during that period on account of any outstanding bonds or lease obligations that will mature or terminate during that period, is as follows:

Year	Estimated Total Debt Service Fund Levy	Estimated Total Debt Service Fund Tax Rate
2024	\$3,588,400	\$0.6529
2025	4,140,620	0.6795
2026	4,281,898	0.6757
2027	4,298,574	0.6585
2028	4,084,340	0.6257
2029	4,088,328	0.6263
2030	4,085,576	0.6259
2031	4,054,113	0.6211
2032	3,311,972	0.5074
2033	2,712,251	0.4155
2034	2,708,047	0.4149

The purpose of the Lease is to provide for the Projects. Any owners of real property within the School Corporation or registered oters residing within the School Corporation who want to initiate a petition and remonstrance process against the proposed issuance of the bonds must file a petition that complies with Indiana Code § 6-1.1-203.1 subdivisions (4) and (5) not later than 30 days after the publication of this notice. Dated September 23, 2024.

#### What Does ASIST Offer?

LivingWorks ASIST is a two-day, two-trainer, workshop designed for members of all caregiving groups. Family, friends, and other community members may be the first to talk with a person at risk, but have little or no training. ASIST can also provide those in formal helping roles with professional development to ensure that they are prepared to provide suicide first aid help as part of the care they provide.

The emphasis is on teaching suicide first-aid to help a person at risk stay safe and seek further help as needed Participants learn to use a suicide intervention model to identify persons with thoughts of suicide, seek a shared understanding of reasons for dying and living, develop a safe plan based upon a review of risk, be prepared to do followers and becomes involved in suicides safer.

community networks. The learning process is base on adult learning principles and highly participator Graduated skills development occurs through min lectures, facilitated discussions, group simulation and role nature.
