Carmel Deputy Mayor Jameson briefs council on strategic planning

Photo provided by Carmel Mayor Sue Finkam
Jameson from Cherry Tree Elementary was the City of Carmel's Deputy Mayor last week. He did a great job updating everyone on the newly started strategic planning process and how the city used operational data to decide a fifth ambulance is needed to serve the west side. Also, Deputy Mayor Jameson met the Carmel Clay Parks leadership team and shared with them that he loves Carey Grove Park.

DELAYS

These delays and restructuring issues ripple out to rural communities in Indiana. The delegation has heard of multiple post offices shuttering, or limiting services, requiring rural residents to drive longer distances for daily services. For rural commu-

nities that rely heavily on the Postal Service, these issues are particularly disruptive. Given the importance of USPS in ensuring timely and reliable mail service, we request a detailed explanation of the causes of these delays and the specific steps

the Postal Service is taking to address them. Additionally, we request that USPS update the Indiana Congressional delegation on the immediate changes at the Indianapolis facility to reduce package wait times, as well as a long-

term strategy to ensure Hoosiers have reliable access to these essential services." *This story was originally published by WISH-TV at wishtv.com/news/politics/indiana-congressional-delegation-delivery-delay-in-indianapolis-hub.*

Indiana Orthopedic Institute officially opens flagship facility at Noblesville’s Innovation Mile

The REPORTER

On Thursday, the City of Noblesville joined the Indiana Orthopedic Institute (IOI) to officially cut the ribbon on the institute’s flagship facility, a \$35 million, 38,000 square-foot surgery center facility and medical office building dedicated to advanced orthopedic care, specializing in hip and knee replacement.

This facility is the first tenant at Noblesville’s Innovation Mile, 600 acres fronting Interstate 69. This district is a work, live, play, engage, and learn community designed to drive sustainable economic growth in Noblesville. Innovation Mile will become a dynamic business and technology hub that will serve as an anchor for revolutionary thinking and a gateway for innovation.

“Officially cutting the ribbon on the Indiana Orthopedic Institute is a major milestone at Noblesville’s Innovation Mile,” Noblesville Mayor Chris Jensen said. “I want to officially welcome Dr. Meneghini and his team to and thank them for their investment in this innovation district and our community. I look forward to hearing of their success now that they are officially open to offer world-class medical care to patients.”

Officials from the Indiana Orthopedic Institute and the City of Noblesville cut the ribbon on IOI new flagship facility Thursday.

IOI is a statewide orthopedic enterprise founded and led by Dr. Michael Meneghini, an internationally recognized orthopedic surgeon, researcher, educator, and pioneer in outpatient joint replacement and computer-assisted surgical techniques. IOI will employ approximately 52 individuals, and its new state-of-the-art facility will feature an impressive array of services and technology, including an ambulatory surgery center, advanced operating rooms, orthopedic clinics, and X-ray suites, among others.

“We are beyond excit-

ed to bring our vision of an orthopedic ‘hospital of the future’ to the residents of Noblesville, the surrounding communities, and the entire state of Indiana,” Dr. Meneghini said. “After three years of meticulous planning and construction, it’s incredibly rewarding to see this vision come to life. It’s a privilege to be part of something we believe will profoundly impact the lives of those we serve. I’d like to extend my heartfelt thanks to Mayor Chris Jensen and the City of Noblesville for warmly welcoming us. We look forward to becoming an

integral part of this community, providing the highest quality orthopedic care and service to every patient.”

Innovation Mile also will be home to a more than 3,400-seat arena that will be the future home of the Indiana Pacers G League franchise.

Gov. Braun continues property tax push as bill advances

By GARRETT BERGQUIST
WISH-TV | wishtv.com

Gov. Mike Braun on Thursday said he still expects lawmakers will “get to a good place” on his property tax cut.

The governor’s remarks to an Americans for Prosperity event came two days after a state Senate committee approved a scaled-down version of Braun’s property tax relief plan. Braun told the crowd he campaigned on property tax relief and remains committed to it.

“We’re right in the middle with wrestling with that. I campaigned on it, made it an issue and we’ll get to a good place,” he said.

Braun’s original plan would have given homeowners the option of resetting their property taxes to 2021 levels or taking a new deduction. The latest version expands deductions for homeowners aged 65 and older and disabled veterans but does not include any new deductions for anyone else. It also caps year-over-year tax levy increases. Senate Tax and Fiscal Policy Committee Chair Sen. Travis Holdman, R-Markle, said on Tuesday that decision was an effort to balance the needs of homeowners with the need for local governments to fund basic services.

Lt. Gov. Micah Beckwith, who also spoke at the Americans for Prosperity event, said he personally would like to see the option of resetting property taxes to 2021 levels restored to the bill.

“If the bill goes over to the House, then we’ll start working the House to make sure that whatever happens is the best possible outcome for everyday Hoosiers,” he said.

The Senate on Thursday voted down several floor

amendments to the bill, including one from Sen. Fady Qaddoura, D-Indianapolis, to expand the renters’ exemption for property taxes and one from Sen. Michael Young, R-Indianapolis, to eliminate all property taxes for homeowners aged 65 and over. It still needs a final up-or-down vote before it can go to the House.

Senate President pro tempore Rod Bray, R-Martinsville, said the bill as it currently stands reflects the wishes of Senate Republicans. He said his caucus takes seriously local governments’ concerns the original bill would have jeopardized local police, fire and street repair services.

“It’s a balance because we’ve also heard very directly from homeowners that sometimes there’s a pain point there and the property tax is too much, and that’s why we’re having this conversation,” he said. “We need to provide meaningful relief to homeowners.”

Senate Minority Leader Shelli Yoder, D-Bloomington, said Senate Democrats are still deciding how they feel about the bill given the short time that has passed since the bill was changed in committee. She said Senate Republicans’ rejection of Qaddoura’s amendment represents a lost opportunity to help the large number of renters in the state.

“We want to bring real relief to Hoosiers and we focused that effort on some of the amendments we heard on the floor today,” she said. “We are frustrated, but we’re going to continue to work in good faith to get real relief to Hoosiers.”

Indianapolis police & school officials must cooperate with federal immigration authorities

Submitted by Office of the Attorney General

Indiana Attorney General Todd Rokita this week advised the **Indianapolis Metropolitan Police Department (IMPD)** and **Indianapolis Public Schools (IPS)** to discontinue policies and practices that limit their ability to cooperate with federal immigration authorities, or else face legal action from his office.

Leaders of both IMPD and IPS have indicated they intend to restrict their cooperation with federal authorities’ efforts to identify and deport illegal aliens.

Indiana law, however, prohibits local government

entities from placing restrictions on the enforcement of federal immigration law, such as by limiting their own interactions and cooperation with U.S. Immigration and Customs Enforcement (ICE).

“Illegal aliens coming across our Southern border have caused a jump in crime, fentanyl overdoses, human trafficking, and an increased financial burden on state and local programs,” AG Rokita said. “Hardworking Hoosiers are sick and tired of paying the price

Rokita

has prioritized tackling the problem of illegal immigration.

In 2024, the Indiana General Assembly passed a law authorizing the attorney general to file lawsuits against any Indiana colleges, universities, or units of local government that do not comply with the Indiana

ban on sanctuary policies. A “sanctuary jurisdiction” is a local unit of government that has implemented a policy that deliberately and intentionally restricts and obstructs the enforcement of federal immigration laws.

“Under Indiana law, neither IMPD nor IPS has discretion to decide whether ICE should receive their cooperation and assistance,” AG Rokita said. “The Indiana General Assembly has set for the state and all of its subdivisions a policy of full, robust cooperation with federal immigration authorities. As attorney general, I am entrusted with the enforcement of that policy.”

Country music stars Sam Barber & Chase Rice coming to Nickel Plate District Amphitheater this summer

The REPORTER

Fishers’ Nickel Plate District Amphitheater (NPD AMP) and MOKB Presents have announced the first two concerts for the venue’s annual summer concert series: Sam Barber on Saturday, June 7 and Chase Rice on Saturday, June 14. Tickets for both shows are on sale now at npdamp.com and mokbpresents.com.

Fishers has evolved into a strong concert and live entertainment market with the addition of its new world-class arena and the continued growth of the popular outdoor Nickel Plate District Amphitheater. Both venues have helped propel the market as a must-play city on the concert circuit welcoming hundreds of thousands of fans each year.

About Sam Barber

Sam Barber was raised on a farm in a small town in southeast Missouri surrounded by a supportive family and an abundance of friends. Most of his childhood was devoted to athletics where he learned many lessons such as the importance of a team, practice, discipline, respect, and hard work.

Music has not always

been Barber’s passion, and as a child, he never participated in music class or music performances. His music journey has been completely unplanned and his success continues to astound him. When he was 16, he picked up his great-grandfather’s Gibson, out of tune with five strings, and fell in love with the art of playing. He soon learned that he also had the God-given talent to sing along.

Barber’s vision is to continue to grow and become stronger as a vocalist and songwriter. He wants to deliver songs that people feel in their soul. Above all, he wants to stay true to his faith, the man he truly is, and the type of music he wants to make without boundaries or conforming.

Since releasing *Drowning* in March, Barber’s social reach has soared past half a million followers and garnered over 1.5 million monthly listeners on Spotify. He has hit the global viral charts and reached No. 1 in the U.K., Australia, Ireland, and more. Visit sambarbermusic.com and fisherslive.com for more information.

About Chase Rice

With more than 2.6 mil-

lion albums sold and over 2.8 billion total streams, plus a legion of passionate fans at his high-energy concerts across the globe, Chase Rice has established himself as a powerful force in Nashville and beyond. With independent album *Go Down Singin’* available everywhere now as the follow-up to the critically acclaimed *I Hate Cowboys & All Dogs Go To Hell*, and both brought together on brand new offering *Fireside Sessions*, Rice’s sound continues to evolve to reflect the realities of his life, from emotional reckoning to an admiration of the American West.

The new music serves as a follow up to his three-part project, *The Album*, which featured his latest Platinum-certified No. 1 hit, “Drinkin’ Beer. Talkin’ God. Amen.” and the Platinum-certified Top 10 hit “Lonely If You Are.”

This is the same gravelly-voiced Chase Rice fans first fell in love with years ago – but better, freer; un beholden and uninhibited. The new music builds upon the success of his sophomore album, *Lambs & Lions*, which featured the 3x Platinum, two-week chart topper “Eyes On You” –

Rice’s first No. 1 as an artist and the most-streamed song of his career. *Lambs & Lions* followed Platinum-certified *Ignite the Night*, which debuted at No. 1 on *Billboard’s* Top Country Albums and No. 3 on the all-genre chart, producing a pair of Top 5 hits; Platinum-certified “Gonna Wanna Tonight” and Double Platinum “Ready Set Roll.” In addition to guesting on sold-out stadium shows with Kenny Chesney and Garth Brooks, Rice served as direct support on Dierks Bentley’s 2024 Gravel & Gold Tour and consistently sells out venues on his own headlining tours across the U.S. and beyond.

For more information, visit ChaseRice.com and follow Rice on [Facebook](#), [X](#), [TikTok](#) and on [Instagram](#).

Tickets for both shows are on sale now at npdamp.com and mokbpresents.com. For ticketed shows, the venue is an all-ages facility and children ages two and under are permitted for free. Fans can also bring their own lawn chair and blankets. Additional information is available on the venue website.

Helen (Nance) Jenkins
October 9, 1928 – February 13, 2025

Helen (Nance) Jenkins, 96, Strawtown, Ind., passed away February 13, 2025, at the Waters of Tipton in Tipton, Ind. Helen was born October 9, 1928, to Allen and Nona (Olds) Staton.

Helen attended school in Strawtown. She worked at Heartland Growers in Westfield for 14 years. She had a green thumb and took great pride in her job and the many flowers she grew at home over the years.

Family was everything to Helen and she looked forward to warm weather and cookouts with her family, always requesting Jessie to make her a big, fat, juicy cheeseburger on the grill. She loved spending time with her grandkids and her great-grandkids that she always referred to as “her babies.” She was so proud of them all and made sure everyone she met knew that. Helen was a hugger; everyone that knows her probably had a hug at one time or another. We will miss those sweet hugs, but we have so many wonderful memories and know that we will be reunited again one day.

Helen is survived by her son, Jessie (Deb) Nance of Anderson; stepdaughter, Pam White of North Fort Myers, Fla.; great-niece, Demita (Barry) Piercy of Laurel Hill, N.C. who Helen helped raise and considered a daughter; grandchildren, Stacie (Gary) Baugh of Noblesville, Andrea (Jamie Nepsa) Smith of Pendleton, and “Special Granddaughter” Amanda Nepsa of Noblesville; step-grandchildren, Jamie Coverdale of Noblesville and Angel Hill of Anderson; great-grandchildren, Taylor Nepsa, JT Nepsa, Alyson Baugh, Sophia Nepsa, Liam Nepsa, Natalie Nepsa, and Aria Nepsa; niece and nephew, Mary Jo (Donnie) Dunagan and Mike Hernandez; and several great-nieces and great-nephews.

Helen was preceded in death by her first husband, Hollis Nance, and second husband, Harold Jenkins; stepson, David Jenkins; parents, Allen and Nona Staton; brothers and sisters, Frederick Staton, Mable Fisher, Sarah Moore, Ella Bessie Dye, Alvina McNew, Joseph Staton, Maxine Staton, and Flora Rathbone; “Special Great-Grandson” Matthew Oresik. Special Friend and Companion, Abraham (Bud) Small; and many nieces and nephews.

Visitation will be held from 2 to 5 p.m. Sunday, February 16, 2025, at Hartley Funeral Home, 209 W. Jackson St., Cicero. A funeral service will be held at 11 a.m. Monday, February 17, 2025, at Hartley Funeral Home, with Mark Knapp officiating. Burial will follow at Carey Cemetery, Noblesville.

The Family would like to extend their sincere thanks and gratitude to longtime neighbor Brad Overdorf for always watching out for our mom, visiting with her, taking her homecooked meals and being there when she/we needed him. Also, to Sandy Bucher and Cheryl Hale who provided love and home care to Helen prior to moving to Waters of Tipton. Thank you to the staff at the Waters of Tipton and the staff at Paradigm Hospice for the great care and love provided to Helen during her stay at the Waters.

TODAY’S BIBLE READING

BEZALEL AND OHOLIAH

Then Moses said to the Israelites, “See, the Lord has chosen Bezalel son of Uri, the son of Hur, of the tribe of Judah, and he has filled him with the Spirit of God, with wisdom, with understanding, with knowledge and with all kinds of skills—to make artistic designs for work in gold, silver and bronze, to cut and set stones, to work in wood and to engage in all kinds of artistic crafts. And he has given both him and Oholiab son of Ahisamak, of the tribe of Dan, the ability to teach others. He has filled them with skill to do all kinds of work as engravers, designers, embroiderers in blue, purple and scarlet yarn and fine linen, and weavers—all of them skilled workers and designers.

Girls Swimming

Carmel aces prelims, sends 21 to championship heats

Fishers, HSE primed for high finishes; Millers, Rocks, Huskies get qualifiers

By **RICHIE HALL**
sports@readthereporter.com

INDIANAPOLIS — Consider it the swimming version of doing your homework: if a team does well in the IHSAA state prelims, it can expect class honors at the state finals.

Carmel's girls more than passed the test during Friday's prelims at the IU Natatorium. The Greyhounds aced the prelims, sending 21 of their 27 swims into the championship heat, or "A" Final, of the various events at this afternoon's state finals. Carmel sent five more swims into the "B" Final as well, so the Greyhounds are in a good position as they try to extend their record state championship streak today.

The 'Hounds have seven top seeds in the swimming events, including all three relays. Alexandra Shackell swam on all of them, joining Ellie Clarke, Lucy Enoch and Faith Gorey on the medley relay; Gorey, Alexandria Clark and Molly Sweeney on the 200 freestyle relay and Lynsey Bowen, Alexandra Ward and Clarke on the 400 free relay.

As for the individual events, Bowen is the top seed in the 200 free, Sweeney is rated first in the individual medley and a close second in the breaststroke. Shackell earned the top butterfly seed by over two and a half seconds, and Clarke is the first seed in the backstroke and second seed in the 500 free.

"This group is doing a great a job," said Carmel coach Chris Plumb. The Greyhounds placed three swimmers in the "A" Finals of four of the eight individual events. Ward and Kayla Barr also reached the fast heat of the 200 free, Leah DeBosch and Lucy Enoch are in the IM "A" Final; Gorey, Addyson Czarniecki and Sophia Floyd reached the championship final of the 100 free, and Enoch and Czarniecki joined Sweeney in the "A" Final of the breaststroke.

"They really pushed each other to do that, so that was fun," said Plumb.

Other fast-heat qualifiers for Carmel are Priscilla Smith in the 50 free, Ward in the 500 free and DeBosch in the backstroke. Consolation qualifiers are Clark in the 50 free, Savannah Irizarry and Bowen in the butterfly, Sabrina Ledwith in the 500 free and Barr in the backstroke.

Fishers advanced 12 swims to today's finals. The Tigers qualified seven to the championship heat, including all three relays. Avery Hannon was part of all three relays joining with Claire Francis, Emily Wolf and Frankie Ramey on the medley; Emma Schwertfeger, Francis and Emma Schumacher on the 200 free relay, and Schwertfeger, Schumacher and Wolf on the 400 free relay.

Wolf will be the top seed in the 500 free, with Schumacher joining her in the "A" heat. Schumacher also made the fast heat of the 200 free, while Wolf is seeded No. 2 in the butterfly race. Fishers has five "B"

heat qualifiers: Hannon in the IM, Schwertfeger in the 50 and 100 freestyles, and Francis and Polina Sopova in the breaststroke.

"The girls competed hard," said Tigers coach Joe Keller. "I don't think in 34 years of coaching I've ever coached the perfect meet. It's always how you respond after each swim. They did a really nice job, stayed really tough to the end and we're in a good spot for tomorrow."

Hamilton Southeastern sent 11 swims to the finals, with five headed to the "A" heat. The Royals also qualified all three relays to the championship, with Ellason Miller swimming on all three. She was joined by Naomi Haines, Kendall Dieckman and Kiley Zoeller in the medley; Kinsey Bogaards, Payton Walker and Mia Henderson in the 200 free relay and Dieckman, Henderson and Zoeller on the 400 free relay.

Zoeller qualified for the "A" Final of the 50 free, with Dieckman reaching the fast heat of the 500 free. Southeastern had six "B" Final qualifiers: Dieckman and Bogaards in the IM, Zoeller in the 100 free and Naomi Haines in the backstroke.

What will the Daytona 500 provide?

This weekend marks the official start of the 2025 NASCAR season with the biggest race of the season, the Daytona 500. Qualifying is over and the field is set with Joe Gibbs Racing newcomer, Chase Briscoe, starting from pole and 2022 Daytona 500 champion, Austin Cindric, starting second.

In recent years with the Gen7 car, the racing product at Daytona has been criticized by many. The increased drag on the Gen7 car makes passing more difficult and the stage breaks result in extended periods of fuel saving and less racing on the track. Yet, I am hopeful that this year's Daytona 500 will be more exciting than the previous few years. NASCAR has done a great deal of work improving the

raceability of the Gen7 car. The short track package on the Gen7, which was abysmal in 2022 and 2023, put on a great performance at Bowman Gray Stadium just two weeks ago. I expect the same will be true of the superspeedway package for Daytona and Talladega.

With rain looming in the forecast for Sunday, I believe teams will experience urgency in getting their cars to the front. Though I hope the race is not shortened or delayed by rain, the threat of rain may create increased pressure on the drivers and excitement on the track. At the end of the day, I believe this is going to be a Toyota vs. Ford fight. Toyota and Ford each won a Duel race on Thursday with

DAYTONA from Page 10

Bubba Wallace and Austin Cindric respectively. In the Gen7 era, Ford has been extremely fast on drafting tracks. Toyota has been right behind Ford but this year, unlike in the past, Toyota has numbers. With Martin Treux, Jr. and Jimmie Johnson qualifying for the Daytona 500, Toyota will have 11 cars in the field. Where manufacturer alliances are so important and strength is in the numbers, Toyota seem to finally be on level footing with Chevy and Ford.

My prediction this year is for a first-time winner and Daytona 500 champion. With the departure of Michael McDowell from Front Row Motorsport, I believe Todd Gilliland steps up and gets a win. He and his Front Row Motorsports team have had speed on the big tracks. I think he will be there in the end and cross the finish line first.
