Thank you, Readers!

Today's column is all about you – our readers. If you can't tell, many of the Reporter columnists are friends. In fact, four of us – hopefully more in the future – now meet once a month to explore the world of writing. The Word Warriors are regular visitors to Debbie's Daughters in Noblesville.

We're always so touched when readers reach out to us. Whether it's via email, a letter to the editor, or just stopping us on the street to say, "Hey, I know you! I read your column," it absolutely makes our day.

Every fall, I remember two particular readers, Julie and Joan (pronounced JO-Ann.) This mother-daughter duo was the one who brought me back to the columnist world over eight years ago. I cannot thank them enough.

But there are others that I can't forget. There's Leah, who wrote me a beautiful note after I talked about my 35-year high school reunion. Marilyn and Carm, former co-workers who've reached out and told me that they discuss my columns. People talk about my columns? I was speechless to read that.

Carmel Police Department announces launch of Drone First Responder Program

The REPORTER

The Carmel Police Department (CPD) announces the launch of its Drone First Responder (DFR) Program, which serves to enhance the existing patrol-led drone operations under the Carmel Police Air Support Unit.

Operating under a waiver from the Federal Aviation Administration (FAA), CPD's DFR drones respond directly to calls for service along with patrol officers and often arrive on the scene before them.

The improved response efficiency allows the drones to

provide valuable information to the responding officers, allowing them to escalate or de-escalate their response accordingly, and sometimes clear the call before an officer arrives. This translates to increased safety for both officers and citizens, decreased response times and more efficient responses to calls for service.

CPD is the second police department in Indiana to use a DFR program and the first to use it in conjunction with a Real Time Information Center. Nationwide, there are a small but growing number of police agen-

cies that have begun using DFR, representing a fundamental shift in the way in which drones are being used in public safety. CPD is proud to be at the lead-

ing edge of this technology as it exemplifies the department's commitment to innovation to provide the highest level of service to the Carmel community.

In recognition of this extraordinary gift, Prevail will use the investment proceeds to support ongoing initiatives aimed at assisting victims of crime and abuse. The Foundation is committed to ensuring that Frank's legacy lives on through meaningful action and continued advocacy for those in need.

"We hope that this gift

not only honors Frank's memory but also inspires others to support the vital work that Prevail is doing in our community," said Charlotte Pichler, Frank's wife. ZACHARY

"Being nominated and chosen as a Husky Hero is incredibly encouraging, as it shows that my daily efforts are recognized and appreciated," Zachary said. "I truly love what I do, and my students mean the world to me. Helping them become better individuals is my ultimate goal. I hope to be that one person for each of my students and their families, someone they know believes in them and will always be their biggest cheerleader."

Here are some accolades from other community members:

"Tracy Zachary is one of the most kind, loving humans I have ever had the pleasure of knowing," Chenoa Spurlock said. "Day after day she puts the needs of her students on the top of her priorities. She genuinely cares for each student and

advocates for their needs, wants and supports them in any way shape or form. She shows up for her students in and out of the classroom by extending her love for them at games, birthdays or when they are sick. As a mom, I have not had a student go through her care. I have however had the pleasure of working beside her and to witness her daily devotion is something I hold dearly in my heart. She's a wonderful teacher even to adults. To have a Tracy Zachary in your corner is a blessing but, to have a Tracy Zachary as a teacher is the biggest blessing of all."

Amanda Roberts said, "She always goes above and beyond for her students. She's so great at communicating with parents and I'm beyond grateful she has been with my daughter for a couple of years. She's

nothing but kind and patient with her students and their parents. Couldn't have asked for a better teacher."

"Receiving this award will have a lasting impact on me, as it's a strong reminder that going above and beyond in my role is noticed and appreciated," Zachary said. "Knowing this encourages me to keep remembering why I do what I do."

THANK YOU

from Page 1

Tom wrote a fun letter to the editor 18 months ago about my "leftovers" column. I've featured some of his words as a testimony on my author website, authoramythornton.wordpress.com.

And so many of you reached out during my adoption and reunion series. One reader shared her story with me a couple of years ago and I was honored to read it. I'll keep her name private just to be safe.

It's funny ... we write our columns week in and week out. We pour our hearts into them. We figure that maybe a couple of people read them. I think we're always amazed when we realize it's more than a couple.

Columnists write for many reasons, and columns fall into dozens of categories. My number one hope is that someone will read my column and realize they're not alone with their struggles - that we can fight and overcome many of life's battles.

My second hope is that I give people a laugh once in a while. Research shows that children laugh up to 300 times per day. Adults average around 18. We all need more laughter in our lives!

The world is a busy place. It's sometimes hard for me to find the time to read my friends' columns, but I do it faithfully every week. To realize that you take the time to read our columns in the midst of all you are juggling is humbling.

We couldn't do what we do week in and week out without you all. Thank you, Readers, for letting us share our thoughts with you, sometimes taking them to heart, and sharing your thoughts with us. We couldn't ask for more. As Tina Turner says, you are simply the best.

Hamilton County Council wraps 2025 budget hearings

New hires & salary adjustments top list of expenditures

The REPORTER

The Hamilton County Councilors, financial stewards of Hamilton County government, have finalized and adopted the 2025 budget. The proposed budget, totaling over \$312 million, includes funding of major capital projects and salary adjustments for deputies and correction officers at the Hamilton County Sheriff's Office, in addition to 16 new positions to help manage county growth. Councilors approved the hiring of two additional sheriff's deputies, a deputy coroner, three deputy prosecutors, an assistant county attorney, a staff attorney, and a court administrative assistant.

"We are investing in the safety and well-being of our

community," Council President Amy Massillamany said. "Hamilton County is one of the fastest growing counties in Indiana, requiring additional manpower to litigate and try the additional caseloads that our growth creates while still maintaining the high standard of service our residents deserve."

The council also approved the creation of three new positions: Director of Jail Programs, Maintenance Supervisor, and Procurement Director.

"With increased projects and demands on our resources, a dedicated procurement professional will streamline our purchasing processes, ensure fiscal responsibility, and enhance efficiency," Massillamany added.

| HC3 (Solid Waste District): | \$1,809,555 |
| Grand Total: | \$312,627,110 |

"The Council made some difficult decisions, but working together we were able to adjust the budget to both meet revenue forecasts and fulfill operation funding for our growing County," Council Vice President Sue Maki said. "We did this while also adding over nine million dollars to the county's Rainy-Day Fund."

The budget has been sent to the State of Indiana for approval. Once approved, it will go into effect Jan. 1, 2025.

Carmel introduces system to enhance transparency in government spending

The REPORTER

In a continued effort to make government more transparent and accessible, the City of Carmel on Tuesday announced the launch of its **financial transparency portal**.

The portal will provide residents with a clear and detailed look into the city's financials, making it easier than ever to track where and how public funds are being spent. The portal was detailed at Tuesday's State of the City address and stems from one of Mayor Sue Finkam's key goals for her first year in office – ensuring greater transparency in local government operations.

"Our residents have a right to know how their tax dollars are being spent, and the portal system makes it easier than ever to access that information," Mayor Finkam said. "By providing a clear and user-friendly platform, we're empowering citizens, businesses, and stakeholders to stay informed about the city's financial decisions anytime, from anywhere."

The portal was created and tailored specifically for

the City of Carmel by Stone Municipal Group. Working closely with the city's finance department, led by CFO/Controller Zac Jackson and Deputy CFO/Controller Ann Bingman, Stone Municipal Group has been in constant communication to ensure the seamless integration of Carmel's financial data into this easy-to-navigate platform.

Key Features of the portal include:

- **Comprehensive Data Access:** The platform highlights key financial areas, including: General Fund spending; revenue and expense breakdowns; revenue trends, property taxes, and related data; department, commission, board, and committee spending data; and employee data

- **Visual, User-Friendly Interface:** The system takes raw financial data from the City and converts it into clear, easy-to-understand visuals. With tabs that break down specific areas, residents can explore

Jackson

everything from general fund expenditures to department-specific costs.

- **Up-to-Date and Historical Data:** While the City has always provided historical data, the system will now offer more current financial information, updated regularly for real-time access.

- **Mobile and iPad Compatibility:** Designed with accessibility in mind, the platform is fully compatible with mobile and tablet devices, allowing users to explore the City's finances on-the-go.

"We believe the financial

transparency portal will foster increased trust between the City and our residents," Jackson said. "People want to feel confident that their local leaders are good stewards of taxpayer dollars, and this is an important way to demonstrate that."

The portal is seamlessly integrated into the City of Carmel website and can be accessed on the Finance department's page. This portal is the City's first step in finding creative ways to share and engage on the topic of financial transparency. The site should be considered a test drive or proof of concept into how best to engage with the City of Carmel stakeholders.

Supplements are not The Jetsons meal pills . . . that was a cartoon

"I read, I study, I examine, I listen, I think, and out of all that I try to form an idea into which I put as much common sense as I can." – Marquis de Lafayette

Although there seems to be a dearth of common sense these days in many areas of life, I will relate this quote to my topic of supplements and how they can and, in my opinion, should be used in a healthy and sensible eating plan.

While chatting with some friends and acquaintances at a social gathering not long ago, the topic turned to the buffet that was offered there. Among the buffet items were several raw veggie offerings. During the conversation one among us said that she "NEVER eats any vegetables or fruit" and thankfully I had already swallowed my mouthful of food so that I did not choke ... Just to make

COLUMNIST

SHARON McMAHON
Be Well

certain I heard correctly I asked "Never?" and it was confirmed.

Hmmm. So – the obvious question then is of course to inquire how she obtains her nutrients. The reply was that "supplements" entirely were used to provide the necessary vitamins and minerals for this person.

Okay, Dear Readers, you may think that I would have debated the case but the venue was not one in which that would have been appropriate. However, this discussion has stayed with me and actually rather "haunted" me that other people may have the misconception that supplements are all we need to replace vegetables and fruits.

Nothing could be further from the truth! Supplements are not intended to replace food! They cannot replicate all of the nutrients and benefits of whole foods such as fruits

and vegetables.

Whole foods offer three main benefits over dietary supplements. They offer greater nutrition; whole foods are complex, containing a variety of the micronutrients our bodies need. They contain essential fiber, which can help reduce the risk of type 2 diabetes, colorectal cancer, stroke, and heart disease. Many whole foods contain chemicals that promote health, such as antioxidants – substances that slow down a natural process leading to cell and tissue damage.¹

Balance is the real issue here. I absolutely do take supplements. I take only those that I know to be addressing, for me, any shortfall I may have in my nutrition plan. I primarily obtain my necessary nutrition from whole foods but I benefit from certain additional nutrients which are available in high-quality supplements. Do your homework! Most supplements are not regulated by the FDA and you must research through credentialed and profes-

sional organizations and/or consult a certified nutrition consultant. Do NOT necessarily rely on retail employees or those pushing a certain product to know what is best for you in your circumstance.

Also, very importantly, some supplements can interfere with any prescription medications you take so ALWAYS let your health care provider know which supplement you are taking.

Proper nutrition is a key to a healthy life along with a fitness regimen. A healthy body needs wholesome, natural foods to obtain its peak performance. Use moderation when using supplements and keep moving!

Westfield Washington Schools breaks ground on new elementary schools

Projects help keep pace with growing community

The REPORTER

Westfield Washington Schools (WWS) celebrated the groundbreaking for two new elementary schools on Tuesday, Oct. 29, marking an important step in expanding district facilities to meet the rapid growth in Westfield.

The project includes the construction of a new building for Shamrock Springs Elementary and the addition of a completely new school, Midland Crossing Elementary. The ceremony, held at Shamrock Springs, brought together district leadership, students, community members, and representatives from Schmidt Associates and Garmon Construction, who are leading the design and construction efforts.

WWS Superintendent Dr. Paul Kaiser shared his enthusiasm about the new Midland Crossing Elementary and the district's strategic growth to serve the Westfield community.

"The Westfield community is growing at an incredible pace," Kaiser said, "and Midland Crossing Elementary will help foster a supportive, innovative, and inclusive environment as we strive to create learning spaces that not only meet today's needs but also antic-

ipate those of the future." The new Shamrock Springs Elementary building will be located on the current site's baseball fields, with other elementary schools' fields used to replace the ones that are lost. Both new schools will be identical in design, featuring a state-of-the-art layout that

includes modern safety features, collaborative learning spaces, and updated technology to enhance the student experience. Each school will have a capacity for 800 students and will serve students from kindergarten through fifth grade.

Speaking at the event, Shamrock Springs Elementary

Principal Robb Hedges expressed his excitement.

"Today is about breaking ground on a new building; it's about creating a school that builds upon the strong foundation already in place," Hedges said. "We're creating a place where collaboration and learning are woven into every aspect of

the school day, every single day – that's the Shamrock way."

This project represents the district's vision for the future. With both schools slated for completion during the 2027-28 school year, the district will shift from its current configuration of six elementary schools, one

intermediate school, and one middle school to eight elementary schools and two middle schools. This updated structure will support Westfield's ongoing growth while providing quality education and enhancing resources for all students.

Submitted by City of Tipton

The City of Tipton has been selected as a recipient of a workshop and grant opportunity through the Indiana Arts Commission's 2024 Creative Convergence program. This award supports Tipton's commitment to enriching its cultural landscape through artistic innovation, collaboration, and community-driven creativity.

The Creative Convergence workshop program, which is a partnership between the Indiana Arts Commission and the Indiana Communities Institute at Ball State University's Miller College of Business, provides communities with resources to elevate local art initiatives, foster creative partnerships, and make the

arts more accessible to everyone.

Representatives from the newly formed Tipton Public Arts Commission will attend the workshop on Nov. 21 and 22 in Fishers that brings together artists, arts organizations, and residents from across the state, and encourages dialogue and new ideas that highlight the attendees' unique culture and values.

The workshop will offer sessions tailored to local needs, covering topics such as project planning, arts funding and public engagement strategies. The city to collaborate with the Tipton Public Arts Commission, local artists, educators and civic leaders to maximize the grant's impact and strengthen the arts as a vital

part of community identity and economic development.

"We're excited to learn more about how our friends' and neighbors' creativity can make our community stronger," said Anna Traggesser, a member of the Tipton Public Arts Commission. "How might arts activities bring more businesses and customers to downtown Tipton? What if cultural experiences deepened a sense of belonging and connection to our town? This is going to be a fascinating experiment."

In addition to the November conference, recipients of the Creative Convergence grant receive:

- A \$1,000 stipend per organization to help cover travel to the workshop and accommodations
- A post-workshop project grant of up to \$10,000 for an eligible arts and community project
- Ongoing coaching from Indiana Arts Commission/Indiana Communities Institute

The Tipton Public Arts Commission was established on Aug. 12 under ordinance 2024-06. The commission's mission is to enhance the environment of the city, attract new business and residents, encourage the community's artists and residents to engage in creative activities and artistic development, and develop and implement a unified public art strategy for the community.

"Establishing the Tipton Public Arts Commission marks a significant milestone in our community's commitment to fostering creativity and artistic expression," Mayor Kegan Schmicker said. "This initiative will not only celebrate the diverse talents within our city and county but also enhance the vibrancy of our downtown area and create new opportunities for residents and visitors alike. We look forward to seeing the incredible impact that this commission will have on Tipton's cultural landscape."

King of Late Night, Greg Gutfeld, announces tour stop in Fishers

Submitted

Join Greg Gutfeld, comedian Tom Shillue, and a surprise guest for an unforgettable evening of laughter, insight, and surprises at the new Fishers Event Center on Saturday, March 15, 2025.

Tickets will go on sale to the general public at 10 a.m. Friday, Nov. 1. For more information and tickets, visit FishersEventCenter.com.

You watch Gutfeld on *The Five*, he's with you weeknights on *Gutfeld!*, and you may have seen him on stage, but Gutfeld Live '25

is one massive beautiful mess like no other. Don't miss him out-of-studio and in-person like you've never seen him before, as he eviscerates hypocrisy and tackles the issues of today with Tom Shillue – all without worrying about those pesky government censors. You'll laugh, you'll cry, you'll wonder if it's tax-deductible ... and you'll leave smarter and better looking.

It's therapy for anyone who says daily: "Honey, what the hell happened to our country?" Come next March when the Fishers

Event Center will morph into a disinformation-free zone.

About Greg Gutfeld

Greg Gutfeld has been called "outrageous and outspoken," neither of which he denies. A libertarian, political satirist, humorist, magazine editor, author, and blogger, he is perhaps best known as the Late Night Host of the No. 1 hit show *Gutfeld!* on the Fox News Channel where he parodies current events and converses on key issues with his trademark humor. He is also co-host of the No. 1 daily hit

show *The Five* and former host of the legendary Fox News Channel programs *The Greg Gutfeld Show* and *Red Eye*.

The Weekly Standard calls him "the most dangerous man on television." According to the magazine, unlike other media darlings, "Gutfeld's stuff actually is subversive, a stink bomb hurled into every faculty lounge, mainstream newsroom, movie studio, and nonprofit boardroom in America." Prior to joining Fox, Gutfeld was a staff writer at Prevention and edi-

tor-in-chief of *Men's Health* magazine. He later became editor-in-chief of *Stuff* and *Maxim* magazine in the U.K. He was also a contributor to *The Huffington Post*, where he became legendary for his "inspired, lunatic ridicule of his leftwing fellow Hufflers." He's been published in countless magazines, has appeared in too many profiles to mention, and was only fingerprinted once. In his free time Greg posts on his own community fan-site, *The Gutter*.

He is the author of 10 books, among them, six

New York Times Best Sellers, *The Joy of Hate*, *Not Cool*, *How to be Right*, *The Gutfeld Monologues*, *The Plus: Self-Help for People Who Hate Self-Help* and his most recent *The King of Late Night*.

"Trust me, you don't want him setting his sights on your hypocrisy and public failings. Consider yourself warned." – Andrew Breitbart

Gutfeld lives in New York City with his wife Elena and their show-stoppingly cute French Bulldog, Gus.

Consumers beware of fraudulent Taylor Swift tickets (Attorney General Rokita's version)

The REPORTER

With Taylor Swift coming to Indianapolis this weekend, Indiana Attorney General Todd Rokita is reminding Swifties that scammers know "All Too Well" how to take advantage of fans and concertgoers.

"I know Hoosiers look forward to seeing their favorite artists in concert, especially someone as big as Taylor Swift," AG Rokita said. "But when buying tickets, don't lose your hard-earned money on a scam."

When buying tickets, here are several tips to make sure you are "Ready For It" and avoid potential scams:

- "You Need To Calm Down" and investigate offers that you know are too good to be true. Sellers, especially on online marketplaces and social media websites, may offer tickets at face value (or below) for events that are sold out or in high demand. Many offers end up being scams. Some sellers may say they need to sell tickets quickly, falsely claiming, for example, that they have a sick relative, medical emergency, or an overseas military assignment.

- Stay updated through verified channels. Make sure you're not "Down Bad" and keep an eye on reputable sources like Taylor Swift's official website and verified ticketing platforms for legitimate announcements about ticket sales and availability.

- Only buy from trusted ticket resellers. To avoid "Champagne Problems," deal with reputable businesses instead of individuals or social media profiles that are not associated with the event. Beware of websites that copy popular ticket sellers' logos or the tour logos.

- Before providing any payment or personal information, research a seller's "Reputation." Search the seller's name, username, email address, phone number and other details for information. Even if you find no negative information, don't assume that the seller is trustworthy. Scammers change names regularly.

- Avoid "Bad Blood"

Rokita

and always use a credit card. With a credit card, if a problem arises, you have the potential for greater protection and the ability to dispute charges, unlike other payment methods. Scammers often request unconventional payment methods that are difficult to trace or recover, such as cryptocurrencies like Bitcoin. Unlike credit cards, these transactions are largely irreversible – making it much harder if a ne'er-do-well tries to pull a fast one.

- Other payment methods that raise concerns are those involving gift cards, cash, or wire transfers. If you're using an app to transfer funds, be sure you understand the protections the service provides (or doesn't) before making a transaction. Use these proper safeguards so you don't look like the "Foolish One."

- If you think you know the seller, double check. Scammers are "Guilty as Sin" and may hack social media accounts and pretend to be a friend or acquaint-

ance who's selling tickets. Before sending money, contact your friend directly to make sure the deal is legitimate.

Consumers who believe

they have been defrauded should "Speak Now" and immediately report the details to the company they used to make the payment and the Office of the Indiana

Attorney General. Hoosiers can report scams to the Office of the Indiana Attorney General at indianaconsumer.com or by calling (317) 232-6330.

Fishers Gallery Hop: four exhibits, three locations, one night

The REPORTER

Fishers Arts Council (FAC), Noblesville Creates, and Fishers Art Center are hosting the second Fishers Gallery Hop from 5 to 9 p.m. Friday, Nov. 8. While the gallery locations are walkable, FAC recommends driving to the furthest location to make sure you get to it all in one night.

The evening begins at 5 p.m. at the Meyer Najem 2nd Floor Gallery, at 11787 Lantern Road, featuring the photography of Fishers artist Michael Jack.

Jack is a lifelong learner, explorer, and storyteller. His love for the Palouse region of Washington State – a location he has deemed as either a bucket list destination for photographers or an unknown name and location to those unfamiliar with it – has proven to serve as the inspiration behind much of his work since retiring from a career as a Corporate Controller in 2008.

“Stories from the Coast” majorly features the Palouse region – some of the beauty as well as some of the deterioration resulting from the consolidation of farms. The relationship between geographical features from Michael’s adventures and the history behind them are all viewable at Meyer Najem’s 2nd Floor Gallery through Dec. 27. This exhibit is managed

by Noblesville Creates and the reception ends at 8 p.m.

Opening at 6 p.m., the FAC Hub Gallery, located inside the Hamilton County Community Foundation at 11810 Technology Drive, features “Aspiring Artists” from five Hamilton County-based art schools. Artists range from ages 6 to 60 and over sharing their works of painting, photography, collage, and more. This is an opportunity to meet teachers from Fishers, Carmel, and Noblesville and learn about what they have to offer the aspiring artist in your life. The gallery is open until 8 p.m.

Also starting at 6 p.m., art lovers can see the Jeremy Mallov’s “Small Treasures” exhibit in the Art Gallery at City Hall, located at 1 Municipal Drive.

“Finding time to paint has become a challenge, and the source of my November art show is all about creating ‘small treasures’ in the time I have and finding

inspiration where I can,” Mallov said.

After taking in these treasures, walk across the breezeway to check out “Interwoven” in the Fishers Art Center. “Interwoven” features two artists whose unique sculptural approaches challenge the boundaries that shape our understanding of the world. Detroit-based Austen Brantley draws on diverse visual languages from art history and global cultures, highlighting the interconnectedness of the human experience. Indianapolis-based Susan Tennant’s fiberglass installations are described as weavings, likened to a needle piercing fabric – creating fluid, time-infused movements that transform the gallery space. City Hall will be open until 8 p.m. and the Art Center closes at 9 p.m.

Both the Art Gallery at City Hall and the FAC Hub Gallery will feature live music, refreshments,

and many of the artists on display. The JBJ Collective brings jazz to the Art Gallery at City Hall while Maruchan, a guitar duo, fills the FAC Hub Gallery with neo-soul. Additionally, FAC board member Pat Grabill will lead the Focus on the Artist programming at 6:45 p.m. inside the Fishers Municipal Center Theater, where she will interview Mallov.

The first five individuals to visit all four galler-

ies during the Gallery Hop will receive \$25 off their artwork purchase that evening. A Gallery Hop card will be available in all locations; contact Fishers Arts Council with questions.

Hoosier dairy farm welcomes Lt. Governor Suzanne Crouch

The REPORTER

A Hoosier dairy farm welcomed Lt. Governor Suzanne Crouch, representatives from the Indiana State Department of Agriculture (ISDA), and State Rep. Jeff Thompson for a farm tour on Tuesday.

Freshly Dairy, which is located between Jamestown and Lizton in Hendricks County, had the opportunity to talk with Lt. Gov. Crouch, ISDA, and State Rep. Thompson about how the business was just started in 2022. Owner Zack Ireland was also able to discuss impacts of farm policy on Hoosier producers.

The tour was part of the Indiana Grown initiative, a program that highlights Hoosier farmers that produce locally grown products throughout the state of Indiana. This program was created by ISDA to help promote products grown by Hoosiers, for Hoosiers.

Because of this program, Freshly Dairy was able to connect with representatives from the state government to share their story and how they are helping produce sustainable dairy products.

Freshly dairy sells fresh bottled milk and cheese curds in 22 different loca-

tions across central Indiana, including on the farm. Pick up times on the farm are 8 a.m. to 6 p.m. Monday through Friday and 9 a.m. to noon on Saturdays.

About Freshly Dairy

This small family farm, just 20 miles west of the Indianapolis Motor Speedway, is proud to bottle fresh milk at the Crossroads of America. Your family will find that local milk tastes better and has a longer shelf life, especially when you know the family behind the bottle. You are invited to visit the farm, see where the bottles are filled, and bring your kids out to experience dairy farm fun. Freshly Dairy believes in great customer service; you'll find it at Freshly from the people who care for the cows and your food. Learn more about Freshly Dairy at freshly-dairy.com.

About Indiana Grown

The Indiana State Department of Agriculture's Indiana Grown initiative was created to promote products that are grown or made by Hoosiers, for Hoosiers! From fresh food grown from our soil to artisan goods crafted with care, we're here to help you discover what Indiana has to offer. By allowing

members to use the Indiana Grown logo on their products, the initiative aims to form a clearer designation of which products truly come from Indiana. Additionally, the Indiana Grown logo also help Hoosiers easily identify and buy these local products. Learn more about Indiana Grown at indianagrown.org/about-us.

Stony Creek church of Christ

We are a group of Christians doing our best to follow the Bible and nothing more. No outside organization(s). No man-made traditions. No additions or subtractions. Just hearts fully set on Jesus, His church, His word, and living His ways. We would LOVE for you to come join us or let us know if you are interested in having a personal Bible study.

HOW CAN YOU KNOW THE BIBLE IS RELIABLE?

| Author | Date Written | Earliest Copy | # of Copies |
|---------------|--------------|---------------|-------------|
| Pliny | 61-113 AD | 850 AD | 7 |
| Suetonius | 75-160 AD | 950 AD | 8 |
| Caesar | 100-44BC | 900 AD | 10 |
| Tacitus | 100 AD | 1100 AD | 20 |
| New Testament | 50-100 AD | 125 AD | 5,686 |

That number only included early Greek manuscripts and none of the vast amount of quotations from early Christians ("church fathers") or any of the 20-25 thousand manuscripts in other languages.

Tacitus and Suetonius were some of Rome's greatest historians. They wrote about people like Octavian (Augustus Caesar), Bruits, Cassius, Mark Anthony, and Cleopatra. These historians are the reason we believe them to be real people. SIDE NOTE: Do you know who else they wrote about? Jesus and Christians. Yet, the New Testament has by far more historical and manuscript evidence for its reliability.

First Watch opening new restaurant in Noblesville

Submitted

First Watch, the Florida-based daytime dining restaurant serving breakfast, brunch, and lunch, is set to open a new restaurant in Noblesville on Monday, Nov. 4.

The restaurant, located at 16725 Mercantile Blvd., brings a chef-inspired menu and rotating seasonal offerings to a 6,205 square-foot space that seats more than 180 people, features a recessed patio, and serves house-made juices at an indoor and outdoor bar.

First Watch's menu takes an elevated approach to traditional breakfast, brunch, and lunch offerings. All dishes are made to order

using fresh ingredients in a kitchen without heat lamps, microwaves, or deep fryers. Fan favorites include Avocado Toast, Lemon Ricotta Pancakes, and Million Dollar Bacon.

From the dedicated bar, the restaurant serves an array of juices made fresh in-house daily and brews its socially responsible Project Sunrise coffee, sourced by women coffee farmers based in South America. To celebrate the opening, customers who dine in at Noblesville Monday, Nov. 4 through Friday, Nov. 8 will receive a free cup of Project Sunrise coffee with their meal.

Five times a year, First

Watch offers a revolving seasonal menu that follows the position of the sun to source fresh ingredients. The Noblesville restaurant will offer its first seasonal menu in early 2025.

This restaurant will employ approximately 30 people while operating on a one shift a day, "No Night Shifts Ever" approach that enables its teams to enjoy their evenings and build a better quality of life. Interested applicants are encouraged to apply at careers.firstwatch.com.

First Watch is open 7 a.m. to 2:30 p.m. daily for pickup, delivery, and dine-in service. To place an order or join a digital waitlist, visit firstwatch.com.

United Way of Central Indiana awards \$17.8 million to 72 nonprofits in region

Funding will help nonprofits address basic needs, improve the education, financial stability & well-being of whole families

The REPORTER

United Way of Central Indiana announced Wednesday that it is awarding \$17.8 million to 72 nonprofits in the region to help meet the basic needs of Hoosiers and improve the education, financial stability and well-being of families.

The grants come from United Way's Basic Needs and Family Opportunity Funds.

The Basic Needs Fund focuses on safe and affordable housing, healthy food access, transportation and health services. The Family Opportunity Fund supports integrated programming that serves both youth and adults in the same household, aimed at improving the education, financial stability and well-being of the whole family.

Three organizations received "Systems-Level" grants for work that addresses poverty through a broad, industry-wide approach, including building, maintaining and training the sector's workforce and other system-wide strategies and public policy efforts to advance the sector in reducing poverty.

The grants range from \$40,000 to \$470,000 and are being awarded to **non-profits accredited with United Way of Central Indiana**. Funding contracts begin Jan. 1, 2025.

A separate grant cycle is **currently underway for nonprofits outside United Way's accredited network**, with that funding announcement expected in February.

For this round of funding, a committee of 16 people – United Way staff, board members and community volunteers – reviewed Basic Needs Fund applications, and a committee of 15 people reviewed Family Opportunity Fund applications. These committees made funding recommendations, which were approved by United Way's Board of Directors at its Oct. 24 meeting.

Previously, nonprofits applied to the two funds separately and at different

times of year. Starting this year, United Way has combined the funds into one application to ease the process for partners. Also new this year: multi-year funding, which will allow accredited partners to better plan for the future.

"United Way remains committed to partnering with community organizations to tackle issues Central Indiana residents are facing, and to ensure households have access to programs, resources and opportunities that help people live the lives they are most capable of living," said Shannon Jenkins, United Way's vice president of impact. "Funds awarded through the Basic Needs and Family Opportunity Funds will help more than 70,000 people and households have access to essentials and opportunities that lead to educational success, well-being and economic mobility for Central Indiana families."

Kathleen Mary (Kingsley) Wetzel, 74, Carmel, passed away on Monday, October 21, 2024. She was born November 30, 1950, in Corpus Christi, Texas, to Fredric Thomas "Tom" and Jeanette L. (Hayes) Kingsley.

Growing up in a military family, Kathleen lived in several states and cities in the U.S., including Hawaii, California, Vermont, and Florida.

Following high school graduation, Kathleen attended Florida State University and eventually Ball State University where she studied the art of jewelry making and learned to create different designs. She enjoyed the craft and continued to teach jewelry-making after retirement. Kathleen also worked as a Medical Transcriptionist for several years.

Kathleen loved music and began playing the clarinet at a young age and became quite accomplished. She received a full scholarship to Florida State University for clarinet. She played in the church orchestra while attending her local church. Currently Kathleen was a member of St. Mark's United Methodist Church, Carmel.

Another interest Kathleen enjoyed was antiquities, which stirred her interest in participating in several archaeological digs. Kathleen was a lifelong and proud owner of chihuahuas.

In addition to her parents, Kathleen was preceded in death by her husband, Terry Wetzel.

Survivors include her sons, Curtis Carroll Paul, Joshua Daniel (Andrea) House, and Jonathan David (Angela) House; six grandchildren; and sisters, Judy Doolittle, Patty Pomeroy, Arlene Chrostowski, and Jeanne Kingsley.

All eight Hamilton County teams will be in action this week, playing for a chance at a sectional championship next Friday.

Last week gave classes 5A and 6A a week off while Classes 4A through 1A had the spotlight. Tonight, the five bigger county schools are in action.

With three Hoosier Crossroads Conference schools in Sectional 4, at least one will play in the sectional championship.

Fishers (5-4) at Noblesville (2-7)

Between HCC matchups and a pair of playoff meetings, Fishers has a 16-5 record in the series, winning the last six. Noblesville's last win was in 2018.

Fishers head coach Curt Funk is in his fifth season (28-24) leading the Tigers. Funk was at Mississinewa (77-36) from 2010-19 with two sectional titles.

The Tigers started off 3-1 with a win at North Central (49-35), a narrow loss to Pike (35-34), an overtime win over Nobles-

ville (17-14) and a thrilling win at HSE (37-35) for the Mudsock.

Since then, a hard-fought loss to then-No. 1 Brownsburg (31-30), win at Avon (27-13), losses at Franklin Central (22-13) and No. 2 Westfield (46-12) to close out the regular season with a 30-6 win at Zionsville.

Caden Hill has assumed quarterback duties since mid-season, throwing for 497 yards with four touchdowns and two interceptions. Gage Sturgill began the season under center be-

fore the injury bug struck. He was 61.5 percent on passes (83-135) for 1,156 yards with 13 TDs and just two INTs.

Ryan Themblembu leads with 417 rushing yards on 87 carries and four touchdowns. Brady Griffiths has provided depth recently with 77 rushes for 285, also scoring four times.

Stanford commit JonAnthony Hall is having yet another stellar season with 67 catches for 978 yards and nine touchdowns. Denkota Fletcher (215), Jase Ruggles (210) and Themblembu

(198, six TDs) have combined for 623 and eight TD catches.

Fishers' last sectional championship was in 2017, the third in program history. The Tigers won their lone regional and semi-states in 2010 on the way to winning the Class 5A state championship over Lawrence Central (38-19).

Millers' head coach Dave Sharpe is 14-37 in his fifth year. Sharpe started at John Glenn (13-9) in 2013-14 and La Porte (26-17) from 2015-18 before he arrived at Noblesville.

Noblesville won its first two games at home against Mount Vernon 43-24 and at Homestead (49-6).

The Millers have lost seven in a row with six of the seven losses are by seven points or less, possibly flipping the Millers into a winning season.

They lost at Fishers in OT (17-14), home to Westfield (38-18), at Zionsville (35-28), Franklin Central (35-28), HSE (28-21), at then-No. 1 Brownsburg (22-18) and Avon (24-18).

The REPORTER

The 2024-2025 IHSAA girls basketball season begins next week.

Hamilton County had its share of success among its teams last season, with large, medium and smaller sized schools winning championships. This year's teams have the potential to be winners as well, based on the talent returning.

The Reporter will now take a look at all nine schools to highlight some of those returning players to let basketball fans know who they should be watching out for this season.

SCHOOL BOARDS

Christi Crosser

Candidate for Noblesville School Board, At Large

I am the current Noblesville School Board President. My husband Craig and I have lived in Noblesville for 25 years. Both of my children graduated from Noblesville High School. I'm a small business owner in Noblesville and I serve on nonprofit boards in our community. I am extremely proud of the accomplishments of Noblesville Schools over the past four years. The fiscal responsibility of Noblesville Schools is essential. The S&P rating has increased two times over the past four years. The current rating is AA and Noblesville Schools are only one of four school districts in the state with this rating. Noblesville Schools have lowered their tax rate for five consecutive years and are on track to be lower for a sixth year. I champion meeting students' needs to be successful after graduation. This includes college, workforce and military. The expansion at Noblesville High School will add STEM programming through a bond with no increase to the tax rate. I support teachers and staff of Noblesville Schools. They need to be paid well, have the benefits they deserve and be treated as the professionals that they are. Noblesville Schools was named in Forbes Magazine as one of America's Best Midsize Employers.

Alison Hanley

Candidate for Noblesville School Board, At Large

Alison is a wife and mother to triplet girls who attended Noblesville High School. She is a Speech-Language Pathologist with 35 years experience treating children with speech/language delays and adults/seniors with communicative-cognitive impairments. Alison loves the performing arts and enjoyed watching her daughters perform in choral concerts, piano recitals and dance performances with the Miller Girls at NHS.

Alison believes a strong academic foundation is vitally important to prepare children for adulthood. She feels increased focus on academic achievement is needed due to a high percentage of students (roughly 40-50%) not performing at grade level in reading/writing and math (2024 iLearn scores on IDOE website), putting them at risk to fall further and further behind. With her work experience plus her own daughters' learning struggles, Alison knows how these challenges can impact every area of a child's life.

Alison also wants to see more support for teachers as they face tough challenges in the classroom such as growing numbers of ELL learners and larger class sizes.

Alison believes a renewed focus on academic excellence, transparency with parents/the community, and careful use of tax dollars will help Noblesville Schools continue their excellent reputation for generations to come.

Stephanie Lambert

Stephanie is running for re-election to the Noblesville School Board where she currently serves as vice president. She has lived in Noblesville with her husband, Nate, for 13 years. She has been a Forensic Scientist with the Indiana State Police, a substitute teacher in the district, a Hamilton County CASA and is the current Republican Precinct Committeeman at Grace Church. Stephanie has a record of supporting all students no matter their path, including voting yes to a NHS expansion project that will increase Career and Technical Education opportunities like welding and construction management. She also has supported a collaboration with IU Kokomo for a College Core certificate that will give students 30 credit hours of college credit when they graduate-potentially saving families thousands of dollars in college expenses. Stephanie is fiscally responsible and has worked hard to decrease the school tax rate and the district's overall debt every year she has served on the board-while maintaining state of the art facilities and top tier educational opportunities.

Terry Tolle

Candidate for HSE School Board, Fall Creek Twp.

My name is Terry Tolle, I have been married to my wife Lisa for 27 years. We have 3 children. Two have graduated from HSE and gone on to Purdue and Auburn University. My youngest is a Junior at HSE. I was previously elected to the HSE School Board and served from 2015 to 2018 as the legislative liaison. I testified in the state senate and successfully worked with our state legislators and local officials to help secure the largest increase in operational funding in our school's history. That funding helped decrease class sizes, improve teacher pay, and strengthen the quality of education for our children. I am running again to help solve our budget problem and promote parental involvement and school safety. My goal is to bring civility, collaboration, and professionalism back to our schools, and work diligently to secure the financial future of this district so that our students and teachers can achieve their educational and professional goals within our district.

I would appreciate your vote.

I'm Greg Lannan - a lifelong Fishers resident, and candidate for Hamilton Southeastern School Board.

As a proud 2009 graduate of Fishers High School, husband to Megan, also a Fishers High School graduate, and the dad of a future student, I am proud to be running for school board. This community has given me so much, and I look forward to being a voice and tireless advocate for students, parents and teachers alike.

I firmly believe that we can empower parental involvement, uplift our teachers so they feel inspired to give our children the best education every day, and run our district in a fiscally responsible manner.

I'm the only candidate that has walked the halls of these schools as a student and can give insight on how to best address several issues, particularly student mental health.

I have worked with state and local elected officials for over a decade and can be an effective advocate at the statehouse next year as property taxes and school funding are addressed. I would appreciate your vote this November!

Latricia Schooley

Candidate for HSE School Board, Delaware Twp.

I am a dedicated mother of four and have been happily married for 31 years, all while running my own small business. Like many families, one of our motivations for relocating here was the quality of the schools. I have found immense satisfaction in volunteering within our schools and the broader community.

These opportunities have enabled me to collaborate with educators, parents, and community members.

Being married to an educator has given me a profound understanding of the challenges that teachers and their families encounter. I am honored to have the endorsement of the Hamilton Southeastern Education Association (HSEA), which represents more than 60% of our district's teaching staff, highlighting my commitment to supporting the educators who play a crucial role in guiding students toward success.

My experience in the insurance benefits sector equips me with essential skills to manage human capital costs for our school district, ultimately benefiting our employees and ensuring effective resource allocation. Additionally, my participation on various professional boards has enhanced my knowledge of governance and strategic planning.

As a mother of a child with special needs, I am dedicated to ensuring that our district fulfills its educational promise to serve all students.

Preparing kids for their future success is where my passion lies. My experience in business and academia gives me the opportunity to make a difference in Heights students' lives. I have a deep understanding of the financial inter-workings of school budgets with an excellent knowledge of the Operation and Education funds. While on the Board the last eight years, we have stayed within budgets, have not increased the tax rate for the community and implemented such money saving projects as solar fields at our three main buildings. Moving forward, it is imperative to search for ways to continue to attract and retain top talent in the teaching area which will directly correlate to our kids' success now and into the future.

Sarah Parks-Reese

Candidate for HSE School Board, Wayne Twp.

I've spent over 25 years in the field of early childhood education and have a Master's Degree in Education. The majority of my career was spent as an early learning program administrator, where responsibilities included: the budget, staffing, hiring, performance evaluations, marketing, enrollment etc. I was not a teacher, but while working in collaboration with schools and then at the department of education, I understand how K-12 education operates. My time working on different teams at IDOE, from school improvement, to special education, and teaching & learning has also given me the knowledge of the right questions to ask regarding student outcomes to ensure we continue to move in the right direction for all students, and that our teachers and building leaders have the support they need. My decisions are student-centered, and grounded in data. As a public school district representative, it is my job to protect our budget. I've done that in a number of ways during my time on the board including preventing an unnecessary vote to reject a mental health grant awarded to the district. In the future I would like to see HSE create a vision for career and technical education, and fund it's own program.

COUNTY

STATE

Brandon "Brad" Beaver

Republican for County Council At-Large

Brad Beaver is currently serving on the Hamilton County Council At Large. I am a lifelong resident of Hamilton County and have been a small business owner for the past 40 years. My wife and I have three adult children and two granddaughters.

The main role of the County Council is to set the county tax rate, fund county departments and approve bonds for county projects. The county tax rate has not increased in the last 10 years. We have a AAA bond rating on property tax bonds and a AAA rating on income tax bonds. No other county in Indiana has a AAA rating on both. I pride myself on being a true advocate for Hamilton County citizens and I am mindful of spending your tax dollars. I ask for your support on November 5.

Whether it's leading the courtroom or leading in the community, Steve Nation wants everyone to reach their highest potential. When making the decision to run for Hamilton County Council, it was simple: Steve wants to continue to help build a better life for the people here in the county. He will continue to keep the people of Hamilton County safe through his councilor position.

In his first term, Steve served the county through honesty, accountability, and impactful governing. He took tangible actions to fulfill the commitments he made. Steve was clear and transparent with his vision, and he delivered.

In his upcoming term, there remains important work to accomplish. As he has demonstrated previously, Steve will continue to fulfill his commitments and deliver on his promises. His reelection campaign is centered around three main pillars: public safety, mental health, and collaboration.

FEDERAL

Robby Slaughter

Independent for Fifth Congressional District

To earn a spot on your ballot this November as an independent candidate, I spent a year traveling our district and collected over 6,000 signatures. I also met nearly everyone else in this section of the paper who is running for office. I believe they are good people. But as the old saying goes, "A bad system will defeat a good person every time." We all know that our current system--one of political parties and special interests--is no longer helping our country. Polarization, extremism, and the wealthy donors behind them are in control instead of everyday Americans.

The biggest problem we face in our country is not education, it's not the border crisis, it's not the economy or injustice. It's that we, the people, no longer trust our politicians. Without trust, nothing is possible. And the only way to earn trust again is for politicians to give up power through term limits, through radical financial transparency, and by actually spending time with voters regardless of their political party. My goal is to earn your trust. Have questions? Want to help? Call me at 317-670-4563.

Victoria Spartz

Republican for Fifth Congressional District

Victoria is a natural leader who has a proven track record in the business world, civic organizations and the public sector.

In many ways, she embodies the American Dream: born overseas, immigrating to the United States over 20 years ago after meeting her husband, a born and raised Hoosier, on a train in Europe, becoming a US Citizen, and working her way up from bank teller to a CPA, finance executive and successful business owner.

Growing up in socialist-controlled Ukraine, she experienced firsthand the dark side of socialism. Living through this molded her conservative political philosophy: limited government is always better, and financial and healthcare decisions should be made by individuals in the free market, not bureaucrats and special interests.

In 2020, she was elected to Congress from Indiana's 5th District. Re-elected in 2022. In an era of politicians with sound bites, Congresswoman Spartz is a policy leader who is already make a legislative difference even in her first two terms - 12 bills signed into law and many policies developed from scratch.
