A good cry at a psychic fair

Editor's Note: This story originally appeared in Next Avenue on Oct. 31, 2024.

Last October, Brynne showed me an advertisement for a psychic fair. I arched a quizzical eyebrow, in jest to her kookiness.

"I have something to work through," she said, shrugging.

"I'll wait in the car," I said, anticipating time alone to work through my own angst.

"Today's the second anniversary of your mom's death," she said in the parking lot at her psychic fair. Brynne, always the mind reader, finally addressed the elephant in the room – well, in the Corolla. The approaching anniversary gnawed, numbed – and now it was here.

That first year after her death, I wrote about my loss, conjuring my shattered, scattered orphan thoughts onto ghostly laptop glow, as if my fingertips piggybacked a planchette at a Ouija board. Often, my aimless, keyboard finger taps were as futile as failed SOS Morse code.

"I'll still write about you," I promised Mom throughout her five-year sentence on cancer's death row. She smiled. My last words to her: "You were a great mom. It's OK to let go." She was lost to merciful morphine then, mouth agape (a near-death mask).

With written words, I tried to crawl from, and claw my way out of, the surrealism of an emotional ground zero. Also, as promised to her, I called Dad, checking on

Sheridan Schools holds 'Track or Treat' on new turf

Submitted by Sheridan Community Schools

Sheridan Community Schools held its annual Track or Treat event on Tuesday, Oct. 29, welcoming families to a safe and festive Halloween experience on the new Sheridan High School (SHS) turf football field.

Coordinated by the SHS Student Council, this much-anticipated event brought the community together for a night of costumes, treats, and fun.

Overall, the event hosted approximately 700 individuals.

The event invites any SHS club or team to set up a table, creating a welcoming environment where little ones in costume can safely collect candy and enjoy Halloween festivities. This year's event had a great turnout, with children enjoying activities and treats in a community-focused atmosphere.

"We're thrilled to provide a safe and enjoyable space

for our young trick-or-treaters," Student Council Sponsor Mathew Hewitt said. "Track or Treat is a wonderful example of how our school and community come together to support our kids. It's always heartwarming to see so many smiling faces on the field."

SCS thanks these community sponsors, whose generous support helped make Track or Treat a success: Sheridan Elementary PTO, Sheridan Fire

Department, Greek's Pizza, Stuckey Farm, Sheridan Historical Society, Wallace Horse Fee, Culver's, Creekside Chiropractic, Reynolds Farm Equipment, Drayer Family, and the American Legion Ladies Auxiliary Unit 67.

SCS appreciates the dedication of these organizations and the efforts of the SHS Student Council in bringing a memorable and safe Halloween celebration to life for local families.

GOOD CRY

from Page 1

him like clockwork. Mom worried more about him than herself. "Me and Jesus, we're good," she said, "like in that Tom T. Hall song." We had never talked Jesus before... much like we never spoke of her cigarettes either, those telltale smoke signals from the far corner of our house, smoke rings floating like ghostly nicotine nooses, from where she attempted to hide her habit, as if saving an impressionable son in his single-digit years from secondhand smoke or bitter disappointment. It was deception with mercy.

The next year, my mom stories stopped, cold turkey. Done with Mom. Dialing Dad lessened. When people asked how he was, I'd respond, "He's fine," based on our two-minute talks. How Dad *really* felt the other 1,438 minutes of the day, I couldn't imagine. Both broken promises made at Mom's deathbed came with great guilt.

Brynne convinced me to join the psychic fair. I autographed a sign-up sheet and scribbled my name on a sticker. In the community room, wobbly card tables spaced a few feet apart served as makeshift spiritualist stations. I had expected a private room, not a setting more suited for bingo. With so many people in the same room contacting the spirit world, how could otherworldly wires not cross? The risk seemed high for spirits to show up at wrong tables. I imagined the following screwball scenario between a medium and client:

"Your Uncle Ed's spirit is here."

"I don't have a dead Uncle Ed. I'm here for Sparky, my childhood cocker spaniel."

"Uncle Ed, you might

Photos provided by Scott Saalman

want to try table B-5."

"Bingo," someone a few tables away shouts upon hearing B-5.

"I hear Sparky barking from the other side of the room. Mommy's coming, Sparky..."

My assigned medium read SCOTT on the sign-up sheet and on my name tag. Still, she asked, "Are you Scott?" as if disbelieving in things that can actually be seen. That, or my medium wasn't playing with a full Tarot deck, lessening my already low expectations and further fueling my doubts.

"Why are you here?"

"To contact my mom, I guess."

"What's her name?"

"Pat. Patty. Patsy. Patricia," I said.

"I'll see if I can reach her."

"Tell her I'm calling collect," I joked. No laugh. A jest-free zone. Tough room.

"Pat. Patty. Patsy. Patricia," the medium said, her eyes blinking like dying neon, then saying closed. "Someone is here to talk..."

"Scott," I reminded, tapping the name tag.

Her concentration while summoning the otherworld was Oscar worthy.

"Your mom has been very busy bringing people together," the medium said.

Suddenly, my BS detector's needle stilled. My heart quickened. It was believable, what she reported. Mom, always the consummate host, was passionate about introducing people to one another, no matter where, forging new connections and friendships. Strangers were a foreign concept. Mom's magnum opus was the miraculous arrangement of a baby's adoption between two families whose only common denominator was the shared blessing of knowing her.

The shut-eyed medium smiled and said, "She wants you to know she's doing fine."

My tears welled, leaked and burned like lava, un-

leashing—

"Ask her..."

—salty torrents, their fiery flow—

"Ask... her..."

—so many tears so close to home—

"Are you still there, Pat. Patty. Patsy. Patricia?"

—syllabic sputter ... "Ask her if Dad is doing OK?"

"Scott wants to know how your husband is doing." The medium blindly leaned forward. Had there been a crystal ball between us, her nose would've knocked it to the floor. The cheap table shook — or maybe it was me.

"When did he die?" the medium whispered. I assumed she was asking me. Hard to tell. Her eyes still closed.

"He didn't."

Her right eye popped open. The sudden gypsy-like intensity of her cyclopean stare startled me. Calmly, she said, "Why don't you call your Dad and find out how he's doing?"

Was Mom speaking through the medium, or was the medium, alone, offering me practical advice? Her other eye opened to glance at her cell phone. "Your time's up." She hawked a special rate if I wanted to extend the conversation with Mom.

The good cry at the psychic fair made me feel better. It lightened me, enlightened me somehow. My first parapsychologist visit brought with it a newfound clarity one might expect from couch surfing through a sea of psychologist offices. Sometimes, tears are the best form of talking.

Her app accepted my debit card. My tip for the medium was large.

Later, I called Dad. Told him Mom was staying busy bringing others together, that she was doing fine. That sounds like her, he said. I didn't ask how he was doing. He was alive. It's so hard to talk about love with the living.

See "Small Treasures" by Jeremy Mallov at Art Gallery at City Hall in Fishers

The REPORTER

The Fishers Arts Council (FAC) artist for the month of November is Jeremy Mallov – artist, teacher, parent, husband, and long-time appreciator of art. His exhibit is titled "Small Treasures" because his recent focus is painting beautiful things in small packages.

The exhibit is on display at the Art Gallery at City Hall located in the Fishers Municipal Center, 1 Municipal Drive, Monday, Nov. 4 through Dec. 2, excluding holidays, and can be viewed Monday through Friday from 8:30 a.m. to 4:30 p.m., and at the Second Friday free public reception from 6 to 8 p.m. Nov. 8.

When Mallov began his college work at Indiana University, he intended to major in psychology. However, he says, "after sophomore year I got bitten bad by the art bug," and a psychology degree was no longer his objective. He knew, though, that he would have to be able to earn a living, so he decided he would combine his love of art with a love of teaching art and became a licensed art education teacher. He has now been teaching art at Amy Beverland Elementary School in Lawrence Township for 21 years, after spending a half-year teaching at Carmel High School and a year at Belzer Middle school.

Mallov notes that as an

artist, early in his career his paintings were inspired by the exotic locales where he had traveled. He created a series of paintings of Venetian canals and Israeli architecture and French and Spanish cityscapes. However, he notes that a lot has changed in his life as an artist. He says he has "four amazing daughters, ages 9 to 16, three cats, one dog, a whole series of foster cats, and our travels have now consisted of Disneyland and beaches" with his daughters and his wife, who is a writer and a lawyer.

Of November's "Small Treasures" exhibit of his work, Mallov says, "Finding time to paint has become a challenge, and the source of my November art show is all about creating 'small treasures' in the time I have and finding inspiration where I can. I've found myself making smaller 8-by-10-inch paintings while sitting in the waiting room of a cheer studio or gymnastics studio and painting a picture of the absolutely gorgeous sunrise I saw one morning while at car drop-off duty at school. Or I'll paint a picture of the view across a retention pond I noticed while taking a walk with my wife. I've learned to see the beauty in the small, the everyday. My newest paintings are like a short story, giving you a glimpse into my world, without telling you an entire novel. The

paintings are not, however, without deeper meaning. As an art teacher, I spend about a third of class time presenting students with a work of art and having them analyze what deeper meaning the artist was trying to express about life."

Mallov says that when he paints, he measures the success of each painting in terms of whether it accurately captures the feeling of what he was trying to create. He also says that when he's teaching, he measures his success on whether he's introduced his students to something meaningful to them in terms of art, and if he's created a love of art in them. Just as he was "bitten bad by the art bug," he hopes to share his enthusiasm for and appreciation of art in his students. He hopes that the "art bug" will "bite" them, too.

Noblesville Creates showcases 8th Street Artists & new exhibits this month

Submitted

Noblesville Creates is featuring the 8th Street Artists and two new exhibits at the Judge Stone House, along with two other Artists of the Month, in November.

The Artists of the Month include the 8th Street Artists, Michael Jack, and Jerry Mannell, and each of their exhibits will be featured at a different Noblesville Creates showcase location. Noblesville Creates also welcomes the exhibits Prized Possessions and Gifted: Handmade Wonders at the Judge Stone House. Lastly, Noblesville Creates is excited to partner with the Fishers Arts Council (FAC) and Fishers Art Center to host a Gallery Hop in Fishers.

Information on exhibit dates, receptions, and artist details is available below.

Stephenson House The 8th Street Artists

All Together Again is an exhibit of original works by the award-winning 8th Street Artists. These creatives are named after the location of their studios, the two-historic homes at Noblesville Creates on 8th. Two of the artists – Michael Janosky and Roseanne Crowell – have been working out of their campus studios since the organization's opening over 12 years ago. They all relish time sharing techniques, critiquing one

another's works, and plein air painting throughout Indiana.

Noblesville Creates was a saving grace for the artists when they were allowed to occupy their studios amidst COVID-19 related closures; all could continue their art endeavors and social interactions to the point where they now finish each other's sentences. In 2023, the 8th Street Artists began showing their work as a group at The Hoosier Art Salon Gallery in New Harmony, Ind., and the Rivet Coffee House in Westfield. From January through March 2024, they again displayed their work at the Meyer Najem 2nd Floor Gallery in the first iteration of All Together.

Among this group there is a variety of styles, subject matter, and media, but their familiarity with and appreciation for each other's works and style is evident when they are collected together. Their styles create a complimentary and thoroughly engaging collection. The works on display will include Indiana landscapes, florals, animal portraits, abstracts, and curated collages. Featured artists include Lesley Haflich, Benny Kenworthy, Penny Roberson, Denny Henderson, Michael Janosky, Roseanne Crowell, and Riwo Rinchen of the Gal's Guide Library.

See the full exhibit, All Together Again, in the Stephenson House Gallery at Noblesville Creates on 8th now through Nov. 30. The campus (including the artists' studios) is open for exploration Wednesday through Friday from noon to 5 p.m. and Saturdays from 10 a.m. to 5 p.m. You can meet and celebrate with the 8th Street artists during their free open house reception from 1 to 3 p.m. Saturday, Nov. 9.

Judge Stone House Prized Possessions

Prized Possessions is Noblesville Creates' annual competitive exhibit, where the Artist of the Year to judge each piece and award cash prizes.

Prized Possessions will be viewable from Nov. 2 to 16 in the Judge Stone House gallery. The Noblesville Creates on 8th campus is open Wednesday through Friday from noon to 5 p.m. and Saturdays from 10 a.m. to 5 p.m. The reception for this exhibit will be from 1 to 3 p.m. Nov. 9, with the first-, second-, and third-place prizes, as well as Honorable Mentions, designated beforehand.

Voting for the People's Choice Award will be public as of Nov. 2 both on the Noblesville Creates campus and via liking images on the official Prized Possessions

Facebook Album.

Judge Stone House Gifted: Handmade Wonders

Noblesville Creates' annual artistic celebration returns for another holiday season. Stop by the historic campus at 8th and Maple to shop truly unique gifts. Gifted: Handmade Wonders features a wide variety of artisanal items from Hoosier creatives in the cozy Judge Stone House Gallery. From woodworking, stoneware, textiles, and more, there is something for everyone on your shopping list. A large portion of each purchase also goes back to the artist behind each piece, meaning that you are directly supporting a local artist.

An online shop featuring all of the Gifted items will be made available once the show opens on Nov. 28. Items purchased online will be available for pickup only.

Gifted: Handmade Wonders will be viewable from Nov. 28 to Dec. 28 in the Judge Stone House gallery. The Noblesville Creates campus is open Wednesday through Friday from noon to 5 p.m., and Saturday from 10 a.m. to 5 p.m. The reception for this exhibit will be from 6 to 9 p.m. Friday, Dec. 6 at the Judge Stone House.

AG Todd Rokita delivers another blow to Big Pharma

\$49.1 million national settlement to resolve price-fixing allegations involving generic drugs

The REPORTER

Indiana Attorney General Todd Rokita, as part of a coalition of 46 states and four territories, has secured \$49.1 million in settlements to resolve allegations that two companies engaged in widespread, long-running conspiracies to artificially inflate and manipulate prices, reduce competition, and unreasonably restrain trade with regard to numerous generic prescription drugs.

The two companies represent only a fraction of those implicated in such alleged misconduct. Indiana and other states are pressing forward with lawsuits against the remaining companies not participating in the settlements.

"Hoosiers deserve to know that the prices they pay for generic drugs arise from free and fair competition among pharmaceutical companies," AG Rokita said. "The fight is not over, and we continue to allege that company executives in this case colluded and con-

spired to keep prices high at their respective companies. We are holding them accountable for their egregious misconduct."

As part of settlement agreements, the two companies have agreed to cooperate in ongoing multi-state litigations against 30 corporate defendants and 25 individual executives. Both companies have further agreed to a series of internal reforms to ensure fair competition and compliance with antitrust laws.

A \$10 million settlement with Heritage Pharmaceuticals is being filed Oct. 31 in the United States District Court for the District of Connecticut in Hartford. A settlement with Apotex for \$39.1 million will be finalized and filed in the U.S. District Court in the near future. The State of Connecticut has led the multistate litigation efforts.

Indiana residents' ultimate share of the money will be determined by how many request refunds. If you pur-

chased a generic prescription drug manufactured by Heritage or Apotex between 2010 and 2018, you may be eligible for compensation. Call 1-866-290-0182 (toll-free), email info@AGGenericDrugs.com, or visit AGGenericDrugs.com to see if you are eligible.

A coalition of nearly all states and territories filed three antitrust complaints, starting first in 2016.

The first complaint included Heritage and 17 other corporate defendants, two individual defendants, and 15 generic drugs. Two former executives from Heritage Pharmaceuticals, Jeffery Glazer and Jason Malek, have since entered into settlement agreements and are

Rokita

cooperating.

The second complaint was filed in 2019 against Teva Pharmaceuticals and 19 of the nation's largest generic drug manufacturers. The complaint names 16 individual senior executive defendants.

The third complaint, to be tried first, focuses on 80 topical generic drugs that account for billions of dollars of sales in the United States and names 26 corporate defendants and 10 individual defendants.

Six additional pharmaceutical executives have entered into settlement agreements with the states and have been cooperating to support the states' claims in all three cases.

Carmel announces 2024 City Arts Grant application process

The REPORTER

The City of Carmel has announced the 2024 City Arts Grant application process, which will be conducted entirely online for the first time.

This program aims to support local arts organizations that contribute to the vibrancy and appeal of the Carmel community. Since its inception in 2004, more than \$17.3 million in arts grants have been awarded. The City Council has approved \$1.47 million in funding for the 2024 grant cycle.

"There is no doubt that the culture of arts in our city has been a major benefit to our residents, visitors and small business owners," Mayor Sue Finkam said. "Carmel is known nationally for our Arts & Design District and our Center for the Performing Arts. By investing in our arts organizations, we encourage economic activity that supports small businesses and enhances quality of life."

Photo provided by City of Carmel

Laura Campbell, Chair of the Mayor's Advisory Commission on the Arts, expressed enthusiasm for the new online application process.

"We are looking forward to receiving grant submissions and reviewing all of the proposals from our local arts community," Campbell said. "This streamlined approach will make it easier

for organizations to apply and for us to evaluate the impactful projects that enrich our city."

According to the Arts & Economic Prosperity 6 report by Americans for the Arts, Carmel's nonprofit arts and culture industry generated \$42.7 million in economic activity in 2022. This included \$17 million in spending by nonprofit arts organizations and

\$25.7 million in event-related spending by audiences, supporting 981 jobs and generating \$10 million in local, state, and federal government revenue.

Local arts groups are encouraged to apply for funding. The deadline for the initial round of applications is 5 p.m. Friday, Nov. 29. For more information and to access the online application, [click here](#).

Westfield H.S. educator awarded grant for innovative teaching

The REPORTER

Congratulations to Westfield High School chemistry and physics teacher Kevin Morse for being awarded a FORUM Foundation Educator Grant from FORUM Credit Union. He received the grant for a project combining the AP chemistry & AP art classes.

The project will create a cross-curricular opportunity for students in chemistry and art classes. During the time following the AP exams and portfolio submissions, AP chemistry and AP art students will be combined to explore the intersection of art and science in the context of history.

Students will do chemical synthesis and extraction experiments to create five to seven historical color pigments. These are hands-on reactions in the lab, turning chemicals into paint. They will learn the chemistry behind the reactions and the significance of the specific colors/paints in history.

After creating a full color palate, students will design and create a full watercolor painting using the colors they created.

See art come to life at The Florence theatre in Carmel

Submitted

Mélange: concoction, mixture, combination.

In this new series of performances, audiences will experience art coming to life in front of their eyes in an intimate theatrical setting. Each series will feature a musician (a vocalist or instrumentalist), a dancer (from Gregory Hancock Dance Theatre – GHDT), and a visual artist. Together they will create art at The Florence (Carmel's newest black-box theatre space) in a collaborative and organic manner.

The musician will present a set of music, while the dancer creates choreography inspired by the music, as the visual artist creates art inspired by the movement of the dancer and the music of the musician. Audiences will experience live art in a new manner, bringing groundbreaking and creative art to central Indiana.

The Mélange Series will take place at 5 and 7:30 p.m. Saturday, Nov. 16, and at 3 p.m. Sunday, Nov. 17 at The Florence, 329 Gradle Drive, Carmel. [Click here](#) for tickets.

After the overwhelming success of the first season of The Mélange Series, GHDT is excited to welcome three new artists for the first performance of The Mélange Series this season.

Tessa Gibbons is absolutely thrilled to be a part of The Mélange Series with GHDT. Her most recent performance with them was The Music of La Casa Azul

at The Palladium (New York Singer/Ensemble), besides also being part of La Casa Azul's previous theatrical iterations in 2015 at The Tarkington and 2019 at The Phoenix. Other recent theatrical performances include Sweeney Todd (Beggar Woman), The Great Gatsby (Jordan Baker), The Wild Party (Ensemble), and Alice in Wonderland (Mad Hatter).

Special thanks go to her parents and friends for all of their constant love and support, and to GHDT for this amazing opportunity. Following The Mélange Series, Tessa's next project is "Next to Normal" at Footlite Musicals in January, portraying the role of Natalie.

Dancer, Josie Moody joined GHDT during the 2021-2022 season and is honored to continue her dancing career with GHDT. She began her training at The Academy of Gregory Hancock Dance Theatre during its opening in 2009. She was a member of GHDT's pre-professional company, G2, for six seasons and interned with GHDT for three years as a student. She was humbled to receive the Florence Marie Hancock Memorial Scholarship in 2018 as a student at the Academy and will forever remember the imprint that Florence left on AGHDT and GHDT. She has had the privilege to be a part of several original casts in her time at GHDT.

Some of her most memorable repertoire pieces in-

GREGORY HANCOCK DANCE THEATRE

cluding Exodus, There's No Place Like Home, Antony and Cleopatra, Golem, Angels & Djinn, and Don't Sit at the Corner of the Table. She currently teaches dance at AGHDT and Dancers Studio Inc. in Columbus, Ind., in a variety of styles and loves to share her passion for dance with her students.

Visual Artist, Kevin James Wilson is an Artist from Indianapolis. He attended the prestigious Rhode Island School of Design on a full scholarship. While there, he drew and presented a portrait to Muhammad Ali for the New Future Foundation and the International Year of the Child. He was the youngest artist at age 19 ever admitted to the Washington Square Outdoor Art Exhibit in New York City and the exhibition was in its 97th year. During his time at Rhode Island School of Design he served on the Admissions Committee as a student representative for two years, Graduation Honors Committee, Chairman of Entertainment on the Student Board and was the President of the Third World Coalition of Artists during his junior year. He is eternally grateful for those experiences that he was awarded because this helped to shape and mold him into the artist

Gibbons

Moody

Wilson

that he is today.

His work has been shown in his hometown of Indianapolis to Las Vegas including the murals he created in the world's largest children's museum in Indianapolis. In Las Vegas, from 1999 until 2001 his work was mainly shown in Caesars Palace. Upon returning to Indy, his focus turned to fine arts. Shows such as the prestigious Hoosier Salon, Black Creativity at the Museum of Science and Industry in Chicago, Indiana Artist Club exhibitions and The Indianapolis Museum of Art at Newfields are among some of the juried shows where his artwork has been accepted. His work was also exhibited in Saks Fifth Avenue Gallery for the months February, March and July in 2021.

As a college professor of graphic design, he taught at International Business College in Indianapolis. This is a position he held for 25 years. He also taught draw-

ing and airbrush at The Indianapolis Art Center for 12 years.

Artists that inspired his style are Leonardo Da Vinci, Rembrandt, Michael Angelo, Norman Rockwell, and Joseph Holiday. Airbrush, acrylics, oils, pastels, and electronic graphics have all been mediums where he's worked.

The return to his real passion, which is drawing, took place in 2016. His Prismacolor pencil drawings have been shown in the Hoosier Salon, The Indianapolis Museum of Art at Newfields, The Indiana State Fair, The Indiana Artist Club and The Richmond Museum of Fine Art. In 2016 a painting in the Gallery Forty Two exhibition "A Century of Speed" earned him the title "World Class." The Indy 500 presented an exciting opportunity for him as he is a racing fan to the core. His piece entitled "Pit Stop" was on display at the Speedway for

the 100th running of the Indianapolis 500, amongst 32 other artists' work.

His drawing titled "Jessica" was also selected by the Indianapolis Arts Council to be displayed around the city as a High Art Billboard. His piece titled "Kings of the Castle" was currently displayed in a larger-than-life mural at Indianapolis International Airport on Concourse A, from 2021 until 2022.

One of his most recent accomplishments was induction into the Indiana Artist Club in 2019. The Indiana Artist Club was established in 1917 by such notables as T.C Steele and Otto Stark. He was elected President in 2022 of this elite 126-member organization and is currently serving his third term as President. Kevin is the very first artist of color to hold this position. One of his goals is to sell his art not just locally but globally.

The Mélange Series at The Florence has been created by GHDT Executive Artistic Director Gregory Glade Hancock and is presented by Gregory Hancock Dance Theatre. For more information about Gregory Hancock Dance Theatre, visit gregoryhancockdancetheatre.org.

Indiana's dairy farmers kick-off Veterans' Weekend with free milkshakes

The REPORTER

For the third consecutive year, Indiana's dairy farm families will express their appreciation to area veterans and active-duty military personnel with sweet treats for Veterans' Weekend – and this time, the public also can participate.

From 10 a.m. to 2 p.m. on Friday, Nov. 8, American Dairy Association Indiana (ADAI) – the statewide organization that represents Hoosier dairy farmers – will dispense 16-ounce chocolate and vanilla milkshakes from the legendary State Fair Dairy Bar on the grounds of the Indiana State Fair, 1202 E. 38th St., Indianapolis. All U.S. military veterans and current active-duty military personnel will receive free signature Dairy Bar milkshakes in a commemorative cup when they show their

official military ID at the Dairy Bar.

Members of the public wanting to enjoy the signature shakes – normally available only during the Indiana State Fair – are in luck this year! Chocolate and vanilla shakes will be available for purchase at the Dairy Bar for \$5 per 16-ounce shake in a regular cup, or \$10 per 16-ounce shake in the special commemorative cup. All proceeds from milkshake sales on Nov. 8 will be contributed by ADAI to the American Legion.

Patrons headed to the Dairy Bar event should enter the State Fairgrounds via Gate 6 off of Fall Creek Parkway on the east side of the Fairgrounds. They'll be directed along the fair's Main Street straight to the Dairy Bar, located opposite the Indiana Farmers Coliseum.

"As always, we're looking forward to welcoming both US veterans and active-duty military for sweet treats from the Dairy Bar," ADAI CEO Jenni Browning said. "While it's impossible to thank these men and women for what they have done and continue to do for all of us, our milkshake giveaway is one small way of showing our enormous appreciation for their service and their sacrifices. We are so grateful to each and every one of them!"

Browning continued, "And this year, we're really excited to invite the general public to come on out and show their appreciation as well by purchasing vanilla or chocolate shakes – the same delicious shakes we serve during the Indiana State Fair. Every dollar from shakes sold on Nov. 8 will be donated by Indiana's Dairy Farm-

ers to support the American Legion and its tremendous work on behalf of our U.S. veterans."

Since 1941, the Indiana Farmers' Dairy Bar has been the popular destination for all types of dairy delights during the Indiana State Fair. Especially popular are the Dairy Bar's two signature items: milkshakes and grilled cheese sandwiches. This past summer, more than 72,000 milkshakes were served to fairgoers, along with over 39,000 grilled cheese sandwiches, 4400 ice cream cones, 12,200 bowls of ice cream, 7600 orders of mozzarella sticks, and 9,600 glasses of ice-cold milk.

New Testament	50-100 AD	125 AD	5,686

That number only included early Greek manuscripts and none of the vast amount of quotations from early Christians ("church fathers") or any of the 20-25 thousand manuscripts in other languages.

Tacitus and Suetonius were some of Rome's greatest historians. They wrote about people like Octavian (Augustus Caesar), Brutus, Cassius, Mark Anthony, and Cleopatra. These historians are the reason we believe them to be real people. SIDE NOTE: Do you know who else they wrote about? Jesus and Christians. Yet, the New Testament has by far more historical and manuscript evidence for its reliability.

The REPORTER

Indiana Youth Institute (IYI) has awarded more than \$800,000 in grants to

61 Indiana youth serving organizations through the Youth Worker Well-Being Project.

The second round of grants opportunities were made available for eligible organizations to identify

potential gaps and needs in diversity, equity, inclusion, and belonging (DEIB) and/or trauma-informed workplaces and take steps towards improving workplace conditions for youth workers. This includes creating workplace cultures where youth-serving professionals are recognized and valued for their unique identities, abilities, background, culture, and ideas and can better manage stress because of improvements in the workplace environment.

“The first round of grant applications received made it clear youth-serving organizations see the need for improving trauma-responsiveness and equitable workplaces for their youth workers,” IYI President and CEO Tami Silverman said. “We are committed to continuing the investment through this second round of Youth Worker Well-Being Project grants to help even more organizations improve these efforts.”

Activities funded by the grants include training and consulting services, assessing organizational practices, and creating workplace programs to foster equitable workplace environments and improve well-being. Inflation-fighting strategies for retirees

At different times, inflation may be high or low, but, except in those rare periods of deflation, it's always with us. During your working years, when you may receive boosts in your salary, you at least have the potential to keep up with inflation – but what happens when you retire? As a retiree, what can you do to cope with the rising cost of living?

Here are a few suggestions:

Keep some growth potential in your investment portfolio

During your retirement years, you may want to move your portfolio toward a somewhat more conservative approach by owning investments that offer significant protection of principal. However, these same investments offer little in the way of growth, which means

COLUMNIST

COREY SYLVESTER
Cicero Edward Jones

they are susceptible to inflation. Consequently, you'll also need to own a reasonable amount in growth-oriented investments, such as stocks and stock-based securities.

Of course, these investments will fluctuate in value as the financial markets move up and down, but by owning some more conservative investments, you can reduce the overall impact of market volatility on your portfolio.

Consider inflation-adjusted bonds

You might want to consider Treasury Inflation-Protected Securities (TIPS), which are indexed to the Consumer Price Index, so the principal increases with inflation (and decreases with deflation).

Another inflation-adjusted Treasury security is the I bond, which differs

from TIPS in that the principal doesn't change but the interest rate does, every six months, based on a combination of a fixed interest rate and the inflation rate.

Like all investments, though, TIPS and I bonds have various features and risks of which you should be aware before investing.

Delay taking Social Security

You can start collecting Social Security benefits at 62, but your monthly checks will be much bigger if you wait until your full retirement age, likely between 66 and 67. You would receive the maximum amount if you waited until 70 before collecting. Of course, if you need the money to help support your retirement, you may not be able to afford to wait, but if you can, your bigger checks can be a big help against inflation.

Don't hold too much cash

During your working years, it's a good idea to have an emergency fund containing several months' worth of living expenses in liquid, low-risk accounts. And when you're retired, you might want to have up

to a year's worth of expenses in such a fund. But be careful about holding too much cash, as it will lose purchasing power each year due to inflation. Instead, when keeping cash, seek the "Goldilocks" solution – not too little, not too much, but just the right amount.

Think about extending your employment

If you like what you do, you might want to consider working a few years longer than you had originally intended. Not only will you be bringing in more income, but you could also continue to contribute to retirement accounts, including your IRA and 401(k). Even if you don't want to continue working full time, you could do some part-time work or consulting. Any earned income you bring in can help in your fight against inflation.

You can't control the cost of living, but by making some of the moves described above, you can help yourself mount a defense against the effects of inflation during your retirement years.

OrthoIndy & Indiana Hand to Shoulder Center announce alignment of care

The REPORTER

OrthoIndy and Indiana Hand to Shoulder Center, two of Indiana's leading orthopedic practices, have signed a definitive letter of intent for the purpose of aligning their two practices.

The new framework aims to combine the strengths of both practices and enhance their commitment to delivering unparalleled orthopedic care to the communities they serve while continuing to be national leaders in orthopedic research and the education and training of the next generation of orthopedic specialists.

For decades, OrthoIndy has been a leader in bone, joint, spine and muscle care, while Indiana Hand to Shoulder Center has earned a reputation as one of the most respected providers of upper extremity care, spe-

cializing in conditions and injuries related to the hand, wrist, elbow and shoulder. The practices share a dedication to patient-centered care, education and medical advancements that provide the best possible patient outcomes.

"This alignment works to ensure that we will continue to serve the community's orthopedic needs as an independent physician practice, which we believe is vital to Indiana's healthcare ecosystem," OrthoIndy CEO John Ryan said. "In a world where we more often read headlines about health systems acquiring physician practices or physician practices selling to private equity, we believe that now more than ever independent physician practices are the key to delivering the highest quality, reasonably-priced care to the communities we serve."

Through the alignment, OrthoIndy and Indiana Hand to Shoulder Center will share operational resources to serve patients with the highest level of clinical expertise and experience, as well as an expanded geographic footprint. With OrthoIndy's 12 locations in eight central Indiana cities and Indiana Hand to Shoulder Center's 10 locations across nine communities, patients are sure to receive the best possible treatment from a broad network of orthopedic specialists close to home.

"This alignment marks an exciting new chapter for Indiana Hand to Shoulder Center," said Tom Kaplan, MD, managing partner of Indiana Hand to Shoulder Center. "In aligning with OrthoIndy, we aim to seize the opportunity for further growth while maintaining

our focus on what matters most – providing exceptional patient-centric orthopedic care that includes the tools to regain mobility and enables the ability to live pain-free."

While OrthoIndy and Indiana Hand to Shoulder Center will be aligned moving forward, patients can rest assured that there will be no immediate changes to current scheduling practices, physician availability or insurance processes. Integration will occur over time so that it does not disrupt patient care. The two groups expect to complete their alignment in the first half of 2025.

For more information about available services or to schedule an appointment, visit OrthoIndy at orthoindy.com and Indiana Hand to Shoulder Center at indianahandtogether.com.

Tigers ride first-half momentum past Millers, advance to Sectional 4 championship

NOBLESVILLE – Fishers spread the wealth during the first half, and that helped get the Tigers into the Class 6A Sectional 4 championship game.

Fishers beat Noblesville 31-21 in a Friday semifinal game at the Millers' Beaver Stadium. The Tigers, now 6-4 for the season, will go back on the road next Friday to play for the Sectional 3 title, traveling to Hamilton Southeastern.

The first half was all Fishers, as four different Tigers players scored a touchdown. Ryan Themblembe went first, taking a seven-yard run into the end zone. Minutes later, Vincent Rozzi caught a 17-yard TD pass from Caden Hill. Jon Tangara made both extra-point kicks, and Fishers en-

joyed a 14-0 lead after one quarter.

JonAnthony Hall provided some excitement halfway through the second quarter, catching a Hill pass and taking it 80 yards for a touchdown. Denkota Fletcher finished the Tigers' scoring with a three-yard TD run with 18 seconds left in the half. Tangara also kicked both extra points, the finishing touches on a 28-0 Fishers halftime lead.

"I told our kids, that was probably the best first half of football we played all year," said Tigers coach Curt Funk.

Noblesville, to its credit, fought back in the second half. The Millers got the only points of the third quarter, with Ty Holmes punching the ball in from the one-yard line. A Caden Lydle extra-point kick kept Noblesville within 28-7

going into the fourth quarter.

The game was only three seconds into the fourth when Max Miller ran in from two yards to score, and Lydle's kick brought the Millers to within 28-14. Fishers made a long drive into the red zone, with Tangara finishing it up by kicking a 35-yard field goal.

Noblesville had one more touchdown to score and it came from a big play. Miller connected with Aiden Brewer for a 38-yard score. Lydle kicked in his third extra point to keep Noblesville close. But Fishers was able to hold on in the final four minutes.

"We finished the game and we were able to beat a good Noblesville team tonight," said Funk.

Hill finished the game 12-of-18 for 265 yards, with Hall catching five of those throws for 136

yards. Themblembe totaled 102 yards rushing. TJ Grace led the Fishers defense with eight tackles.

"They can make such explosive plays on both sides of the ball," said Millers coach Dave Sharpe. "But I knew we'd come back and I'm very proud of our comeback, literally having a fighting chance there down to the wire."

Miller went 8-for-13 as quarterback, totaling 146 yards; Brewer had five catches for 91 yards. Brody Gump's 69 yards led the rushing for Noblesville, which finished 2-8, although six of those losses were by seven points or less.

"I'm really proud of the senior class," said Sharpe. "It would've been really easy to just pack it in after four or five close losses, but they kept fighting and grinding."

'Rocks roll over Harrison & into fifth consecutive sectional final

The REPORTER

Being the night after Halloween, the best way to describe Westfield's Class 6A Sectional 3 semifinal win over Harrison (West Lafayette) would be that it was 'like taking candy from a baby.'

The 'Rocks scored early and often on their way to a dominating 49-0 win over the visiting Raiders on Friday night at Riverview Health Stadium.

"I think our guys got off to a great start," said Westfield coach Josh Miracle.

Westfield's first drive took no time at all for the first score. Carsen Melvin found Parker Knott for a 12-yard touchdown for the quick 7-0 lead.

The Shamrocks scored three more times in the final four minutes of the first to open the door of opportunity and mainly to try to shut the door early on Harrison.

Melvin then threw a touchdown pass of 40 yards to Preston Pakala for 14-0.

The running game got going toward the end of the quarter. Broc Parker ran in the third touchdown and Deacon King the fourth for a 28-0 lead after one.

"I just felt like everything was clicking early for us in the first half," said Miracle.

It would be like deja vu in the second for Harrison. King scored his second rushing touchdown, then Parker scored twice more before the end of the first half to make it 49-0, which turned out to be the final score.

Broc Parker had a career-best 145 yards on just eight carries and three TDs. King ran for 71 on eight rushes and scored twice.

Melvin threw 5 of 9 for 106 yards and two touchdowns. Preston Pakala led all receivers with three re-

Zionsville stuns Carmel on final play

The REPORTER

It began as a night of firsts for Carmel and Zionsville.

The two had never met on the football field until last night and they did everything to lay it all out there. The Eagles were able to score on the final play of the game and iced it with the two-point conversion to stun the Greyhounds, 29-28.

After a scoreless first quarter, both teams got going in the second. Zionsville running back Sam Manna scored two minutes into the quarter for the 7-0 lead.

Carmel answered right back a few minutes later on an Andrew Pemberton 46-yard touchdown run to tie it 7-7.

The Greyhounds took the lead they held at halftime, 14-7, on a Nathan Williams two-yard rushing score.

Zionsville scored on its first series of the third when Zachary Trent connected with Eugene Hilton on a 19-yard scoring strike, tying it again, 14-14.

The 'Hounds regained the lead once again on another Williams touchdown run

for a 21-14 edge.

Zionsville answered again a few minutes into the fourth. Hilton caught a 12-yard TD pass from Trent to tie it for the third time, 21-21.

Sophomore quarterback Jackson Treadway found Jacob Bellin for a 32-yard pass and catch for the 28-21 advantage with 5:16 left.

Carmel held the lead into the final minute, but then Zionsville was deep in Greyhound territory and Trent fumbled into the end zone. It would be recovered by Trent as time expired. Hilton would dive in the two-point conversion that gave the Eagles a 29-28 win.

Andrew Pemberton led Carmel with 20 carries for 146 yards and a TD. Jackson Treadway surely answered the call from the Greyhound coaching staff, completing a perfect 8-for-8 night for 101 yards and a touchdown.

Liam Mann caught four of Treadway's passes for 58 yards and Bellin two for 39.

Carmel's season finishes at 3-7 overall. Zionsville (4-6) visits Westfield (9-1) for the Sectional 3 championship next week.

Blackhawks secure shot at Sectional 46 championship

The REPORTER

Sheridan rolled into the Class 1A Sectional 46 championship game Friday with a 48-20 win at Clinton Prairie.

The Blackhawks scored the lone touchdown of the first quarter when Owen Bell punched the ball in from the one-yard line. Sheridan scored again early in the second period with a 10-yard TD run from Jon Barnes.

The Hawks led 14-12 late in the second quarter, but scored again on the last play of the first half: Bell connected with Dayne Voegel for a 34-yard touchdown pass. Bell made all three extra point kicks in the first half and Sheridan led 21-12 at the break.

Jacob Hall added a last-minute third quarter touchdown with a six-yard

rush, sending Sheridan into the fourth quarter with a 28-20 lead. The Blackhawks kept their feet on the gas during that final period, putting up 20 points. Bell and Hall both made 10-yard touchdown runs, and Ryker Ream added another TD with a 36-yard fumble recovery return for a score.

Alex Cravens led the Sheridan rushing with 115 yards. Bell was 9-for-14 throwing the ball, totaling 180 yards; he also made all six of his extra-point kicks.

The Blackhawks are 6-4 for the season and return to Bud Wright Stadium next Friday after playing their first two sectional games on the road. Sheridan will host Cloverdale for the Sectional 46 championship.

Golden Eagles prevail in battle with Huskies for chance at title

The REPORTER

The Golden Eagles went up 14-0 in the first quarter, with Aidan Horn catching a 26-yard touchdown pass from Malcolm Houze, then Dominic Elliott took a blocked punt return 20 yards into the end zone. Joey Sigler got the Huskies on the board with a two-yard run.

Approaching the end of 2024

As we near the end of the 2024 NASCAR Cup Series, several drivers stand out in my mind.

Of course, the two drivers who have already transferred to the Championship 4, Joey Logano and Tyler Reddick. But for those who have not qualified, Christopher Bell, Kyle Larson, and Denny Hamlin. Of those mentioned who have not transferred, one sits above the cut line, the other two are currently out.

Christopher Bell sits 29 points above the cut and is in a very good position to transfer on points. Despite not winning a race in the Playoffs, Bell has been the most consistent driver and has only finished outside the top 10 once in the last eight races, including five top 5 finishes. Bell has proven himself at Martinsville, grabbing a walk-off win at the 2022 Martinsville race. Just as important, Bell's pit crew has been nearly flawless in the playoffs. He is an exceptional qualifier, and I expect him to start near the front on Sunday. If he is able to collect some stage points in the first two stages, even a mediocre finish should be enough for Bell to lock himself into the Championship 4.

Earlier this season, Denny Hamlin seemed untouchable and was certainly the class of the field. But the second half of the year and playoffs have not gone his way. Nonetheless, Hamlin finds himself only 18 points out of fourth place in the playoff standings. A win would obviously lock him in the Championship 4, and he can win at Martinsville. He is great on short tracks and picked up wins this year at Bristol and Richmond. While Martinsville is different, Hamlin's short track experience will serve him well.

What may be his golden ticket is the tire. NASCAR is bringing a new, softer tire to Martinsville that is expected to wear out much faster than those that have been used the last few years.

ZECH YODER
Checkers to Wreckers

If Martinsville becomes a tire-wear race, few are better than Hamlin. Even if he does not win, qualifying on points is not totally out of the question (unless one of the other remaining unqualified top-8 drivers win). Hamlin needs stage points, at least in the first stage. If it looks unlikely that he cannot qualify on points, watch him to go to an alternative strategy to win the race.

If Hamlin can figure out a way to get in the Championship 4, watch out. He will win at Phoenix.

Finally, by far the best driver in the garage: Kyle Larson. How is it possible that he is seven points below the cut line? Larson has six wins this season, and at times he has been utterly untouchable.

Unfortunately, the last two weeks have been downright miserable for Larson. Tire issues plagued him and his team at both Las Vegas and Homestead. Nonetheless, he made a brilliant comeback at Homestead and had a shot at the lead, making an opportunistic move on then-race leader Ryan Blaney in the waning laps. As has been his luck in the round of 8, the move didn't quite work, and he spun in the middle of the corner. Despite being below the cut, Larson is still in a great spot.

I wouldn't be shocked if Larson went out and dominated the race as he has done on multiple occasions this year. But he doesn't have to dominate to transfer. He must merely beat out his teammate, William Byron. Unless one of the other top-8 drivers not named Logano, Reddick, or Bell win, I think Larson will get in on points. He is just too good not to transfer.

Who will it be? We know two of the Championship 4 drivers. This weekend, we will find out the other two drivers.

The fiscal responsibility of Noblesville Schools is essential. The S&P rating has increased two times over the past four years. The current rating is AA and Noblesville Schools are only one of four school districts in the state with this rating. Noblesville Schools have lowered their tax rate for five consecutive years and are on track to be lower for a sixth year. I champion meeting students' needs to be successful after graduation. This includes college, workforce and military. The expansion at Noblesville High School will add STEM programming through a bond with no increase to the tax rate. I support teachers and staff of Noblesville Schools. They need to be paid well, have the benefits they deserve and be treated as the professionals that they are. Noblesville Schools was named in Forbes Magazine as one of America's Best Midsize Employers.

Alison Hanley

Candidate for Noblesville School Board, At Large

Alison is a wife and mother to triplet girls who attended Noblesville High School. She is a Speech-Language Pathologist with 35 years experience treating children with speech/language delays and adults/seniors with communicative-cognitive impairments. Alison loves the performing arts and enjoyed watching her daughters perform in choral concerts, piano recitals and dance performances with the Miller Girls at NHS.

Alison believes a strong academic foundation is vitally important to prepare children for adulthood. She feels increased focus on academic achievement is needed due to a high percentage of students (roughly 40-50%) not performing at grade level in reading/writing and math (2024 iLearn scores on IDOE website), putting them at risk to fall further and further behind. With her work experience plus her own daughters' learning struggles, Alison knows how these challenges can impact every area of a child's life.

Alison also wants to see more support for teachers as they face tough challenges in the classroom such as growing numbers of ELL learners and larger class sizes.

Alison believes a renewed focus on academic excellence, transparency with parents/the community, and careful use of tax dollars will help Noblesville Schools continue their excellent reputation for generations to come.

Stephanie has a record of supporting all students-no matter their path, including voting yes to a NHS expansion project that will increase Career and Technical Education opportunities like welding and construction management. She also has supported a collaboration with IU Kokomo for a College Core certificate that will give students 30 credit hours of college credit when they graduate-potentially saving families thousands of dollars in college expenses. Greg Lannan

Candidate for HSE School Board, Delaware Twp.

I'm Greg Lannan – a lifelong Fishers resident, and candidate for Hamilton Southeastern School Board.

As a proud 2009 graduate of Fishers High School, husband to Megan, also a Fishers High School graduate, and the dad of a future student, I am proud to be running for school board. This community has given me so much, and I look forward to being a voice and tireless advocate for students, parents and teachers alike.

I firmly believe that we can empower parental involvement, uplift our teachers so they feel inspired to give our children the best education every day, and run our district in a fiscally responsible manner.

I'm the only candidate that has walked the halls of these schools as a student and can give insight on how to best address several issues, particularly student mental health.

I have worked with state and local elected officials for over a decade and can be an effective advocate at the statehouse next year as property taxes and school funding are addressed. I would appreciate your vote this November!

Latrica Schooley

Candidate for HSE School Board, Delaware Twp.

I am a dedicated mother of four and have been happily married for 31 years, all while running my own small business. Like many families, one of our motivations for relocating here was the quality of the schools. I have found immense satisfaction in volunteering within our schools and the broader community.

These opportunities have enabled me to collaborate with educators, parents, and community members.

Being married to an educator has given me a profound understanding of the challenges that teachers and their families encounter. I am honored to have the endorsement of the Hamilton Southeastern Education Association (HSEA), which represents more than 60% of our district's teaching staff, highlighting my commitment to supporting the educators who play a crucial role in guiding students toward success.

My experience in the insurance benefits sector equips me with essential skills to manage human capital costs for our school district, ultimately benefiting our employees and ensuring effective resource allocation. Additionally, my participation on various professional boards has enhanced my knowledge of governance and strategic planning.

As a mother of a child with special needs, I am dedicated to ensuring that our district fulfills its educational promise to serve all students.

Terry Tolle

Candidate for HSE School Board, Fall Creek Twp.

My name is Terry Tolle, I have been married to my wife Lisa for 27 years. We have 3 children. Two have graduated from HSE and gone on to Purdue and Auburn University. My youngest is a Junior at HSE. I was previously elected to the HSE School Board and served from 2015 to 2018 as the legislative liaison. I testified in the state senate and successfully worked with our state legislators and local officials to help secure the largest increase in operational funding in our school's history. That funding helped decrease class sizes, improve teacher pay, and strengthen the quality of education for our children. I am running again to help solve our budget problem and promote parental involvement and school safety. My goal is to bring civility, collaboration, and professionalism back to our schools, and work diligently to secure the financial future of this district so that our students and teachers can achieve their educational and professional goals within our district.

I would appreciate your vote.

Her four children matriculated through HSE Schools (both FHS and HSE grads), college and Marines, and the youngest entered Purdue this Fall.

As an HSE School Board Trustee since 2021, she led initiatives such as reinstating "Academic Excellence" into the district's mission statement and revising the student handbook to improve conduct and classroom environments. Her advocacy for the implementation of the Science of Reading reflects her dedication to advancing literacy education. Suzanne is Chair of the HSE Facilities and Maintenance Committee. She spearheaded the Fishers Elementary School renovation, saving the district \$15 million. She also serves on the Hamilton Southeastern Foundation Board, supporting scholarships, grants, and community initiatives that directly benefit students and educators. As a business owner-realtor, youth coach, and active board member of Fishers Rotary, her leadership spans a wide array of civic and educational arenas. Sarah Parks-Reese

Candidate for HSE School Board, Wayne Twp.

I've spent over 25 years in the field of early childhood education and have a Master's Degree in Education. The majority of my career was spent as an early learning program administrator, where responsibilities included: the budget, staffing, hiring, performance evaluations, marketing, enrollment etc. I was not a teacher, but while working in collaboration with schools and then at the department of education, I understand how K-12 education operates. My time working on different teams at IDOE, from school improvement, to special education, and teaching & learning has also given me the knowledge of the right questions to ask regarding student outcomes to ensure we continue to move in the right direction for all students, and that our teachers and building leaders have the support they need. My decisions are student-centered, and grounded in data. As a public school district representative, it is my job to protect our budget. I've done that in a number of ways during my time on the board including preventing an unnecessary vote to reject a mental health grant awarded to the district. In the future I would like to see HSE create a vision for career and technical education, and fund it's own program.

I envision our schools as vibrant communities where every child feels valued and supported, diversity is celebrated, and both academic and personal growth are prioritized. I am committed to ensuring our district exceeds its educational goals while managing resources responsibly. Improving our marketing and communications is essential to showcase Hamilton Southeastern Schools as the top choice for quality education in the region. By promoting career pathways and strengthening support systems, we will create an environment that empowers students to pursue their dreams, whether in academia, skilled trades, the military, or any path they choose. Kevin Cavanaugh

Candidate for Heights School Board, Jackson Twp.

I am running for my third term as Hamilton Heights School Board of Trustees for Jackson Township. Education has been very rewarding to me as I have earned a MS and PhD from Purdue University in Plant Genetics. I am the owner and President of a corn genetics licensing business and have previously been on the Leadership Team of a large seed company for over 25 years before starting my own business. Preparing kids for their future success is where my passion lies. My experience in business and academia gives me the opportunity to make a difference in Heights students' lives. I have a deep understanding of the financial inter-workings of school budgets with an excellent knowledge of the Operation and Education funds. While on the Board the last eight years, we have stayed within budgets, have not increased the tax rate for the community and implemented such money saving projects as solar fields at our three main buildings. Moving forward, it is imperative to search for ways to continue to attract and retain top talent in the teaching area which will directly correlate to our kids' success now and into the future.

We have a AAA bond rating on property tax bonds and a AAA rating on income tax bonds. No other county in Indiana has a AAA rating on both. I pride myself on being a true advocate for Hamilton County citizens and I am mindful of spending your tax dollars. I ask for your support on November 5.

Robby Slaughter

Independent for Fifth Congressional District

To earn a spot on your ballot this November as an independent candidate, I spent a year traveling our district and collected over 6,000 signatures. I also met nearly everyone else in this section of the paper who is running for office. I believe they are good people. But as the old saying goes, "A bad system will defeat a good person every time." We all know that our current system---one of political parties and special interests---is no longer helping our country. Polarization, extremism, and the wealthy donors behind them are in control instead of everyday Americans.

The biggest problem we face in our country is not education, it's not the border crisis, it's not the economy or injustice. It's that we, the people, no longer trust our politicians. Without trust, nothing is possible. And the only way to earn trust again is for politicians to give up power through term limits, through radical financial transparency, and by actually spending time with voters regardless of their political party. My goal is to earn your trust. Have questions? Want to help? Call me at 317-670-4563.

Victoria Spartz

Republican for Fifth Congressional District

Victoria is a natural leader who has a proven track record in the business world, civic organizations and the public sector.

In many ways, she embodies the American Dream: born overseas, immigrating to the United States over 20 years ago after meeting her husband, a born and raised Hoosier, on a train in Europe, becoming a US Citizen, and working her way up from bank teller to a CPA, finance executive and successful business owner.

Growing up in socialist-controlled Ukraine, she experienced firsthand the dark side of socialism. Living through this molded her conservative political philosophy: limited government is always better, and financial and healthcare decisions should be made by individuals in the free market, not bureaucrats and special interests.

In 2020, she was elected to Congress from Indiana's 5th District. Re-elected in 2022. In an era of politicians with sound bites, Congresswoman Spartz is a policy leader who is already make a legislative difference even in her first two terms - 12 bills signed into law and many policies developed from scratch.

Stephanie Jo Yocum

Democrat for State Representative District 88

I love Indiana and all my fellow Hoosiers who call Indiana home. I was born and raised here. I have watched firsthand as extreme policies have emerged from the Statehouse causing Hoosiers to face many unfortunate challenges.

As Indiana State Representative for District 88, I will work to make Indiana a place where people choose to live, businesses operate, and all thrive. My priorities include ensuring public school funding, educator empowerment, and preschool access. I will fight to protect workers' voices, rights, and safety. I will work to raise the minimum wage and support small businesses, creating economic prosperity for all. It is imperative that we restore reproductive freedom in Indiana. No one should be victimized because of a broken system.

My experience and passion will enable and guide me as State Representative. I am an established public servant with 20 years leading large healthcare and education non-profits. My commitment to service began in AmeriCorps managing programs for diverse groups of students. My commitment continues in my career and as a volunteer. I am an advocate for cancer research and supporter of local organizations. I serve as Chair of Serve Indiana, our state's governor-appointed commission on volunteerism and service.
