# Westfield firefighters have a new home at Station 81

By AMY ADAMS  
 news@readthereporter.com

Last Saturday, April 20, the Westfield Fire Department (WFD) welcomed several hundred community members through the doors of Station 81 at 17001 Ditch Road.

The newest of Westfield's three stations replaces the former space shared with the Westfield Police Department in Westfield's Public Safety Building at 17535 Dartown Road, which was built in 1997.

Fire Chief Rob Gaylor said the WFD had outgrown the former facility, and he was proud to be able to show citizens of Westfield how their tax dollars will help the WFD serve them better.

The new 36,000 square-foot facility includes eight bays from which the WFD will run an engine, which holds 750 gallons of water plus hoses, a ladder truck, and a medic unit, as well as vehi-

cles for the battalion chief, field resource paramedics, and a safety officer. The bays also provide more room for maintenance.

In addition, Station 81 will be the center for the WFD ad-

ministration as well as providing state-of-the-art living and working space for approximately 17 firefighters a day. WFD firefighters work in 24-hour shifts from 7 a.m. to 7 a.m., with a

goal of being on the road within two minutes of hearing the fire bell, whether it's 2:30 in the afternoon or 2:30 in the morning.

# Inconsequential legislative session might mean busy one for 2025

Being an election year and with primary elections looming, the clear intention of the 2024 Indiana General Assembly leadership was for a short session avoiding controversial issues. Indeed, the session proved to be the lightest and most inconsequential in my memory.

Here's my 2024 health-related legislative wrap-up from the perspective of a family physician. It is marked mostly by legislation that failed rather than bills that crossed the finish line.

Bills that died: SB 3 tempered the insurance industry's out-of-control prior authorization requirements for medical services, medications, and testing. PA is largely unnecessary and inappropriate resulting in denied, interrupted, and delayed medical care. The bill stalled but had excellent bipartisan support. It will be back.

HB 1053 essentially removed fentanyl test strips from criminal laws concerning possession of controlled-substance paraphernalia. This would have gone a long way in preventing overdoses.

# If the eclipse was a competition, Hamilton County would have won

The REPORTER

The total solar eclipse has come and gone, but the numbers are in, and Hamilton County is the clear winner.

Hamilton County Emergency Management (HCEM) spent over a year planning for the eclipse, starting by talking with communities that were in the path of totality in 2017.

"We were able to leverage our relationships with emergency managers across the country," HCEM Executive Director Shane Booker said. "They provided great insight, allowing us to understand potential issues and learn how to mitigate them."

One of the key elements is the numerous volunteers who helped with planning, setup, equipment distribution, and

# GOP congressional candidates keep it civil

The REPORTER

The Northern Hamilton County GOP Club invited the public to meet eight of the Republican Fifth District Congressional candidates on Monday night at the Sheridan Community Center, 300 E. 6th St. This newspaper was impressed with all candidates in attendance for holding a civil discussion on their individual campaigns.

There were no personal attacks, and each candidate had 10 minutes to tell the audience what they stand for. Any discussion of what anyone stands against was limited to policies and society-wide issues. We credit the leadership of Northern GOP President Emily Pearson for an informative evening and a tasty meal.

You can learn more about some of these candidates at the end of every edition of The Re-

porter until Election Day. The ones you cannot learn about in these pages are those candidates who have not yet chosen to engage with our readers.

Editor's note: There has recently been some public discussion about media outlets that only provide information on

candidates who advertise with them. That is not the policy of this newspaper.

There is never a cost for any candidate to give our readers up to 200 words, a photo, and links to their websites or social media pages. Any candidates reading this who have not yet engaged

with The Reporter's readers can do so at this link.

Any candidate whose information does not violate our policy against attack ads will be published in the edition after submission and will continue to be published in every edition up to and including Election Day.

# New urgent care puts patients first

By STU CLAMPITT  
 news@readthereporter.com

Monarch Medicine, 90 Executive Drive, Carmel, is a new urgent care clinic opening its doors on May 4. Co-Founders Dr. Lisa Clay and Todd Clay are opening their new medical facility with a toy drive benefiting Riley Hospital for Children.

The Reporter spoke to the Clays about their vision for Monarch Medicine and about the toy drive for Riley.

Todd told The Reporter that Monarch is founded on the principle of providing prompt, compassionate medical care and aims to serve the community with both healthcare excellence and a commitment to local engagement.

"Monarch Medicine is founded on the belief that urgent care should be accessible, swift, and patient-focused," Todd said. "Dr. Lisa Clay, Co-Founder and lead physician, combines advanced medical technology with a personalized approach to healthcare, ensuring that each patient is treated with the utmost care and respect. Our services cater to a wide range of urgent health needs, from minor injuries to routine physicals, all provided with the goal of enhancing patient well-being and community health."

Lisa Clay has been a family practice doctor for nearly 15 years, mostly working in urgent care and hospital emergency rooms.

“These men and women spend one-third of their adult working life together,” Gaylor said.

That’s why they call it a fire “house.”

In addition to a large day room and smaller quiet rooms, the new facility features individual sleeping dorms for firefighters rather than the more traditional bunk room. A central control box ensures that firefighters only hear alarms for calls when they are needed. More than just a convenience, this system not only promotes better sleep, but it provides better cardiac care for firefighters by avoiding unnecessary stress.

“Sleep deprivation is a very big deal when it comes to the health and safety of our firefighters,” Gaylor said.

Another health issue facing firefighters is cancer caused by encountering toxins on the job. In order to limit exposure to carcinogens, the new station utilizes air locks. Not only does the two-door air-lock system separate the eight vehicle and maintenance bays, separate rooms off the air lock allow gear to be stored and cleaned away from the firefighters’ living quarters.

Of course, the fire house boasts an industrial kitchen

equipped with large pots and pans. All the firefighters pool their money at the beginning of each day, someone goes shopping, and everyone takes turns cooking for those on shift.

In addition, the new facility provides a work out room where firefighters are required to work out for an hour each day while on shift and laundry facilities which will run almost constantly. More personalized touches include a private room for nursing mothers.

“We have tried to be as forward thinking as we can be,” Gaylor said. “We have to be thinking ahead and planning ahead for the long term.”

Future plans include employing a new ladder truck in the next few months to replace the current truck, which is the oldest frontline piece.

“You can’t wait for an engine to break and then replace it,” Gaylor said. “As we grow as a city, we also have to think about when we need to add a new fire house. The population of Westfield has exploded in the last several years, and to keep up with that growth and to respond to the calls, it’s time to add more stations and first responders. When Noblesville and Carmel were doing our call volume, they were twice our size.”

Eric Grimes, his wife Carolyn, and their children Rowan and Ruby showed up to lend their support, seen here with Fire Chief Rob Gaylor, far left, and Firefighter Kevin Brennan. (ABOVE RIGHT) Future firefighter Falyn Hall stopped by with her family.

In 2023, the three current WFD stations responded to a total call volume of around 5,000 within the 56 square miles of Washington Township.

The WFD will break ground this summer on a fourth station at 191st Street and Chad Hittle Drive and on a fifth station next year in the northwest. Discussions

are underway about a sixth station.

In addition to touring Station 81, guests were encouraged to help paint two symbols, the Maltese Cross

and the Star of Life, which will hang on the wall inside the firehouse to remind first responders of all the people they serve and all the support they have in the community.

“I am really looking for the opportunity to practice medicine the way that I want to be treated as a person,” Lisa said. “When you work for a system you’re held to their rules and their direction. Those choices aren’t always yours. I really am looking forward to the opportunity to make choices for myself to take good care of people – to do medicine the way that I think it should be done.”

She told The Reporter she wants to spend time with people in ways that corporate medicine does not allow.

“I want to offer an opportunity to feel appreciated as a patient,” Lisa said. “To

feel better when you come to see the doctor – to feel better that day, and know that you know your prescription is at the pharmacy and you have a follow-up appointment. All of these pieces that are kind of getting lost in the business of medicine. I really want to bring that personal touch back and try to put money and business on a back burner and just take care of people. I think when you do that, everything else is going to follow.”

Their grand opening will be more than just an introduction to their services; they are also hosting a toy drive to benefit Riley Hospital for Children. This event is designed to gather support

for the hospital and provide joy to children undergoing treatment.

“We both are in healthcare, and we wanted to get back to the community, and I thought, ‘What better way to give back to the community than a toy drive?’” Todd said. “So I asked Lisa and she loved the idea. Then I got Riley’s permission to use their logo, got their wish list, and then started hearing what the toys are for. I was at my desk reading it and I started crying because these kids are in a bed and the toys are meant to be played within a bed – like cars and crayons – and then I looked out and I saw my daughter playing in a

swing and I thought, ‘What a contrast.’ The toy drive led to this grand opening idea of a birthday party, not in memory, but in spirit of the Riley kids. What better way to start a business than trying to give back to kids who need to be remembered and noticed and put in the forefront of our minds?”

Join Monarch Medicine, 90 Executive Drive, Carmel, on May 4 to celebrate the launch and contribute to this noble cause. Learn more online at [monarchmedicine.org](http://monarchmedicine.org).

Monarch Medicine will be open 8 a.m. to 6 p.m. Monday through Friday and from 9 a.m. to noon Saturday and Sunday.

liaisons in county parks, and even volunteers in a Civil Air Patrol airplane.

"It truly is amazing how many people are willing to give of their time and talents to help our community," Peterson said.

Hamilton County's Emergency Operations Center serves as a point for a central point of coordination for information, resources, and consequence management. To ensure there was proper support, the Center was expanded with the addition of 14 positions bringing the total to 38. Volunteers staffed 19 positions, including field and local operations group supervisors, air operations branch director, communications positions, weather, and deputy operations section chief. This was the largest activation of the Emergency Operations Center in Hamilton County's history.

"I could not be prouder of the staff and volunteers for all they did for the county," Booker said. "The event made Hamilton County better prepared to respond

to large disasters and emergencies. I am grateful that everyone came together to make us the clear winner.

Hopefully, we will have a quiet Spring and Summer to give everyone a much-needed break."

# SESSION

from Page 1

HB 1059, the independent practice of advanced practice registered nurses (nurse practitioners) with prescriptive authority, did not receive a hearing again this session. Good.

HB 1215 allowed immunizations by dental hygienists on the order of a dentist. What do dental hygienists and dentists know about vaccines?

HB 1167 required continuing education for physicians and other healthcare providers on implicit bias. This important subject for equitable healthcare is already being addressed in health professional schools, medical schools, and residencies.

HB 1266 stipulated that healthcare providers and entities would not be required to provide or refer patients for healthcare services that violate their moral, religious, or ethical beliefs. The provider would not be

subject to discrimination or other sanctions including civil actions. Balancing patient access with respecting closely held beliefs of individuals and institutions is a difficult issue.

HB 1071 provided exemptions for employer, childcare facility, and state educational institution immunization requirements. In addition to more traditionally accepted exemptions, the bill included that individuals could refuse vaccination after merely being informed of the health risks. This was not good public health policy and would have endangered others through exposure to vaccine-preventable diseases.

HB 1011 was a medical-aid-in-dying measure. MAID is legal in 10 states to better assure that those who voluntarily request it can die on their own terms, without dependence on others, and with dignity. There is strong

legislator opposition to this controversial issue. No way in Indiana.

There were nine marijuana-related bills introduced. None received a committee hearing. All surrounding states have enacted some form of marijuana legalization.

\*\*\*

Enacted bills of most interest to the public:

HB 1259 supports psilocybin (a psychedelic drug) research for the treatment of resistant depression, PTSD, addictions, and other mental health conditions. Psilocybin treatment is revolutionary and is not based on fringe science.

HB 1426 requires hospitals to offer long-acting reversible implanted contraceptives to Medicaid mothers after delivery. The bill was controversial because it did not include IUDs that some consider an abortifacient. But in light of the new

abortion statute, anything done to prevent unwanted/unintended pregnancies is a step forward.

SB 273 mandates insurance and Medicaid coverage for biomarker testing important for diagnosis and treatment of certain diseases.

SB 9 requires healthcare entity mergers of at least \$10 million (mostly hospital systems and insurance companies) to file with the Attorney General's office for review for antitrust concerns and effects on the community. The apprehension is that mergers may potentially decrease patient access and choices and increase healthcare costs.

Next year will be very busy.

## The REPORTER

Are you overwhelmed with papers you would like to get rid of? - **July 4:** Zionsville
- **July 28:** TRI Indy, the downtown canal, Indianapolis
- **Aug. 11:** RIVI (The Riviera Club), Indianapolis

The organization partners with groups such as Best Buddies to help get all kids involved with physical activity.

Duathlons and Triathlons are offered for kids aged 7 to 14. Prizes are awarded for completion of each race.

This is a great way for kids to make new friends who share their interests and goals. It is also a good way to encourage independence and help kids recognize their own strength and perseverance.

Each race has varied distances for the individual events depending on their layouts. Each race's details will be posted on the webpage prior to the event.

# All Four Hamilton County mayors endorse Steve Nation for re-election to County Council

**Submitted**

Mayor Scott Fadness of Fishers, Mayor Scott Willis of Westfield, Mayor Chris Jensen of Noblesville, and Mayor Sue Finkam of Carmel have announced their endorsements of Steve Nation, citing his unwavering dedication to public service and his proven track record of leadership.

"Steve Nation has been an incredible Hamilton County Councilor," Willis said. "He is collaborative, focused, and delivers on his promises. I know he is focused on finishing several projects that are currently in progress. Please join me in

supporting Steve in his re-election campaign."

With 45 years of experience dedicated to protecting and serving the community, Nation's tenure as Hamilton County Prosecutor and Superior Court Judge speaks volumes about his commitment to public service. During his first term on the council, Nation played a pivotal role in achieving significant milestones for the county, including securing a AAA bond rating and establish-

ing a \$50 million rainy day fund to ensure essential services remain available to citizens during challenging times.

Reflecting on Nation's commitment to Hamilton County and each city's unique challenges, Fadness said, "Steve Nation has been an outstanding councilor, dedicating his entire life and career to serving people."

Among his accolades, Nation was honored as the "Person of the Year" by the International Association

of Truancy and Dropout Prevention in 2017 and was bestowed with the prestigious Sagamore of the Wabash Award by Governor Eric Holcomb in 2018.

Residing in Noblesville with his wife of 40 years, Nation is deeply rooted in the community, serving as the Board President for the Indiana Fallen Heroes Foundation and as the Secretary of the Noblesville Elementary Football League. His commitment to the well-being and prosperity of Hamilton County is evident in both his professional and personal experience.

## Is anyone interested in the May 7 primary?

With less than two weeks before the important primary election, is anyone excited about it? I haven't found any excitement around Hamilton County.

This lack of interest comes despite the fact that county voters in the Republican primary may play a big part in choosing our representative in Congress, our Senator and Governor.

Hamilton County now has the fourth largest number of voters among the state's 92 counties, and probably the third largest number of Republican voters.

The primary races for 5th District Congress and governor have created a storm of TV advertising, mostly negative, but seem to have resulted in little interest for the average local voter.

This year is a presidential election year, but with Donald Trump and Joe Biden having their nominations seemingly locked up, the upcoming vote lacks the interest that a presidential primary usually brings. It takes a burning local issue to generate wide interest for county voters. Primary voter turnout has been dropping to new lows in recent years partly because issues are lacking.

This year's primary features almost no contests at the county level where judges for Circuit Court, Superior Courts 1 and 6, County Auditor, Treasurer, Surveyor, County Commissioners in Districts 2 and 3 along with three County

**COLUMNIST**

**FRED SWIFT**  
The County Line

Council seats are on the ballot.

Republicans have only two contests for county office: a race for the treasurer nomination between incumbent Susan Byer and challenger Robert Bragg. Also, a race for County Council-at-large where incumbents Brad Beaver, Sue Maki and Steve Nation are challenged by Elizabeth Fouch. Three of the four will be nominated.

Democrats have no county contests, and only a lone candidate, Keely Gladieux, running for County Council, although the party has until the end of June to file more candidates.

As large as the county has become, it costs a lot of money to wage a county-wide campaign. Thus, most Republican candidates are expected to be elected in November without opposition.

So, it appears that the only hope for a respectable voter turnout May 7 lies with the GOP congressional and gubernatorial contests if the massive TV advertising has its intended effect.

Sean Berne and Zoe O'Hailin are well-matched as the couple – perhaps because they are truly coupled in life! Their energetic, over-the-top choices fit the script perfectly. Berne does a highly paced

is cute and funny as Eileen (Howard's next fiancée) and Craig Kemp completes the cast as lawyer Richard (Charlotte's almost next husband). Even the backstage crew adds to the fun with their flamboyant set-change antics.

Chris Bundy's five door set works well for the farcical action, Karen Webster-Cones' costumes add the right touch, and props by Eric Bowman are plentiful and proper.

**Bottom line:** Directors Lopez-Roque and Keller have put together a production brim full of comedy – physical, visual, spoken, and showy. With their energetic cast delivering it all at top-speed, the show moves from moment to moment in a happy madcap blur.

*Moon Over Buffalo* continues at Mud Creek Players through May 4. You can find more info about reservations, the theatre's location, and the company's upcoming schedule by going to [mudcreekplayers.org](http://mudcreekplayers.org).

One of Ludwig's numerous farces, *Moon Over Buffalo* follows patterns of jealousy, drinking, frantic misunderstandings, and a celebrity audience member – all of which appear in some of his earlier plays. Add in an untimely pregnancy, a deaf old lady, some delicious Irish coffee, and jokes about Buffalo (my home town!) and you have a road map for confusion, mayhem, and many good laughs.

Directors Dani Lopez-Roque and Kelly Keller's troupe of actors and actresses cover all of Ludwig's bases as they spin out the tale of two aging actors – George and Charlotte Hay – at the bottom level of their careers, treading the boards in lowly Buffalo, but still hoping for that big break to come along.

vigorous portrayal, loaded with bits and pratfalls. Ms. O'Hailin, while a good deal more demure, does her part to lend chaos through her character, especially using her expressive facial gestures and piercing voice.

Veteran actress Jean Adams does her turn as Charlotte's mother Ethel with excellent timing as she has some of the best and gentlest laugh-lines in the show. The Hays' well-grounded daughter Rozalind is brought to life by Chrizzann Taylor with even styling. Jeff Haber adds his clownish Howard (Rozalind's almost fiancé) to his growing list of performances, as does Michael Marshall (Rozalind's other almost fiancé) with a lively Paul. Anabella Lazarides

## Several places around the county to dispose of old prescription drugs

### Westfield PD partners with Ella Pharmacy

#### The REPORTER

The Westfield Police Department will partner with Ella Community Pharmacy for the 2024 National Drug Take Back Day.

This year's event will be held from 10 a.m. to 2 p.m. on Saturday, April 27, at the pharmacy, located at 211 Jersey St., Westfield.

"Too often, unused and expired medications find their way into the wrong

hands," WPD officials said. "That's dangerous and often tragic. Bringing unused and expired medications to a Drug Take Back Day collection site protects you, your family, and your community. Participating in drug take back initiatives not only helps reduce the likelihood of inappropriate access in the home, but can also help protect the environment. Many indi-

viduals dispose of medications by flushing them down the toilet or pouring them down drains. During this event, you can anonymously dispose of expired, unused, or unwanted prescription or over the counter medications. Liquids must be in the original bottle with a secure lid. Needles, sharps, inhalers, illicit drugs, or vape pens with batteries are not accepted."

### Indiana State Police partners with DEA

#### The REPORTER

On Saturday, April 27, the Drug Enforcement Administration (DEA) is sponsoring the 26th nationwide Prescription Drug Take Back initiative. The initiative seeks to prevent prescription drug abuse and theft through proper disposal of prescription drugs.

Collection sites will be set up nationwide for expired, unused, and unwanted prescription drugs which will be properly disposed of without threat to the environment. This program is for liquid and pill medications. Vaping pens without batteries and vaping cartridges will also be taken. Needles, new or used, WILL NOT be accepted for disposal. This service

is free and anonymous with no questions asked.

This initiative addresses a vital public safety and public health issue. Medicines that languish in home cabinets are highly susceptible to diversion, misuse, and abuse. Rates of prescription drug abuse in the U.S. are alarmingly high, as are the number of accidental poisonings and overdoses due to these drugs. Studies show that a majority of abused prescription drugs are obtained from family and friends, including from the home medicine cabinet.

In addition, Americans are now advised that their usual methods for disposing of unused medicines – flushing them down the toilet or throwing them in

the trash – pose both potential safety and health hazards.

Once again, as ISP is partnering with the DEA, unwanted medications may be dropped off at any Indiana State Police Post, except for the Toll Road Post. The event will be from 10 a.m. to 2 p.m. on Saturday, April 27.

To locate the State Police Post closest to your home or business, [click here](#). To find other locations in Indiana or across the U.S. that are participating in the Drug Take Back initiative, [click here](#).

### Meijer Pharmacies to collect unused medicines

#### The REPORTER

The year's first of two National Prescription Drug Take Back Days will take place from 10 a.m. to 6 p.m. on Saturday, April 27, and Meijer pharmacists are prepared for an influx of customers to come in and dispose of their unwanted, unused, and expired medications.

Meijer first participated in the national program in February 2019 and has since collected more than 165 tons of unneeded medications in easily identifiable

kiosks near each of its in-store pharmacies. In 2023, Meijer customers returned nearly 90,000 pounds or 45 tons of unused/unwanted medications from proper disposal.

At Meijer, every day is drug take back day. Customers can access the kiosks year-round for disposal of over the counter and prescription medications, including controlled substances, during normal pharmacy hours, no questions asked. Items not accepted as part of the pro-

gram include needles or other sharps, inhalers, mercury thermometers, medications that contain iodine, and illicit drugs. Assistance is available, if needed.

This is the 26th National Prescription Drug Take Back Day, which aims to provide a safe, convenient, and responsible means of disposing of prescription drugs. Meijer encourages its customers to take advantage of the program.

# The GOAT's grand reopening set for May 4 in Midtown Carmel

## TODAY'S BIBLE READING

### THE SECOND JOURNEY TO EGYPT

Now the famine was still severe in the land. So when they had eaten all the grain they had brought from Egypt, their father said to them, "Go back and buy us a little more food."

But Judah said to him, "The man warned us solemnly, 'You will not see my face again unless your brother is with you.' If you will send our brother along with us, we will go down and buy food for you. But if you will not send him, we will not go down, because the man said to us, 'You will not see my face again unless your brother is with you.'"

Israel asked, "Why did you bring this trouble on me by telling the man you had another brother?"

They replied, "The man questioned us closely about ourselves and our family. 'Is your father still living?' he asked us. 'Do you have another brother?' We simply answered his questions. How were we to know he would say, 'Bring your brother down here?'"

"I am thrilled to be joining the Hamilton Heights community and look forward to growing the Girls' Basketball program at all grade levels," said Trimpe. "I am excited for the opportunity to positively impact the student-athletes and use

basketball as an avenue to help them grow as young women, students and members of their community.

As a program, we look forward to building on the rich tradition and foundation established by teams before us while striving to continue the Husky legacy. Thank you to Mr. Mason and Mr. Ogden as well as Dr. Arrowood for this opportunity."

# Overton signs with Wabash College

**Submitted**

Tyler Overton, Hamilton Heights senior, has signed a letter of intent to play football for Wabash College in Crawfordsville. Wabash College is a member of the North Coast Athletic Conference (NCAC) and a NCAA Division III athletic institution. He is the son of Julie and Matt Overton.

"The connections that students have with each other, their professors, and the alumni is what inspired me to choose Wabash College," said Tyler Overton, who plans to study economics and business with the goal of a career in corporate or personal finance. Wabash, a small, private liberal arts college, will give Overton a high-quality education, opportunity to play football, and incredible opportunities after graduation. The college is often ranked on "best" lists including Highest Alumni Salaries, Best Alumni Network, Great Professors, Great Classroom Experience, Great Financial Aid, Great, Career Services, Best School for Internships, and Happiest, Most Successful Alumni.

Overton is a multi-sport (football, wrestling, and track and field) student athlete who excels in

the classroom and on the field, track, and mat. He is a member of Student Government and the National Honor Society. He was recognized as an Academic All Star in wrestling and football helping to bring Heights a Class 3A Hoosier Conference championship win in 2023. He also holds down a part-time job.

Overton has been passionate about football for as far back as he can remember, playing from the time he could pick up a ball. Ongoing training and commitment to a rigorous weight room routine has been key to developing his skills, strength, and ability to make valuable contributions on his teams.

He credits his parents as being instrumental in his success through their continuous encouragement and support. Being surrounded by competitive friends and teammates pushing each other to be better has also been a plus in Overton's journey to take his game to the next level.

"Tyler has been an intricate part of the Husky football program for the past four seasons," said John Kirschner, Hamilton Heights Head Football Coach. "His commitment to the process of off-season

development allowed him the opportunity to be one of the top corners in our conference. He loves the game of football and has been a huge component of our success on defense the past two

seasons. Tyler's aggressive style of play along with his knowledge of the game has made him a dynamic player in multiple facets of the game. He will definitely be missed, and we wish him

the best at Wabash!" "Tyler has been one of those quiet, steady players who has provided a major contribution to the recent success of the football program," added Hamilton

Heights Athletic Director Kurt Ogden. "His coverage in the secondary will be sorely missed next year. We wish him the best as he continues his football career at Wabash College."

# Kuhn signs with Cornerstone University

**Submitted**

Isaac Kuhn, Hamilton Heights senior, has signed a letter of intent to wrestle for Cornerstone University in Grand Rapids, Michigan. Cornerstone, a private Christian College, is a member of the Wolverine-Hoosier Athletic Conference (WHAC) and a NAIA athletic institution. He is the son of Brian and Virginia Kuhn.

It was the welcoming environment and feeling like the team was family that sealed the deal for Kuhn to continue his studies and wrestle at the collegiate level. Kuhn, who is as strong in the classroom as he is on the mat, plans to pursue a degree in sports management to ultimately pursue a career as an event manager for a professional team.

Kuhn is a Team Indiana All-Star, named to the Academic All State Team and Academic All American twice, a state qualifier, and a three-time sectional champion. He is the president of the HHS National Honor Society, a member of Huskies for the Cross (HFC), Arcadia Christian Church, Soccer, and Husky Wrestling Club.

Kuhn said he has been passionate about wrestling since the sixth grade putting

in the time and sweat equity to build his skill and strength on the mat over the next seven years. He credits middle school wrestling coach, Rodney Case, as being important to his development as a wrestler. Kuhn met Case in middle school year and said he [Case] has continued to be an inspirational influence on his wrestlers.

"Isaac represents Hamilton Heights High School's Wrestling Program as one of the best scholars to participate in the sport," said Hamilton Heights Athletic Director Kurt Ogden. "He is a two-time National All-Academic selection and has earned several more academic accolades as well. On the mat, he has earned over 100 career wins and recently participated at the state finals. On top of all that, Isaac is one of the most polite and respectful young men I know. Cornerstone University should feel privileged to get an individual the caliber of Isaac to represent their wrestling program."

Gary Myers, Hamilton Heights Head Wrestling Coach, agrees. "Isaac is another academic success who just happens to be a great wrestler! Isaac will thrive at the next level as he has done his work on and off the mat!"

# Meet the Candidates

Dear Readers,

It's primary election season, and we have a fine selection of candidates for you to get to know.

In these pages you will read all about the candidates who have chosen to respond to The Hamilton County Reporter's request to share their information and help you make an informed decision at the polls on or before May 7. Candidate information is presented as it was submitted.

The Reporter takes no responsibility for any typographical, grammatical or factual errors. These are the candidates speaking to you in their own words (or in the words of duly designated campaign staff). The only edits we have made have been to cut down those statements that were submitted over the 200-word limit we set to ensure everyone had equal space in our pages.

Candidates vying for the same office are grouped together in a shaded box.

Sincerely, The Hamilton County Reporter

## COUNTY

### Robert (Bob) Bragg

Republican for Hamilton County Treasurer

My objectives:

1. Maximize return on investments with minimal risk:

Hamilton County's rate of return was 3.95% in 2023 and 0.99% in 2022 compared to 5.30% and 1.48% for the State of Indiana's Investment fund (www.TrustIndiana.in.gov). Matching the state fund would have resulted in an additional \$8.7 million in investment income over 2 years.

2. Adopt benchmarks to evaluate investment performance:

Currently, there is no stated benchmark for investment returns. I will adopt the US Treasury three-month Bill ETF (TBIL) and the "Trust Indiana" fund as our benchmarks to properly evaluate performance.

3. Increase transparency in investments:

Currently, there is no data on invested funds on the Treasurer's web page. I will post investment returns and investment composition every quarter.

4. Increase adoption rates for E-billing of property tax statements:

The Treasurer mailed 125,000 paper copies of property tax bills in 2023. E-billing has been available for 12 years but I do not believe it has been communicated effectively. I believe we can save over \$50,000 a year by reducing paper statements.

I am a lifelong investor and a fiscal conservative with over 30 years' service to Hamilton County. I am a 1989 graduate of Taylor University.

Connect with Bragg on Facebook.

### Susan Byer

Republican for County Treasurer

Susan Byer is a lifelong Hamilton County resident who has served Hamilton County for over 18 years in the Treasurer's office. She is the current Hamilton County Treasurer. Along with her role as Treasurer she has continued to serve her community as the 4-h Horse & Pony Project Superintendent and Hamilton County Horsemen's Club President.

In the last 4 years as Treasurer Byer has changed print vendors for County Tax Statements that saved the county \$15,150 in 2021.

Byer manages 35-40 accounts within state statute throughout the year with safety and liquidity as a priority. Her adept ability to invest have earned the County \$19.7 million in interest income in 2023 alone. Her average of 3.95% last year includes all County accounts. Investment accounts ranged from 4.9%-5.69%, well above TrustIndiana's 2023 YTD average of 5.04%.

As Treasurer she completes a Monthly Treasurer's Report and an Annual Investment Report that is accessible to the public on the County's website.

Byer puts the public first and is always available and willing to answer questions. Her experience, integrity, and customer service makes her the best candidate this year.

Please cast your vote for Susan Byer for Hamilton County Treasurer on May 7th.

I will show my gratitude for your vote by working long hours with grit and determination to find solutions to issues that affect your daily life. I am pro-life, pro-business, pro-family, and pro-first responders and I will stand strong to protect each group. You may see me knocking on doors introducing myself to voters, or meeting with business owners, elected officials, residents, or community leaders to learn their concerns, or perhaps at a school board meeting where our work affects the \$160 Million Dollar budget, 10,300+ students and 1500+ employees.

My husband Jim and I love Noblesville and living close-by to many of our children and grandchildren!

He is ready to put in the work as the Democratic candidate for Indiana House Representative, District 29 (Noblesville and part of Fishers).

Dr. Hartig worked 15 years in the mortgage and finance industry and spent the last decade as a Management and Leadership professor at WGU Indiana, supporting working Hoosiers to upskill to earn training and certifications to improve their lives. **Joel Levi***Democrat for State Senate District 20*

Joel was born and raised in Anderson, Indiana. He attended Anderson University where he met his wife Megan. After getting married they lived in Nashville, Tennessee from 2013-2020. Upon moving back home, they settled in Cicero, Indiana where they now live with their five year old son Mitchell. Joel's son currently attends the Little Huskies Pre-K at Hamilton Heights.

Megan and Joel have always had a heart for healthcare. His wife is a nurse practitioner at Community Health. Joel is a pharmacy technician in the Coumadin Clinic and Outpatient Pharmacy at Riverview Health in Noblesville.

Levi is running for State Senate so that our children can live in the Indiana they deserve. This starts with our kids feeling safe at school. The simplest way to ensure this is with common sense gun laws.

If elected into the Indiana State Senate, Levi's top priority would be spearheading legislation so that Democrats and Republicans can join together to keep our Hoosier children safe. His goal is to reach across the aisle and find Republican legislators that believe in the Second Amendment, but that also believe in requiring background checks at gun shows and on third party sales.

**Stephanie Jo Yocum***Democrat for State Representative District 88*

Stephanie Jo Yocum was born and raised in Marion, Indiana and attended college at Hanover College in Hanover, Indiana. A daughter of a school teacher and a police officer, public service was a consistent feature of Stephanie Jo's upbringing. She proudly followed her parents' example, by joining AmeriCorps after college.

Stephanie Jo's career has centered around public service, with over 20 years in leadership roles for large non-profits focused on healthcare and education. Stephanie Jo is the Chair of the governor-appointed commission on volunteerism and service, Serve Indiana, and a member of Chief, a national network that connects and empowers women leaders. She currently resides on the northeast side of Indianapolis with her spouse, Jim and daughter, Betti.

Stephanie Jo is running for State Representative because she believes Indiana needs more balanced and fair representation in the Statehouse. Indiana's current representation reflects the most extreme ideas and beliefs of its harmful supermajority; it does not accurately reflect the people of Indiana. Stephanie Jo is dedicated to providing access for all to quality education and healthcare. She will work to strengthen reproductive rights and public safety. She will be a fair and honest voice for all Hoosiers.

**Brad Chambers***Republican for Governor*

Hoosier-born and raised and the only conservative candidate for governor who has never run for office before, Brad Chambers started a business to help pay his way through college at Indiana University. Over the past 40 years, he has grown that business from its first rental property into a multi-billion dollar real estate portfolio and employs hundreds of Hoosiers.

Brad recently concluded a two-year tenure as Indiana's Secretary of Commerce, where he stepped away from his business and crafted a strategic plan that ushered in unprecedented committed capital investment and tens of thousands of jobs paying wages 30% higher than any time in state history – for only \$1 a year. As Secretary of Commerce, Brad also oversaw quality of life investments in communities across the state through the READI program and placed a renewed focus on entrepreneurship and small businesses. He and his wife, Carol, are parents to their son, Nick.

**Suzanne Crouch***Republican for Governor*

Suzanne Crouch will lead the fight to eliminate our state's individual income tax, address Indiana's mental health crisis, and fight the criminals and drug dealers who are killing Hoosiers.

"Axe the Tax" is Suzanne's plan to put more money back in Hoosiers' pockets, reduce the burden of Bidenflation, create jobs, and grow Indiana's economy.

Suzanne will never forget or abandon our most vulnerable Hoosiers. She is co-founder of the Indiana Mental Health Roundtable and received the 2024 Mental Health America of Indiana Government Leader of the Year award.

As governor, Suzanne will work to secure the border, battle the fentanyl epidemic, and treat drug dealers like the murderers they are. She also will never turn her back on our law enforcement professionals.

Suzanne is the only gubernatorial candidate who has received the endorsement of more than 170 grassroots leaders in Indiana – including more than 25 law enforcement elected officials. Suzanne also received the endorsement from Indiana Right to Life and an "A" rating from the National Rifle Association.

Having an incredible depth of experience and knowledge from local government to statewide leadership, Suzanne has served in numerous offices at the executive, legislative, and local levels.

He and his wife, Brooke, have two children who attended Westfield public schools.

Matt first ran in 2022, when his campaign connected with more than 30,000 voters on their doorsteps. Matt is ready to start working together for Indiana.
